UP TO DATE ICE CREAM PLANT

Gray's Wholesale Has Installed Thoroughly Modern Equipment.

With the recent installation of thoroughly up-to-date equipment the ice cream plant of Gray's Wholesale has new ranks among commercial enterprises as second to none for its size in the province.

Like the manufacture of many other commodities on the market, the production of thoroughly wholesome ice cream is now more or less of a science and requires a plant containing valuable and thoroughly modern machinery as well as an expert to operate it. The new equipment that Mr. Gray has added to his plant is as up-to-date in every particular as money can procure and assures the production of ice cream that will rank first class in every respect.

The equipment of Gray's plant now includes two pasteurizers each with a capacity of 200 gallons; a viscolizer and a large freezer capable of handling one gallon of ice cream per minute. Besides its efficiency the new plant employs a system of production which cannot fail to turn out a thoroughly wholesome product. From the time the raw material is placed in the first vat and the operation begins until the finished product emerges from the freezer, human hands play no part in the process except to apply the power to the different machines, each of which has its own independent motor.

When the necessary formula is prepared it is run into one of the pasteurizing vats where pasteurization is applied through the agency of a revolving coil through which water of the desired temperature automatically radiates. From here the liquid is run through a pipe to the viscolizer through which it passes at 3000 pounds pressure and through 3 one thousandths of an inch space. The viscolizer is connected with the second pasteurizer which is used as a holding vat and here the mixture is thoroughly purified by the process through which it has passed, is held at the necessary low temperature. From this vat a feed pipe carries it to the freezer and from here it emerges the finished product.

It can be readily seen that modern equipment of this kind employing such an up-to-date and sanitary process of manufacture, assures for ice cream absolute purity and freedom from all impurities which may be found in some made without scientific treatment and where pasteurization is not employed. A plant of this kind is indeed a noteworthy addition to provincial industry and the fact of its establishment here is something that this individual ice cream user cannot too highly appreciate.

FATALITY REPORTED AT GLOUCESTER JCT

Leonard Hachy, C. N. R. brakeman of Bathurst Reported Killed.

Word was received here today that Leonard Hachy of Bathurst, a C. N. R. brakeman met with a fatal accident at an early hour this morning. So far details of the accident are very indefinite. All that is known is that Hachy let home this morning at 4 o'clock and was next seen by the engineer of an early morning train lying on the track about two miles north of Gloucester Junction. It is alleged that the driver did not see the unfortunate man until it was too late for him to avert the tragedy. After the accident, trainmen identified him as Leonard Hachy of Bathurst.

DIED. COMEAU—At the Hotel Dieu Hospital, Campbellton, N. B. on Saturday, June 3rd, 1922, Lionel ComEAU, aged nine years and three months, beloved son of James ComEAU and Helen Savoy. His service was held at St. Anne Church, Restigouche, P. Q. on Monday, June 5th.

ATHOLVILLE. The man of Ferguson Motor Post Office will be changed to "Atholville" the same going into effect on the 6th inst. The change will not be generally popular, and why it is done no one seems to know.

WESTERN PHYSICIAN

PHYSICIAN HOTEL DIEU

Dr. M. T. MacEachern, Superintendent of the Vancouver General Hospital and representative of the American College of Surgeons for Hospital Standardization, visited the Hotel Dieu Hospital here on Friday evening last. He expressed his deep satisfaction with the manner in which this hospital was keeping up its reputation.

the organization and system existing in the various departments. He also commended the medical staff on their efficient and whole-hearted co-operation with the hospital management.

SPECIAL MEETING OF COUNCIL

Legere Lot Deal in Connection With Subway Project Temporarily Settled.

A special meeting of the town council was held last evening in the Firemen's Hall. There were present Councilors Bellefleur, Graham, Matthews, Duncan, Moore and Giller. On motion Councilor Bellefleur was appointed chairman of the meeting, and Mr. F. A. O'Leary secretary.

