The Copper Issues!

The fact that the copper market is disappointingly slow, does not mean that these stocks are not purchases. We go on record as saying that this Fall, practically all the good copper stocks will have appreciated several points and wise investors will accumulate them now at the low.

The coppers will have an innings before this bull market is over, despite present temporary weakness.

CAST THE LEAVES

Into the boiling water, instead of pouring the boiling water over them—this is the interesting new way of making tea. Have you tried it?

Fill a saucepan with fresh water. Bring it to a boil. Remove the cover and toss some Blue Bird Tea into the boiling water. Replace the cover and remove the saucepan immediately.
