

JAMES GILLESPIE OF BLYTH, PIONEER, DEAD

Born in Ireland, He Came to Canada When Young.

BLYTH, July 21.—Another of the early settlers of this locality was laid to rest today in the Union Cemetery. In the person of James Gillespie, he was born in county Tyrone, Ireland, in the year 1835. When a young man he came to Canada, and located for a short time in Huron County, removing thence to Rhode Island, U.S., where he was united in marriage to Maria Elliott in 1861. She and their three daughters survive. Mrs. M. Sheffield, Owen Sound; Mrs. W. Haines, Wingham, and Miss Alice at home. Shortly after his marriage he removed to Huron County, and afterwards coming to Blyth, where he engaged in contracting.

He was a member of the Orange Order, having taken the black preceptory degree in the old land. The pallbearers were: Messrs. Alex. Elder, John Denholm, John Mahan, David Cowan, Joseph Stothers and Isaac Cowan.

Next Wednesday will be civic holiday here, when the Sunday schools in Blyth will run an excursion on the C. P. R. to Goderich.

ALLISON'S ARRAIGNMENT FEATURE OF REPORT

Ottawa, July 21.—The arraignment of Col. Allison was the feature of the Meredith-Duff report, and the language used in sorting Hughes' friend could not have been more direct. The report says:

ALLISON WAS INSTRUMENTAL IN BRINGING ABOUT A CONTRACT IN WHICH, THROUGH HIS AGREEMENT WITH YOKUM IN FEBRUARY, 1915, HE WAS PERMANENTLY INTERESTED WITH THE KNOWLEDGE THAT HE WOULD BE ENTITLED TO SHARE EQUALLY WITH YOKUM THE BENEFIT OF THE AGREEMENT TO RECEIVE, EITHER BY WAY OF COMMISSION OR OTHERWISE, WE HAVE NO DOUBT THAT HE HAD COME TO A DIFFERENT CONCLUSION AND HAD ACCEPTED ALLISON'S STATEMENT WE WOULD HAVE BEEN BOUND TO SAY THAT HIS CONDUCT IN TAKING THE BENEFIT OF THE AGREEMENT AS TO THE COMMISSION AND ACCORDING TO THE RIGHT TO SHARE IN IT EQUALLY WITH YOKUM WITHOUT INFORMING GENERAL HUGHES AND THE SHELL COMMITTEE, AND OBTAINING THEIR CONSENT, COULD NOT BE EITHER JUSTIFIED OR EXCUSED.

Criticisms Also Applies Here. "What we have said as to Allison's receiving the commission and the absence of knowledge on the part of Gen. Hughes, Col. Carnegie and the other members of the shell committee, that Allison was to be paid any commission or other reward or remuneration, applies also to the order for cartridge cases that was given to the Edward Vaive and Manufacturing Company, and to the order to which Allison would have been entitled if the company had made delivery of the cases according to the terms of the order, to which we shall afterwards refer. In the course of the summary of the evidence, comment is interspersed.

Million Dollar Commission. The commissioners, touching on the understanding between Allison, Bassett and Caldwell, taking one million dollars as a commission on the fuse contract of the American Ammunition Company, this comment is made: "The transaction was but the carrying out of what is a common practice of promoters. But for Allison's connection with Yokum and the position Allison occupied in relation to Gen. Hughes and the shell committee, the transaction would have been a matter which concerned only the parties to it—those persons who should become shareholders in the company.

The commissioners deem the guarantee bond put up for money advanced for the fuse contract as fully securing the shell committee against loss. On the allegation by counsel for Mr.

G. N. W. OPERATORS AT WINNIPEG ON STRIKE

Trouble Expected to Extend From Halifax to Vancouver.

[Special to The Advertiser.] WINNIPEG, July 21.—All the G. N. W. telegraph operators went out on strike tonight, claiming the company has ignored their demand for an increase of 15 per cent in wages, bringing them up to what the other companies are paying.

The company brought in a number of strike-breakers from the south and this hastened the men's action.

The view that the contract was affected in Winnipeg, including the strike, will extend from Vancouver to Halifax and the C. N. R. will be seriously affected.

BENEFIT OF DOUBT GIVEN TO SIR SAM, IS POPULAR BELIEF

[Special to The Advertiser.]

OTTAWA, July 21.—The report of the Meredith-Duff commission has been received with great interest and mixed emotions in both Government and Opposition circles. It is a popular belief that Sir Sam, in every point raised, Major-Gen. Hughes, the shell committee and Col. Carnegie have been given the benefit of the doubt. The fact that it is a popular belief is not surprising, for Sir Sam is a popular figure in the country.

Both agree that, in every point raised, Major-Gen. Hughes, the shell committee and Col. Carnegie have been given the benefit of the doubt. The fact that it is a popular belief is not surprising, for Sir Sam is a popular figure in the country. The report of the Meredith-Duff commission has been received with great interest and mixed emotions in both Government and Opposition circles.

The Government has firmly fastened Hughes to it for the remainder of the Government's existence. It also feels that the report of the Meredith-Duff commission has been received with great interest and mixed emotions in both Government and Opposition circles.

On the whole, the Opposition feels that the report of the Meredith-Duff commission has been received with great interest and mixed emotions in both Government and Opposition circles.

An Amusing Phase. Generally there is considerable amusement over the obvious determination of the judges to separate Hughes from his friend, Col. Allison, in spite of Gen. Hughes' resistance.

There is a feeling that the judges could have been more explicit in their findings without doing injustice to the facts disclosed in evidence. The fact that the criticism was limited to a declaration that they were unable to take Col. Allison's word that he was working for the ship, and that Col. Carnegie was not a good businessman does not appear to them as going quite far enough.

On the whole, the Opposition feels that the report of the Meredith-Duff commission has been received with great interest and mixed emotions in both Government and Opposition circles.

GOOD RICH BLOOD MEANS GOOD HEALTH

Just a Little More Rich, Red Blood Cures Most Ailments.

The lack of sufficient rich, red blood does not end merely in a pale complexion. It is a serious, dangerous condition. Bloodless people are tired, languid, run down folk who do not enjoy life. Food does not nourish; there is indigestion, heart palpitation, headache, backache and nervousness. If this condition is neglected too long, the decline is sure to follow. Just a little more rich, red blood cures all these troubles. Then you have new health, new vitality and a new life. To get more rich, red blood the remedy is Dr. Williams' Pink Pills. No other medicine increases and enriches the blood so quickly or so surely. This is the only blood purifier that has been proved by analysis to be a blood purifier. It has done this over and over again. That is why thousands of people always have a good word to say for this medicine. Miss Gertrude Haffner, Kingston, Ont., writes: "About two years ago I was suffering from the anaemia, so much so that I had to give up my situation. I became so weak that I could scarcely walk without help. I had no appetite, no energy, and was constantly troubled with headache and dizzy spells. I was taking medicine from the doctor, but it did not do me a particle of good. One day a friend asked me if I had tried Dr. Williams' Pink Pills. I had heard of them, but I had not tried them.
