LYONS

Mrs. (Dr.) Riddell, of Bayham, spent few days the guest of Mrs. Winder. Miss Olive Wilson has returned to Wyndham Centre, after visiting Miss V. Martin.

Jas. Martin is now settled in his new brick residence, which is equipped with all modern improvements. Mr. and Mrs. Martin entertained a number of their friends on Tnesday evening, who were delighted with their hospitality.

Mrs. Jas. Mitchell, sr., is confined to her bed with a severe cold.

Mr. and Mrs. D. E. Moss entertained number of their friends very pleasantly last Friday evening.

Miss Ruby Wright is suffering from an attack of appendicitis, and as soon as she is able to be removed to the hos pital, will undergo an operation.

MALAHIDE COUNCIL

The regular meeting of the Malchide council was held in the town hall here, on Monday, all the members present The following motions were carried: Ingram-Hill-That by-law 934. to appoint poundkeepers and fence viewers,

be read and finally passed. Ingram Hare-That by law 933, ap-

pointing overseers of highways, be read and finally passed.

Hare-Ingram-That the reeve be au thorized to sign the Brown award drain on first concession.

Hare-Ingram-That Chambers be a committee to rail that part of the St. Clair drain, on rd. div. 118.

Hare-Chambers - That Ingram and Hill be a committee on the Finelling and Augustine drain, with power to act.

Hill-Hare-That the reeve and Ing. ram be a committee on Ney Chute,

drain, with power to act. Ingram-Hale-That a court of revision

on the assessment roll be held on the first Monday in June. Accounts were passed to the amount

of \$302.45. On motion of Ingram and Hill the

council adjourned to meet on Monday.

THE MARKETS

rect the Cause of This

There are few ailments that cause more genuine misery in the home than attacks which are generally termed sick headaches. The attacks are often periodical and when the mother of a family is prostrated at intervals there is not only her own suffering to consider, but the discomfort caused the other memb rs of the household. Sick beadache arises from a variety fof causes, and most of them can be reliev. ed or cured through the tonic treatm int with Dr. Williams' Pink Pills. Mrs. Hogh Docherty, Rocaville, Sask., says: 'I sufl red for years with what the doc tors called pervous prostration and sick headache. When these spells came on I could not work nor walk, and the pains in the head were almost unbearable. At times the pain in my head was so dreadful that I feared that it would drive me mad. I tried four different doctors at times, and not only took bottles of medicine, but quarts of it, but to no avail. Then I quit taking medicine altogether and tried dieting, but it made no difference. I was still an agonizing sufferer. Finally my husband urged me to try Dr. William's Pink Pills and got a supply. After taking the Pills some weeks I felt a little better and I gladly continued their use. My nerves began to feel stronger, the terrible headaches ceme with less frequency, and after tak ing the Pills for some months, disappeared altogether. From that day to this I have had no return of the trouble and all who know of my illness regard. ed my cure as marvellous. I cannot sav too much in praise of the Pills as they certainly saved me from a life of almost constant apony "

It is by building up and enriching the blood and strengthening the nerves that Dr. Williams' Pink Pills work seemingly marvellous cures, and what they have home for others they will do for all ail. ing people if given a fair trial. If you do not find these Pils at your medicine dealers you can get them by mail at 50c a box or six boxes for \$2 50 from the Dr. Williams' Medicine Uc., Brockville,

DOING GALLANT WORK.

Patricias Praised In Commons By

Premier Asquith.

Ont.

allies

LONDON, March 2.—Premier As-quith paid a high tribute to the Prin-cess Patricia's Canadian Light Infantry in the course of his speech in the House of Commons yesterday af-ternoon. He said: "Our own Domin ions and own great dependency of India have sent us a splendid contri-India have sent us a spielaria contri-bution of men, a large number of whom are already at the front, and very soon the whole of them will be in the fighting line in one of the acin the nghting line in the of the ac-tual theatres of the war. We hear to-day that the Princess Patricia's Regiment have been doing during the last few days a most gallant and effi-cient work. The territorial divisions are now fully trained and capable of confronting any troops in the world, and the new army, which lately has been under the critical scrutiny of skilled observers, is fast realizing all our most sanguine hopes

PATRIOTISM and PRODUCTION

DEODUCATION

"I would urge the farmers of Canada to do their share in preventing the people of Great Britain from suffering want or privation." HON. MARTIN BURRELL, Minister of Agriculture.

