

# MOB AFTER MRS. BOYLE.

### Thousand Women Threatened to Lynch Alleged Kidnapper.

### Only Saved by Strenuous Efforts of Sheriff and His Assistants.

### Man Concerned in Kidnapping Convicted in Record Time.

Mercer, Pa., May 10.—While being taken from the county court-house back to jail this afternoon by deputy sheriffs, Mrs. Helen Boyle was attacked by a mob of perhaps 1,000, mostly women, and it was only by great efforts on the part of the sheriffs, business men and several others that the mob was prevented from doing great bodily injury to the woman, who is charged with having kidnapped Willie Whitla, and who was placed on trial here late this afternoon. James H. Boyle, her alleged husband, had been convicted of kidnapping earlier in the day and he was being taken from the court-house to jail with his wife when the demonstration occurred. The mob had gathered for some hours in front of the old school-house which is doing duty as a court-house, and when the woman appeared in the custody of Deputy Sheriff Stuart, there was a rush made for her, principally by the women.

"There she is, the dirty hussy, let's get her, and hang her. We don't need any jury," screamed a big woman who seemed a leader.

"Look out, don't come near me or I'll make you climb a tree," said Mrs. Boyle, quietly, as she took a stand.

"Why don't you go home and wash your face," added Mrs. Boyle as a final shot.

The mob swarmed around the woman with loud, angry cries, and it was only with the greatest difficulty that Stuart, aided by several men, could work his way through and start on the six square walk to the jail. The women were most bitter and some of them shouted: "Get a rope and let's fix the kidnapper," at which Mrs. Boyle lunged back defiance and asserted to some of those near her that if she were turned loose by the officers she would "chase you all, two at a time."

Sheriff William Chess, who had charge of Boyle, did not tarry in the mob. He seemed of the opinion that there might be in the mob's midst a plot concealed to liberate Boyle, so he hurried him along, handcuffed, and with on hand always on the butt of his gun.

The attack on Mrs. Boyle was the finish of a most exciting day. James Boyle was convicted of kidnaping by the Court in record time. It took but one hour for the testimony of little Willie Whitla, the kidnapped boy, to convince Messrs. Anderson, Miller and Stranahan, Boyle's counsel, that he had not a word of truth in the world. They took him out of court and urged that he plead guilty, but he would not. They finally convinced him that it was unsafe to go on the stand or make any defence, and so the case was passed to the jury without any defence and a verdict of guilty was quickly reached. He will be sentenced after the trial of Mrs. Boyle is ended.

Mrs. Boyle was already in the court for her trial when the jury came in with the verdict against her husband. Neither of them changed a muscle as the verdict was received, but busied themselves looking over the jury list. When a panel was being set for the trial of the woman.

Mrs. Boyle took a lively part in picking her own jury. She seemed to have a longing toward young and married men. The jury was finally selected and one witness, Miss Ellen Boyle, sister of James Boyle, placed on the stand when court adjourned until to-morrow.

# HUSBAND GOT EVEN.

### Had Wife Arrested on a Charge of Bigamy.

Toronto dispatch: Walking out of the police court dock, where he had arrived yesterday through a charge of non-support made against him by his young wife, William Sheehan, of 4 Loggie place, strode into the office of the police clerk and swore out a warrant charging the young woman with bigamy. The warrant was executed later by Detective Cronin.

According to the police, the prisoner, whose maiden name was Ethel Hughes, was married to William Sheehan on Nov. 15, 1906. The couple separated about a year later, and on Aug. 12, 1907, Mrs. Sheehan, it is alleged, using her maiden name, married Archibald J. Meorns. This marriage, according to the police, was scarcely more of a success than her first one, and recently, it is said, the young woman made overtures, with a view to going back to "hubby" No. 1. Sheehan was satisfied with things as they were, and refused all offers of conciliation.

# WHEAT SEEDING.

### Welcome Rise in Temperature on the Prairies.

Winnipeg, May 10.—(Globe.)—Bright and sunny weather throughout the prairie provinces has changed the face of nature, and there is a fair promise that May will atone for the shortcomings of April. There is no doubt that the atmospheric conditions which prevailed during the month which has just closed were most unsatisfactory, from the agricultural standpoint, and a

great deal of warm weather will be needed in the next few weeks to bring about a normal state of affairs. April is the natural season for wheat seeding in the west, and the delay caused by backward weather counts heavily when the crop is approaching maturity. It means that harvesting is thrown over into September, and the risk of frost is measurably increased. Some people may be optimistic enough to suppose that because the spring is late the fall will also be tardy in making its appearance on the scene. This has not been the usual experience in the west, however, and, while there is no way of prognosticating what the weather is to be four months hence, it is conservative to assume that frosts will arrive at about the average time.

