## WESTERN ONTARIO

### Accident at a Football Match in Bruce.

### Kicked to Death by a Horse—Veteran Orangeman at the Stratford Demonstration.

While a football match was being played at Allenford between Park Head and the home team, Wm. Dickey, one of the players of the visiting team, had one of his legs broken in two places.

An exchange says that Mrs. Eliza J. Gregory died intestate at Toronto, leaving \$1,189, administration of which is desired by her sister, Mrs. Mary A. McMenemy, of Kincardine township.

The stores of Pequet & Co. and Page & Desrosiers, Sandwich, have been raided and large quantities of liquor found in each.

There were 84 deaths, 133 births and 243 marriages in Windsor during the half year ending July 15.

A few days ago Postmaster Parks, of Amherstburg, received a letter from C. Sigmond, a Chicago undertaker, stating that a man had been killed there, and he was to be buried in the morning. Sigmond believed that the man was the late husband of his daughter, Mrs. Sigmond, who was living in the burg, but had not been home in years. The body was brought to Amherstburg.

Mrs. Betty Babcock, relict of the late James Babcock, died at the residence of her daughter, Sparta road near Union, on Friday night, of dropsy, in her 87th year. She was born near Hamilton and came with her late husband to Yarmouth several years ago. She leaves three daughters, Mrs. W. V. Sparta road, Yarmouth; Mrs. Street, Palmyra, and Mrs. Jarvis, of Delaware village.

C. T. Rennie, who has so acceptably filled the position of manager of the Western Bank in Tilburg, will be promoted to the position of inspector.

Arthur Simpson, living near Wingham, a highly respected farmer, was killed last week near that town by a C. P. R. engine as he was crossing the track. His daughter was to have been married the next day. He was injured at the same crossing two years ago when a locomotive ran into and smashed his leg.

The Orangemen of Watford have passed a vote of thanks to the volunteers in Montreal who protected the Christian Endeavorers in the recent trouble.

James Lonsdale, son of Wm. Lonsdale, more, con. T. Hooke, was killed by a horse the other afternoon while he was fixing the whiffletree. He was unconscious when found by his father two hours later. Mournful the latter's name was expired.

On Tuesday, June 23, the body of a man was found floating in the river near Moore's town, by James Stockdale, fisherman, at that point. The body remained unidentified, and was interred in the cemetery at Moore's town on the 24th, by Undertaker Neyle of that place. The other day suspicion was aroused that the dead man might be Wm. Wale, of Sarnia, who was missing. The belongings found on the body were identified as those of Wale, and it was learned that he had hired a boat to row from Sarnia to Port Huron on June 5. It is supposed that on leaving Port Huron to return to this side, Wale's boat was run down by a passing vessel and that he was drowned. Wale was about 23 years of age and was well known residents of the town, who recently removed to Chicago.

Joseph Gillespie, a familiar figure about Petrolia, lost his life on the Hammond & Dele property, Durham Creek, last week by being struck with a pole.

Ralph Caldwell, the 18-year-old son of a Cincinnati family summering at Huronia Beach, had a narrow escape from drowning last week. He was unable to swim but was holding onto a boat and splashing in deep water opposite the beach. Suddenly he lost his hold and went down like a stone. A young man named George Dean noticed the accident, rowed out to where the boat was, and after looking some time saw Caldwell lying on the bottom of the lake. He plunged in and succeeded in bringing him to the surface. It took the doctors two hours to resuscitate him.

Hon. Thomas Greenway, Premier of Manitoba, who was visiting at Exeter last week, and two small boys narrowly escaped serious injury. They were returning from Centralia, and when within about a mile of Exeter, the horse took fright, and made a dash for the ditch, and upset the rig and occupants. Mr. Greenway alighted on his head and arm, receiving a few slight cuts and had bruises on the head, also wrenching his arm severely. The boys were not injured. The buggy and harness were badly smashed.

A serious accident happened to the 4-year-old child of Anthony Hughes in Metcalfe the other day. The little one had gone behind one of the horses and struck it, causing the animal to retaliate by kicking out viciously. Several of the child's ribs were broken and other injuries were sustained.

A court of Catholic Foresters has been instituted at Woodstock. It will be known as St. Mary's Court, 35th.

On Tuesday the 15-year-old daughter of Gordon Wm. Britton, of Listowel, was brutally assaulted while out berry picking with some comrades, from whom, however, she had become separated. From the statements made by the girl Constable James Osborne arrested Alexander Watson, aged 23, on the charge of having committed the offense. Watson was not taken to the lock-up, but was allowed to remain over night at the hotel under Osborne's care. Osborne told asleep and was awakened by the breakfast bell in the morning. Watson was gone, and has not since been heard of. Among the large number of Orangemen from this locality who celebrated in Stratford on the Twelfth were several veterans. Chief among these were two of Blanshard's most respected residents—Alex. Jameson, who has "walked" on 66 consecutive Glorious Twelfths, and Ben Switzer, who has also been a staunch Orangeman for three years. Both gentlemen are hale and hearty, and can out-walk many younger men.—(St. Mary's Journal).

The boy Raymond, 11 years of age, who was with a horse and buggy from Stratford, and was subsequently arrested and found guilty, has been sent to his mother in Detroit.

We have no hesitation in saying that Dr. J. D. Kellogg's Dysentery Cordial is without doubt the best medicine ever introduced for dysentery, diarrhoea, cholera and all summer complaints, res sickness, etc. It promptly gives relief and never fails to effect a positive cure. Mothers should never be without a bottle when their children are suffering.

