PEG O' THE RING

(Continued from page 8)

"Hurry girl. We must work fast." And he half dragged and half carried her through the room and up the steps to the deck above.

Jerry still had the sailors corralled on the half-deck forward Lund called out to the jockey, and when the young man turned his head to respond things began to happen with great speed.

Freed momentarily from the menace of Jerry's revolver, one of the sailors jumped to the main deck the instant Jerry turned to look back at Lund. In a twinkling the others followed, and one of them with a sudden blow felled the jockey to the deck.

Lund looked for the motor boat where Jerry had been told to make it fast. He was horrified to discover that it was not there. Taking a quick glance around he saw the boat floating at some distance from the steamer, and realized that with Peg and Jerry he was marooned.

In the few seconds that had elapsed the sailors were rushing aft. Lund drew his revolver and pulled the trigger. There was no report. Again and again he pulled the trigger, and then realized that the gun was useless.

"We must fight for it, Peg," said Lund, as he drew the girl with him behind the top of the companion-way.

Looking about for some means of protection against the onrushing sailors, Lund was only able to lay hands on two iron belaying pins, used by sailors to hold coils of rope as they were hung against the bulwarks.

Their launch adrift, Jerry lying unconscious upon the forward deck the drink-soaked sailors rushing madly upon them, Lund and Peg resolved to sell their lives dearly as they faced their unexpected peril.

ADDITIONAL LOCALS.

Corp. Cameron, of the 63rd Battery London, who last week secured 14 recruits in St. Thomas, will conduct a campaign in Aylmer this week.

Wilfred P. Warner, son of Rev. Dr. R. I. Warner, principal of Alma College, St. Thomas, along with a party of eight students of Toronto University, have joined the British navy.

Joseph Bieth, who has been in Tillsonburg for the past few months, is returning to Aylmer, and has accepted a position with Mr. Rawson, at the Brown House.

Mr. W. W. Ransom received a telegram this week, announcing that his son, Pte. J. M. Ransom, has been missing since March 15th. Pte. Ransom enlisted with the 138th Batt., at Calgary, and his father thinks he surely must have been taken prisoner.

Mr. H. S. Martindale, organist of High Park church, Toronto, of which Rev. R. J. Treleven, of the Aylmer Methodist church, is pastor, spent a few days with Mr. Carl Connor during the Easter vacation at the home of his parents, Mr. and Mrs. Matt. Connor, Springfield.

Word has been received that Mr. William L. Woolley, who recently removed with his parents from Springfield to near Woodstock, met with a serious accident, and now lies in a Woodstock hospital with a broken back. There is, we understand, no hope of recovery. No particulars of the sad misfortune are at hand.

St. Thomas Times—While at Aylmer on Saturday evening Sir Adam Beck announced that St. Thomas had been granted a reduction in the price of hydro used in the city, the reduction to be the same as London, namely, \$1 per horsepower. This places the rate at \$26 per horsepower, instead of \$27 as in the past.

Dr. C. W. Marlett, F. B. Holthby, H. S. Wegg and Miss Farley, all of St. Thomas, were in Springfield on Monday and organized a branch of the Children's Aid Society there. The committee for that district comprises Mesdames Harris, Black, Henry, Woolley, Jewett, Miss Fulton, Geo. Stewart, Dr. Thompson and M. M. Black.

A delegation representing the Federal Boards of Trade of Ontario, and the Toronto, Montreal and Winnipeg Boards, have asked the federal government to enact a daylight saving law for the whole of Canada, effective between the third Sunday in April and the third Sunday in September. Sir George Foster, acting premier, expressed his sympathy with the movement, and promised fullest cabinet consideration.

The mother of the little girl who was kidnapped from the home of her adopted parents at Vienna, a couple of weeks ago, has been located but the child is not with her. The little one is now supposed to be in possession of Mrs. C. Yorke, late of St. Thomas, but that lady cannot be traced. Mrs. Yorke's former home is a couple of miles from the city on the Gravel road, but she and her husband have been separated. The immigration officials at the western border of the province all know Mrs. Yorke, she having been deported from Detroit and Chicago for various reasons. It is thought that she and the missing child may now have reached the United States through an Eastern point.

A very enjoyable evening was spent in the class rooms of Trinity church last Monday evening, by the members of the A. Y. P. A. A measuring party had been arranged and was very successfully carried out. An admission fee of 2c. a foot for every foot of your height, up to five feet, and an additional 1c. an inch for every additional inch over five feet. The proceeds amounted to nearly \$8.00, which will be used in the Young People's work. A good programme consisting of solos by Miss Hilda Brown and Mr. J. C. Davey, instrumental solos by Miss Connie Readman, and recitations by Mrs. Jas. McNally were greatly enjoyed by all. Mr. A. H. Backus occupied the chair in his usual entertaining manner. Refreshments were served and the party was brought to a close by singing the National Anthem.

The Empire must be
Fed or we lose this War

As the District Representative of the Department of Agriculture I have orders to do my utmost, amongst other duties, to encourage production of Farm Products and particularly to assist in securing a supply of farm labour.

By a system, I report on both the available supply of labour and the local demand. If the demand exceeds the local supply I have the whole Province to draw on, through the Ontario Government Public Employment Bureaux which I represent in this District, and I will do my utmost to see that my District is supplied.

I am satisfied that if the farmers in my District who are anxious to fill a patriotic duty and take advantage of the strong demand there is and will be for every pound of food stuff that can be produced—want or will use the available labour, they can get good help by filling in, clipping out and mailing the above Coupon. But you should do it today.

The Motherland needs food.

Where is the Labour
coming from? Everywhere.

It is streaming in to us from all quarters. Thanks to the deep interest shown by the Department of Agriculture, the Public Employment Bureaux, the Organization of Resources Committee, Boards of Trade, etc., a sweeping campaign has been carried on in the Cities, Towns, etc., to arouse the people to a sense of the duty they owe to the Farmer and to themselves to place hand and mind in readiness for a call to work on the land this season.

High School boys, retired farmers, teamsters, warehousemen and business men in thousands, preferably those who were raised on farms, are being lined up.

We are taking great care to impress on them that this means work—not a holiday—and they will all understand this thoroughly. In most cases the workers will be attracted by fine patriotic motives, ready to work and work hard.

This is a sincere endeavor to co-operate with the farmers to increase food production. We know you Farmers will do your part.

Our boys at the front must not go hungry.
