Inquiry Will Be Made.

We understand that the Committee appointed at a meeting of representative citizens of a leading denomination on Monday afternoon to confer with the heads thereof, in regard to commissions in the Newfoundland Regiment waited upon them during yesterday afternoon and set out such facts in relation thereto as were in their possession, suggesting that a full inquiry be made into the matter, to ascertain if the fact that out of fourteen nominees for commissions there was not a member of this denomination, was due to discrimination by some parties unknown or to the accidents incident to the organization at Ayr. Those to whom the proposal was addressed, after having considered the matter, announced that they would take steps to act along the lines indicated, and it is learned to-day that the necessary procedure is being immediately initiated.

Aged Vagrant Found in Starved State.

Jack Quinn, a vagrant of many years standing, released from the Penitentiary only a few days ago, was found by the police last night in a starved and fatigued condition and was brought to the lockup where he was given lodging and food for the night. This morning he appeared before court charged with vagrancy. He felt strongly opposed to going to jail this time, contrary to his usual opinion, as he believes that with the advent of fine weather he can get work and is able to do it, despite that he is over 70 years of age, during which period he underwent much hardship and privation. The old vagrant was therefore let go to fight his hard battle.
