

Our Ready Roofing

"Brantford Asphalt Roofing"

is the only Roofing accepted in this country by the Board of Fire Underwriters, and the St. John's City Council, as a first class. Why? Because it is Fire Proof, having stood the most severe tests successfully; it is a pure Wool Felt, coated with Asphalt, and on both sides with Silicate.

They are the original and only successful makers of Slate Surfaced Roofing, which surface cannot be rubbed off.

We stock "Brantford Asphalt", Leatheroid, Crystal (Red and Green), Slates, single and slab, four in one.

Your Face Is Your Greatest Asset.

Ladies who value their complexions invariably select Richard Hudnut's Three Flowers Vanishing Cream as a skin food and beautifier. It contains the most pure ingredients and gives a real youthful appearance to the skin. You will love Hudnut's Vanishing Cream—it is a little more expensive than ordinary kinds, but it is worth a whole lot more.

The Will

There comes a time in the life of every man when he must leave his worldly possessions to the care of another. In anticipation of this, therefore, the first obligation resting on an individual who is possessed of property is the making of a will, and this should be done before the capacities become impaired by time or the ravages of disease.

THE MONTREAL TRUST COMPANY will act as Executor for Estates large and small. It is thoroughly equipped to efficiently and economically undertake the administration of Estates and will carry out the intentions and desires of the Testator, bearing in mind at all times the best interest of the Estate.

TO-DAY'S MESSAGES.

GREECE WILL NOT YIELD THRACE.

ATHENS, Sept. 22.

Greece will never permit the Turks to invade Thrace, which she considers part of her homeland, and the retention of which is an essential preliminary condition to any peace conference. This declaration was made in a statement to the Associated Press by the Greek Foreign Office to-day.

"We have lost Asia Minor, but we must keep Thrace," is the statement.

"Our army in Asia Minor, which has been fighting for ten years is absolutely exhausted, but the Greek Nation will never permit the Turks to invade Thrace, which we consider home territory. We have demobilized military classes 1912 to 1918, but citizens available for Thrace, should be 100,000."

Turks to cross at Constantinople. Unhappily we lack ammunition, artillery and general equipment. The Smyrna massacre speaks for itself. Greece is a defenseless civilization. Internally Greece is quiet. There is absolutely no danger of a revolution. Foreign reports of the existence of our troops that they be returned, instead of being demobilized on the islands. But these weary men have no revolutionary designs; they only wanted to go home. We found that out when we sent our Athens army, as a precaution, to Phloea immediately some returned soldiers exclaimed sadly, "what are you treating us as weary patriots as enemies?" Our King remains in the palace, the people demanded him, and wanted him. By what right shall any foreign nation interfere with the expressed will of the Greek people?"

LABOR'S DEMAND.

LONDON, Sept. 22.

The attitude of the British Labour Party toward the Near Eastern situation is succinctly set forth in a cable message to Australia and New Zealand Laborites. "British Labor is opposed to any war in the Near East, and believes the only way of avoiding it is by reference of the dispute to the League of Nations, in which Turkey, Russia, and Germany should be included. We are strongly opposed to Great Britain acting individually, and demand settlement by discussion and agreement."

NATIONALISTS SEIZE TOWN.

CONSTANTINOPLE, Sept. 22.

Turkish Nationalists have seized the town Ezine on the Asiatic side of Dardanelles, and are threatening Kum Kaleh. Important key position on southern side of Straits. Nationalists move, in the opinion of naval experts here, will enable the Turks to prevent free ingress to Dardanelles of British Atlantic fleet, units of which are on the way from Malta. Important positions involved, were, up to to-day, occupied by French and Italian, and from them heavy Turkish batteries can command entrance to the Straits. A small town in the valley of the Meander River, in Zigha District, south of Dardanelles, and less than twenty miles from Kum Kaleh, the last town which Nationalists are threatening is on the waterway itself, almost at the entrance to Straits from the Aegean. Both places are within the zone of neutrality laid down by the Treaty of Sevres, but it is uncertain from available data whether Ezine is within the Military Zone of Neutrality proclaimed in May, 1921. There would appear no doubt, however, that Kum Kaleh is within the latter zone, against the invasion of which a warning was issued in Constantinople to-day by the British general, Harrington, Commander in Chief of Allied forces.

NEWFOUNDLANDER KILLED.

NORTH SYDNEY, Sept. 22.

Edward Fleming, 41, married, was found dead in his place in Jubilee Colliery, Sydney Mines, this morning at four o'clock. The column bar of the man's coal cutting machine lay across his abdomen. Medical opinion said he had the breath knocked out of him by the blow, and that the weight of the machine gradually suffocated him. It is supposed he was setting the machine to make a top cut and stumbled, causing it to fall on him. He was a native of Newfoundland and is survived by a wife and five young children.

DUE AT DAYLIGHT.—The Furness Withy Co. received a message to-day stating that S.S. Digby would arrive in port at daylight to-morrow.

Tennis Closing.

TOURNAMENT PRIZES PRESENTED.

The official closing of the Newfoundland Lawn Tennis and Croquet Club took place yesterday afternoon, when the prizes won in this season's tournaments were presented. The courts will, however, remain open for play while weather conditions permit. A large number of members were present during the afternoon. The prizes were presented by Mrs. W. Angus Reid and were as follows: Ladies' Single (Championship)—Miss Vera Windeler. Ladies' Single (Championship)—Miss E. B. Bartlett. Mixed Doubles—Mrs. H. A. Oulterbridge and Mr. A. E. Netten. Before declaring the season officially closed, Mr. W. Angus Reid paid tribute to the splendid work of Miss E. Leander, the Games Secretary, to whom, in no small part, was the success of the season due. Miss Leander was presented with a beautiful bouquet of flowers in appreciation of her services. Next year, it is hoped that a tournament for the open championship of Newfoundland will be held on the club's courts and in such an event, there should be entries from Grand Falls, Bay Roberts, Harbor Grace and Bell Island. Such a tournament would add greatly to the interest taken in tennis in this country.
