abandoning its stand of yesterday seems to view the position with less satisfaction. It thinks Russia is the chief gainer, but says "even Russia" is a barren advantage which will not give her much help unless she also concludes treaties with the western

The Daily News regards the treaty in abstract as reasonable and just but sharply condemns "the manner in which it was sprung upon the conference and its exclusiveness." The Daily Telegraph publishes an ecount of a document suppplement ary to the treaty which would, when signed, have the character of a com plete convention for reciprocal military aid by Germany and Russia in the event they consider themselves menaced by any aggression on the part of Poland.

CANNOT TOLERATE PACT. Paris, April 19.—The reparations

commission is to be asked to con sider whether the Russo-German treaty signed at Rapalloxon Sunday, violates the treaty of Versailles in respect to the German-owned property in Russia. This property, under the Versailles pact, is pledged to the commission for payment of repar-

The French government will await the action of the commission before taking up the question officially with the Allies. A Growing Business

DEMAND for telephones grows faster than the population increases. Had the population of Canada increased as rapidly from 1900 as the number of telephones has increased, Canada would now have a population of over 50,000,000.

The demand for telephones has increased so rapidly that there has been a waiting list of 17,000 to 19,000 applicants for service for over two years, although more than 23,000 new telephones were installed in 1921.

The new \$2,000,000 issue will install the plant and equipment necessary to supply this Eight per cent. dividends have been paid