# UNHAPPY FRANCE.

### Government Employees Form Syndicate to Fight the Ministry.

### Labor Will Try to Place Government at Its Mercy.

Paris, May 10.—Both public sympathy and the law seem today to be clearly against the Post, Telegraph and Telephone Employees' Association, which yesterday threw down the gauge of battle to the government by transforming itself into a syndicate, or union, under the laws of 1884. This action placed the association on the same footing as the workmen's unions, and was calculated to give it the right to strike against its employer, the state.

The newspapers this morning, with the exception of the extreme Socialist organs, are unsparring in their denunciation of the step taken by the association as an act of rebellion, and they urge the government to proceed with energy and crush the insurrection before the movement engulfs the other categories of state employees.

Evidence accumulated today that the formation of this union yesterday was only the first step of a far-reaching plan of the general Federation of Labor to place the entire machinery of the government at its mercy.

The law of 1884 limits unions to professions and trade engaged in "competitive industry," and the attorney-general of the republic is expected to decide summarily that the syndicate is illegal and to order its dissolution.

As soon as this is done the organizers of the movement will be subject to heavy fines and imprisonment if they persist in meeting. The congress of road men, at a secret session held today, decided to submit the question of a general strike to a referendum and appointed a permanent strike commission.

Despatches received here from Havre, Lyons and other cities says that the Post, Telegraph and Telephone Employees' Association has voted in principle for a general strike.

# ATKINSON GOT OFF.

### One Charge of Forgery at Lewis Against Young Broker.

Quebec, May 10.—The trial of George Atkinson, accused of uttering forged notes and having them discounted at the Lewis branch of the Bank of British North America, continued over from Tuesday last, in order to have the bank's inspector, Mr. Fry, arrive from Winnipeg to give evidence for the defence was concluded this evening at 10 o'clock, when the jury rendered a verdict of not guilty.

The prisoner faintly in the dock on hearing the verdict pronounced. There are three other counts for forgery against Atkinson, and he was held for the court's decision at the close of the term in regard to trial, without bail.

# OLD LADY KILLED.

### Mrs. Elliott Was Walking on the Track Near Belwood.

Quebec dispatch: On the C. P. R. track a deep cut about half a mile from the village of Belwood, Mrs. George Elliott, a widow, who lived a mile or so from the village, was struck by a passenger train due shortly before noon and instantly killed. Mrs. Elliott, who was in her 76th year, was going to Belwood to do some shopping when she was overtaken by the train. Apparently she saw the train and left the track, but, bewildered, she got on the rails again just as the engine reached her, and she was hurled to the side of the track, being picked up dead when the train was stopped. The remains were taken to the village and the coroner notified.

# AUTOMOBILE ENEMY.

### Fortune For Masses For Repose of Souls of Motor-Car Victims.

Paris, May 10.—M. Gilbert, a retired merchant, who declining years have been made miserable by speeding automobiles, has bequeathed his entire fortune to churches in certain French cities for masses for the repose of the souls of the victims of the "diabolical machines which have poisoned my last days."

# TO SELL TRUNKS.

Paris, May 10.—In default of an arrangement for the payment of a hotel bill, the trunks and clothing of Princess Louise of Belgium, which have been seized, will be sold on Saturday, in accordance with a court order. The Princess offered to make a certain payment monthly, and claims that she was over-charged.

# FATAL FALL FROM CAR.

### The Most Photographed Boy in America Meets Death.

### He Plunges Headlong From Elevated Train in Chicago.

### Boy's Picture Seen in Street Cars, Newspapers, Etc. Everywhere.

Chicago, May 10.—Four-year old Paul Maurice Montfort, who was killed yesterday by falling through a window of a south side elevated train to the sidewalk, was known among his friends as "the most photographed boy in America."

His father, A. W. Montfort, is a photographer who does a large amount of commercial work, and whenever a firm wished a baby boy's picture to advertise its goods Mr. Montfort used his little son as a model.

Some of the firms using the boy's picture are national advertisers, and thus the happy face of the lad had looked from street cars, newspapers, magazines and bill boards upon residents of hundreds of cities and towns. One of the most widely known poses, the boy is smiling as a brand of soap powder is being shaken over him. In another notable pose he is playing with a safety razor and laughing.

Yesterday he climbed upon the seat of an elevated car, placing his hands trustfully against what he imagined to be the window pane, plunged to the stone sidewalk, thirty-five feet below, and died two hours later. His skull was her body an eggshell. The boy had just boarded the train, accompanied by his mother, Mrs. A. W. Montfort. The frenzied and screaming mother was carried to the next station by the train. When told that her boy was dead, she was with difficulty prevented from doing herself bodily injury.