The Empire Needs Many Foods

In the past Great Britain has imported immense quantities of these staple foods from Russia, France, Eelgium, Germany and Austria-Hungary as shown by the following :-

	e Import	ts
Years	1910-1913	
Wheat	23,439,609	bush.
Oats	23,586,304	**
Barley	15,192,268	"
Corn	7,621,374	"
Peas	703,058	"
Beans	689,653	"
Potatoes	4,721,590	"
Onions	271,839	**
Meat	26,509,766	Ibs.
Eggs	21,112,916	doz.
Butter and Cheese The above n of supply of now, in the m result of the w. is looking to a large share Every individ duty to perfor	staple food nain, cut of ar. Great I Canada to of the sho ual farmer	f as a Britain supply ortage.

For information and bulletins write to

Canadian Department of Agriculture, Ottawa, Canada

Millions of bushels rather than millions of acres should be Canada's aim. That there is abundant reason That there is abundant reason to expect larger returns from the same area is conclusively shown when we compare the average production of the present time with the possible production. Note the following brief table which shows the average in 1914 and possible production per acre. Average Possible Fall Wheat. 20.43 52. Spring Wheat. 14.84 33. Barley. 16.15 69. Oats. 36.30 91. Corn, Grain. 70. 200. . 69. 91. 200. Corn, Grain Corn Ensilage-(Tons)..... 70. 19. 12. 15.33 18.79 119.40 421.51 37. 50. Peas. Beans 450. Potatoes ... Turnips...

By "possible" is meant the actual results which have been obtained by our Experimental Farms and by many farmers. These "possibles" have been obtained under intensive cultivation methods and conditions not altogether possible on the average farm, yet they suggest the great possibilities of increased production. By greater care in the selection of seed, more thorough cultivation, fertilization, better drainage, the average could be raised by at least one-third. That in itself would add at least \$150,000,000 to the annual income of Canada from the farm. It would be a great service to the Empire, and this is the year in which to do it.

Increase Your Live Stock

Breeding stock rre to-day Canada's most valuable asset. The one outstanding feature of the world's farming is that there will soon be a great shortage of meat supplies. Save your breeding stock. Plan to increase your live stock. Europe and the United States, as well as Canada, will pay higher prices for beef, mutton, and bacon in the very near future. Do not sacrifice now. Remember that live stock is the only basis for prosperous agriculture. You are farming, not specu-lating.

allies were delivered to Secretary of State Bryan yesterday by Ambassador Jusserand and Sir Cecil Spring-Rice on behalf of the French and

The announcement of yesterday on behalf of the British and French Governments that they will detain and restrain all commerce overseas with the German Empire, is accepted by high officials in Washington as tantamount to a blockade.

Should protests against the policy of Great Britain and France be regis-tered by any of the neutral powers, the allies are expected to hold that their system of blockade is entirely tenable in view of the action of Ger-many in uttering and attempting to enforce and in a measure enforcing the war zone decree. The direct effect of the general

blockade of German ports will cut off utterly the commerce of the United States with both Germany and Austria.

TO FURNISH HOSPITAL.

Institution With 1,040 Beds to Go From Toronto University.

TORONTO, March 2.- The magni-ficent offer of the medical faculty of the University of Toronto to furnish and equip a hospital of 1,040 beds, to be placed at the disposal of the British authorities in connection with British authorities in connection with the war, was yesterday accepted by the War Office. Immediately a meet-ing of the medical faculty was held, with the result that a committee was formed to complete the plans. The hospital will be the most am-bitious undertaking of this nature yet attempted by Canadians. It will re-quire a large staff of doctors and 84 trained nurses. All will be taken

quire a large staff of doctors and 84 trained nurses. All will be taken from the medical faculty of the Uni-versity and hospitals affiliated with the University of Toronto. The hos-pital will be financed by the Militia Department, aside from a laboratory, which will have to be provided for by private individuals.

advance of 50c per 100 pounds, owing to the very limited supplies coming forward, for which there is a fair demand, and sales of small lots of eves were made at \$7.5 to \$6 per 100 pounds. In sympathy with the higher prices established in the Toronto market for hogs, a stronger feeling prevailed in this market today and prices advanced 15c to 20c per cwt. Sales of selected lots were made at \$2.20 to \$3.55, sows at \$7.20 to \$7.35, and stags at \$4.20 to \$4.35 per cwt. weighed off cars.
