No child, man or woman is safe from consumption unless their blood is pure, rich and nourishing. Allow the blood to become thin, and immediately the whole system grows weak. The lungs are deprived of resisting power and the ever-present tubercular baccilli develops.

The most positive protection against consumption is Ferrozone, which retores the blood to full strength. Weak

organs are instantly strengthened. Wornout tissues are rebuilt. New life

is given to the lungs and all danger of onsumption is destroyed. E. J. Richardson, Manotick. Ont., tells as follows of her enormous gain in health from Ferrozone: "For two years I was not well. I was thin and anaemic, Towards spring I fell into a condition of nervous exhaustion. A dead tiredness hung over me like a load of lead. Housework of any kind I simply couldn't do. A bad cough developed that worried me greatly, for I thought it might be tubercular. When I first read of Ferrozone I was convinced it was good. I took it regularly for eight weeks and the change in my condition was wonderful. My filled out and became clear and rosy. I gained eight pounds and now am trong and vigorous as possible.'