# REV. CANON WELCH

### To Become Vicar of Wakefield in Actuality.

Toronto dispatch: Rev. Canon Edward Ashurst Welch, M. A., D. C. L., rector of St. James' Cathedral since 1899, Rural Dean in the Diocese of Toronto and Sub-Dean of St. Alban's Cathedral, yesterday announced the resignation of his charges here, to take effect some time in July, and his acceptance of the position of the vicarage of Wakefield, England, and the Sub-Dean of the diocesan cathedral. This move on the part of Canon Welch is a complete surprise to the members of his congregation, his friends and associates. On Sunday he will issue a letter to the congregation, giving his reasons and expressing his feelings in the matter.

Wakefield, England, is practically a new diocese, having been formed by the members of his congregation, his friends and associates. The parish has been begun here a cathedral establishment with vested canonries, and the new vicar is to be Sub-Dean of the Cathedral. In the Bishop's absence he will be head of the chapel, and he forms a link between the diocese and the cathedral. The same church is the parish church and the cathedral, and in this respect Canon Welch's position will be unique.

# THE BIG STORM.

### Bridge Wrecked at Fort William—Other Damage.

Fort William dispatch: An electrical storm, accompanied by strong wind, struck the city early this morning, increasing until about 10 o'clock, when it began to abate. At 9:30 the C. P. R. four bridge, connecting the depot with the dock and freight sheds, was carried away. The yards, which at this point are on a narrow width, were filled with cars, on which the wrecked foot bridge fell. No 2 express from the west had just arrived, and was standing under the bridge, but owing to the manner in which it fell the train escaped injury, and there was no delay to traffic.

# GALE AT PORT ARTHUR.

Port Arthur dispatch: The heaviest gale from the east in years is blowing today. The seas are washing clear over the breakwater, and tossing the boats tied up at the docks. No boats are leaving this port, and all on the lakes must be seeking shelter. The wind is blowing forty miles an hour.

# CHURCH STRUCK BY LIGHTNING.

Caledon dispatch: About 6:30 p. m. today during a heavy thunderstorm the Presbyterian Church in this place was struck by lightning and damaged to the extent of about \$200.

Chatham dispatch: A terrific electrical storm passed over Chatham and surrounding district last night, doing much damage. The dome of Chatham's Public Library was splintered by lightning, causing a chasm seven feet long and one foot wide. The lightning was grounded by an electric wire, which prevented a conflagration. Joseph King's barn in Dover was destroyed with all its contents, with a loss of about \$4,000. Many other barns are reported destroyed.

# SHUT POWER OFF.

Damaged Toronto Transmission Line and Terminal Station.

Toronto dispatch: What is known to electrical engineers as an "opening up storm" broke over the city and vicinity last night, and cut off the supply of

# Niagara power.

The city was in darkness for about fifteen minutes just before 9 o'clock, and at the same time the street car lines were at a standstill. There was another break just after the hour, which tied up the cars again and shut off the light till nearly 10 o'clock. About midnight there still more trouble for about ten minutes. The primary cause of the trouble was lightning on the transmission line, but the unusual delay experienced in getting things righted again was due to damage done to the transformers at the terminal station on Davenport road.

The lights went out in the theatres, but not till after the performances were well under way. Instead of electricity gas was used at the foot-lights and the performances proceeded with. Candles had to be used in the box office of some of the theatres. Some of the hotels and restaurants brought auxiliary gas plants into service when the supply of electric power was cut off. The newspaper offices down town were without light and power while repairs were being made at the terminal before, light was supplied to north end residences in close proximity to the terminal station damaged by the lightning.

MISS DORINDA BOWMAN.

Petoskey, Mich., May 10.—One of the American missionaries who is in danger at Hadjin, Turkey, is Miss Dorinda Bowman, of this city, representing the Methodist Church in the Inter-Denominational Orphan School there. Miss Bowman is the daughter of Benjamin Bowman, a local jeweler. She left in January for Turkey. She is 28 years old. According to dispatches, the five American missionaries at Hadjin are in danger of assassination at the hands of the religious fanatics.

# MORE DAYLIGHT.

### Cincinnati Proposes to Move Clock Ahead Two Hours.

Cincinnati, May 10.—The Daylight Association was organized at a meeting held at the Queen City Club last night by prominent Cincinnatians, who are planning to carry the agitation for more daylight to the remotest parts of the country, and to bring the matter before President Taft, Congress and the Post Office Department and railroads.