## THIRTY DAYS LONGER.

### The M. C. R. May Run the L. and P. S. Railway.

### But the City Will Pay for Repairs—Dickering With the Grand Trunk.

The London and Port Stanley Railway Board held a secret meeting on Saturday afternoon, the *Advertiser* reporter being refused admittance.

It is learned that the board had before it the question of the immediate future of the line. The agreement of the M. C. R. to run the line for a further term of 30 days, till an opportunity be obtained to dispose of the line on certain conditions, was considered. The M. C. R. management placed the amount necessary to place the railway in good repair at a large sum, but it was agreed that Mr. Jennings, civil engineer, and the M. C. R. engineer should examine the line and see what repairs were deemed necessary. This was arranged by Acting Mayor Parnell while Mayor Esery was conferring with the G. T. R. authorities at Montreal last week. The Jennings going away from home, the services of Mr. Hanson, who acted on another occasion, were procured and it was discovered that the estimated cost of the repairs needed would be \$1,152, for which it is understood the boardmen are prepared to become responsible.

This fact will be represented to the M. C. R. Company, and it is expected that the company will agree to run the road for the next 30 days.

It is rumored that Mayor Esery and Mr. Fitzgerald have again been visiting the G. T. R. authorities at Montreal, and that they have a proposition from that company to run the road for 70 per cent. of the cost of the line to get the remaining 30 and keep the bridges in repair. The *Advertiser* reporter has been told that this offer was under consideration at the secret meeting of the L. and P. S. board on Saturday.

### How the Money Goes.

OTTAWA, July 23.—In the Curran bridge investigation Mr. Collingwood Schreiber expressed his surprise at the enormous cost of the work. He said that in his opinion \$250,000 would have paid well for the work, whereas it cost already \$360,000.

### Bad Spelling Led to His Arrest.

NEW YORK, July 23.—John Smith, the young forger, was taken before Justice Martin in the Tombs Court yesterday and remanded. He had found a \$200 check belonging to Henry Decker, of Temple Court, and forged the indorsement, the first part of which he spelled "Henry," and it led to his arrest.

### Burned From Waist to Head.

PETROLIA, July 23.—While lighting a gasoline stove on Friday morning, Michael, the 17-year-old son of Ed. Kolly, received severe injury. While trying to light the stove exploded, sending the burning liquid over the boy, frightfully burning him from waist to head.

### A Conscientious Pensioner.

COLUMBUS, Ind., July 23.—George Snively, who has just been granted a pension amounting to over \$500, for services in the late war, is so conscientious in the use of his money that he is unable to draw the money. He says he has conscientious scruples and is able to earn a livelihood without Government aid.

### Cheap Substitute for Black Walnut.

OTTAWA, July 23.—An Ottawa firm claim to have secured a successful German patent for treating birch and beech wood so as to give it the appearance and color of black walnut. The result is said to be superior to black walnut.

### The Detroit Contractor Scores a Point.

TORONTO, July 23.—Acting on behalf of John Sheldrick, partner of Otto Guelich, the Detroit contractor, Mr. Miller, of Melroe, and C. W. Taylor, secured an injunction to prevent the award of paving contracts to other contractors than Guelich, the lowest contractor. The argument is that the city stands to lose some \$200,000 by being the victim of a difference between Guelich and those of the local contractors to whom the council decided to give the work. The effect of this will probably be that nothing further will be done this year in respect to the work of cleaning up the street railway system from horse to trolley.

### The Film-Flam Game.

STRATFORD, Ont., July 23.—Louis W. Frank was arrested on Friday evening charged with playing the film-flam game, which has been worked lately in Toronto and Hamilton. Frank, who is a native of Hungary, was arrested at the store of Henry Aktard, shoemaker, and asking for a \$5 bill in exchange for five \$1 bills, placed the \$5 bill in an envelope. He then found that he was \$2 short, and handed Alstadt an envelope, presumably the \$5, on opening the envelope it was found to contain nothing. Frank was arrested at the station about to leave town. When brought up at the Police Court yesterday morning he pleaded guilty, but claimed that it was his first offense and that being hard up and an expert at sleight of hand tricks he had adopted this means of putting himself in a position to claim to be persons in Pittsburgh, Pa., who have been telegraphed to, and he has been remanded until they are heard from.

### Wise Frenchmen.

"Not be careful by her garments," "Not by her hair," "The latter is very apt to come off in your hands." These are the instructions to life-savers at a popular French bathing place.

The wonderful cures of thousands of people—they tell the story of the merit of Hood's Sarsaparilla. Have you been to the fair? I suppose you brought home a souvenir? Jones—You bet I did, and a rare one, too. Brown—What is it? Jones—A dollar I took with me.

No one need fear cholera or any summer complaint if they have a bottle of Dr. J. D. Kellogg's Dysentery Cordial ready for use. It corrects all looseness of the bowels promptly and causes a healthy and natural action. This is a medicine adapted for the young and old, rich and poor, and is rapidly becoming the most popular medicine for cholera, dysentery, etc., in the market.

Insanity in every country is more prevalent among unmarried men than among married persons. Marriage, it would seem, brings persons to their senses.

A bottle of Angostura Bitters to flavor your lemonade or any other cold drink will keep you free from dyspepsia, Colic, Diarrhoea and all diseases originating from the digestive organs. Be sure to get the genuine Angostura, manufactured by Dr. J. G. B. Siebert & Sons.