The plan comprehends the moving of the clock two hours ahead for the period of the year between May 1 and October 1, this having the effect of bringing two daylight hours into the leisure period of the day, and is intended to conform in a measure to the system adopted some time ago in England. A committee on national publicity was arranged for.

# INDIAN CONSPIRATORS.

### Eighteen of Them Sentenced in Court at Alipur.

Calcutta, May 10.—Sentences were handed down today in the court of Alipur, a suburb of Calcutta, in the cases of the thirty-five natives who were arrested here last summer charged with complicity in the Anarakti conspiracy of 1907.

Two of the men were condemned to death, ten to transportation for life, three to transportation for ten years, three to transportation for seven years, while seventeen were acquitted.

Ashutosh Biswas, a public prosecutor, who was engaged in the conduct of these cases, was shot dead in the Alipur court last February.

# ATTENDS EX-NURSE.

### Osler Delays Visit to His Friend and Hastens to Mrs. Opie's Bedside.

Baltimore, Md., May 10.—Dr. William Osler, the noted physician, arriving in New York last week on his annual trip to visit his brother in Canada, learned that Mrs. Eugene L. Opie, whom he had before his marriage often called in as nurse in his most delicate cases, was ill at her home in Larchmont. He immediately changed his plans and hastened to the bedside of Mrs. Opie, who was being attended by Drs. J. M. L. Timney and Howard A. Kelly, two of the leading surgeons of Hopkins Hospital staff. The three physicians worked hard, but death won.

# ZEPPELIN'S TRIP.

Munich, May 10.—Count Zeppelin said in an interview here this afternoon that his proposed airship trip from Friedrichshafen to Berlin would be undertaken before long, but as the journey depends on weather conditions he was unable to name the date. The trip was suggested by Emperor William.

# STOLE PEST HOUSE BEDS.

Alton, Ill., May 10.—The Beds and furnishings of the Alton pest house were stolen yesterday by burglars, who broke into the unoccupied building. The city authorities now fear an epidemic of smaltz, as it is expected the beds and coverings will be sold.

Being on a diet is merely a case of a doctor finding out the things a man likes and forbidding him to eat them.

# HALIBUT BEDS.

### U. S. Fishermen Protest Against Canada's Action.

### The Halibut Are Practically All in Canadian Waters.

Washington, May 10.—Heate Straits, in the Queen Charlotte islands, which have recently come into new notoriety on account of the seizure by a Canadian Government cruiser of an American fishing schooner, are, according to the statement of an official of the Bureau of Fisheries, the main source of supply of halibut for the Puget Sound, Washington, market, and the large eastern market furnished from that point. Their closure to American fishermen by the Canadian Government would practically put an end to this large industry which has become developed at Seattle and Tacoma.

It is estimated that 14,000,000 pounds of halibut are taken from Heate Straits annually, more than half of which finds its way to Puget Sound for consumption or re-exportation to the Eastern States. The only halibut banks to which the American fleet might turn in case Heate Straits are permanently closed to them are off Cape Flattery, on the extreme western point of the State of Washington, and at a point in southeastern Alaska some distance above Dixon Entrance and considerably farther removed from the American market than Heate Straits. Neither of these grounds, however, are in any way equal to the Heate banks, and would do little more than supply the local market.

Heate Straits, at the southern end, reach a width of twenty-eight miles. At the northern end it is a question of very fine figuring to determine whether or not they reach a greater width than six miles. Measuring from the headlands there seems to be little doubt, according to official statistics, that the span from shore to shore is not more than six miles. Measuring from the mainland, it might be found that through the centre of the straits is a narrow strip which is more than three miles from either shore. It is a settled international proposition that the jurisdiction of a State extends over the waters of its coast for a distance of three miles. Heate Straits, lying between Canadian shores, and being scarcely more than six miles in width at the point in controversy, could clearly be considered closed in this vicinity.

The narrow strip which might be considered open water, however, is immaterial to the halibut industry of either country. The halibut do not frequent the centre of the straits, but run in nearer the shores. It is practically conceded that they are not to be found in the straits except within the territorial range of the Canadian Government.

Fishing disputes have always been among the principal matters of difference between the American and Canadian interests. Heate Straits have brought into dispute at two or three previous times, but aside from the exchange of indecisive notes between the two governments nothing has ever come of the difficulties. The later misunderstanding, however, is of a more pronounced nature, and will undoubtedly lead to some sort of an agreement between the conflicting interests.

# PRAIRIE FIRES.

### Four of Family in Critical Condition With One Dead.

Swift Current, May 10.—A disastrous prairie fire has raged about forty miles north the last two days. A family named Klien were burned out and four of them are in a critical condition. A child perished in the flames. South about 25 miles the entire township is burned over and only a few thousand acres of pasture left. The fire started from a German village, Johannes Hadick, 64, a Hollander, under fighting flames, can't be found. Mounted police are so busy prosecuting fire cases that they cannot attend to all complaints. Sergt. Boyle's men are played out. Hay is scarce and new settlers are deprived of pasture.

# PROULX CHARGED.

### THOUSAND-DOLLAR BRIBE MENTIONED AT MONTREAL.

Said the Vendor of the Police Station Land Had to Pay Alderman Before the Sale Was Put Through—Excess Price Paid for Land.

Montreal, May 10.—The first direct charges of bribery brought out since the opening of the civic Royal Commission were made this afternoon, when one of the witnesses declared that he had been informed by the man who sold the site for No. 12 police station that he had had to give \$1,000 to Chairman Proulx, of the Police Committee, as a condition to selling property to the city. This statement created a tremendous sensation in the court, and the witness was sharply cross-examined as to it, but stuck persistently to his story.

This point was made by Fred Leclaire, manager of the Theatre Royal. He swore that he had been living as a tenant of Pierre Leclaire, the owner of the property which was sold to the city for the new police station. Pierre Leclaire, he said, had frequently consulted him regarding the sale, and had told him that a condition was that if the city bought the property he was to give \$1,000 to Ald. Proulx as a personal gift.

Pierre Leclaire in his examination did not mention this, but stated that he had sold the property to the city for \$16,225, and had deposited \$12,000 in the bank in his wife's name, using the old \$4,000 to pay off a mortgage on the property. Fred Leclaire, however, swore that

# CHATHAM NEXT.

### Presbyterian W. F. M. S. Election of Officers.

Ottawa despatch: The next annual meeting of the Presbyterian Women's Foreign Missionary Society, western division, will be held in Chatham. This was decided on at the morning session of the convention in the Bank Street Presbyterian Church. Hereafter all the associate societies will have representation on the Presbyterian Board such as enjoyed at present by the regularly organized branches of the W. F. M. S.

The question arose as to whether the auxiliaries who do not do their work along the regularly appointed lines should have the same representation in the W. F. M. S. as the regular societies. On motion the question was laid over until the next annual meeting.

Officers for the ensuing year were elected as follows: President, Mrs. Shortreed; Vice-Presidents, Mrs. McLaren, Mrs. Telfer, Mrs. A. Jeffrey, Mrs. G. H. Robinson and Mrs. J. C. Robertson; Recording Secretary, Miss E. C. Clark; Corresponding Secretary, Miss Martin; Treasurer, Miss George.

# CHAPLAIN SUICIDES.

### Rev. A. W. Behrends Takes Poison in Illinois School.

Galesburg, Ill., May 10.—Rev. Arthur W. Behrends, chaplain and teacher at St. Alban's School, Knoxville, committed suicide early today in his apartments at the school building by drinking carbolic acid. Leaving his wife, who was asleep, he arose, drank the acid, and then in agony informed her of the act. She immediately called a doctor, but his services were of no avail.

At the inquest it developed that Behrends had recently suffered from despondency because he was to leave St. Alban's next year. He came to St. Alban's from Toronto four years ago, and had an extensive acquaintance in Episcopal circles.

# THEODORE BRUNING, A SASKATCHEWAN FARMER LOST HIS LIFE.

Moose Jaw, May 6.—The body of Theodore Bruning, a farmer, who lived about eighty-five miles south of Moose Jaw, reached the city this morning. He had lost his life in a prairie fire, which started near Limerick on Monday, and bore westward with terrible rapidity. Bruning's own place was well protected, and he rushed over to help save the life of a neighbor by starting a back fire. The main fire came on so rapidly, however, that before he could get to a place of safety the flames were upon him. The unfortunate man lived through the night, but died Tuesday morning. He was 38 years of age, and had been in the country less than a year, coming from Minto, N. D. He was starting farming on a large scale, having two sections of land. He leaves a widow, but no family.

# RIVER DIVERS DROWNED.

Sussex, N. B., despatch:—A double drowning took place in the Big Salmon River this afternoon, when Jas. Proctor, of Shepody road, and Melbourne Peters, of Sussex, who were stream-driving, were swept away. It is thought that the opening of the gates of the dams on the river caused a big rush of water, which carried the men off their feet.

# SHOWS DECLINE.

Washington, May 10.—Measured values of merchandise imported and exported, as compared with those of the year ago, trade conditions in practically all sections of the commercial world show a decline, according to a report of the Bureau of Statistics, issued today.