The chairman in calling the meeting had been called to consider two petitions which had been largely signed by the ratepayers.

The secretary read the petition which asked that the town council purchase the Legere lot of land as an approach to the Central street subway should same be built. Councilor Duncan spoke in favor of the purchase and moved that a committee of three be appointed to meet Mr. Legere and arrange all details with him this committee to have full power to make the purchase. This motion was seconded.

Councilor Matthews felt that such an important transaction should only be dealt with when all the councilors were present.

Councilor Graham expressed the opinion that the motion was out of order a motion already being on the minutes book that this lot of land be not purchased. Before dealing with the matter he contended it would be necessary to rescind the former motion.

Councilor Graham moved that the petition be received and placed on file. This was seconded by Councilor Moore.

The chairman, Councilor Bellefleur, then called Councilor Moore to the chair, when he spoke strongly in favor of buying the lot which could be purchased for \$1000 and the expense Mr. Legere had already gone to in the erection of the building he was now putting up upon the lot.

In resuming the Chair Councilor Graham's motion which was carried, Councilor Duncan voting nay. Council then adjourned.

MACDONALD—MOWAT

Wesley Methodist Church was the scene of a very pretty wedding on Tuesday evening, June 6th at 6:30 o'clock, when Mary Hazel, daughter of the late Mr. and Mrs. John Porter of Campbellton, became the bride of John Wesley MacDonald, son of the late Mr. James A. MacDonald and Mrs. MacDonald of Campbellton. Rev. F. E. Boothby officiated. The bride was given in marriage by her brother, Mr. J. T. Mowat, and was charming in a three piece suit of navy velvet with a large ruffled collar and a small bow at the waist. She wore a platinum fox fur and carried a shower bouquet of garden roses, sweet peas, and lilies of the valley. The church was artistically decorated by friends of the bride with ferns, pink spray and apple blossoms. Miss Greta Metcalfe presided at the organ and played appropriate music before the ceremony and during the signing of the register.

Immediately after the ceremony the bridal party motored to Matapedia and left on the Ocean Limited for Montreal, from there they will motor through the Adirondacks to New York returning by way of St. John.

Mr. and Mrs. MacDonald have the best wishes of a host of friends.

MARIA.

We regret to announce the death of William H. Clapperton of this place, which occurred on the 31st of May last in his eighty-third year. He was born at Carleton, P. Q. and when seven years old crossed to Scotland where he lived with his uncle James on the estate of Porton in Forthshire where he was educated. When fourteen he returned to Carleton taking a business training with John Meagher, Esquire, and after becoming Crown Land agent which position he still occupied when he died.

He leaves to mourn his loss his beloved wife (see Mary Ann LeBlond), three sons and two daughters: Henry of Minneapolis, George of New Richmond, Thomas of Maria Cape, Mrs. Henry McIntyre of Campbellton and Mrs. T. J. Mill of Maria to all of whom we extend our heartfelt sympathy.

The funeral took place on Friday, June 2nd and was one of the largest and most imposing ever witnessed here which proves the high esteem in which he was held. He was well known throughout the country which accounted for the many guests and letters of sympathy which poured in. The honest reputation he bore he brings to the grave and who-

righteousness. He departed this life full of the confidence of the good and faithful servant, peacefully awaiting his reward in the kingdom of God of Whom he was always a dutiful servant leaving behind him the example of a devoted and loving husband, a joyful and pleasant companion, a kind and tender father.

SPOURL LOT CHANGES HANDS

New Owner Plans Removal of House and Erection of Three Storey Brick Bldg.

Mr. W. Russell Stevens has purchased the corner of the Subway and Roseberry street, and has also secured a lot of land on Patterson street, where he now has a crew of men putting in a concrete basement wall, as it is his intention to have the Sproul house moved to the latter lot. The Graphic understands the price paid for the Dr. Sproul property was in the vicinity of \$5,000.

Mr. Stevens is having plans prepared for a three storey brick building to be erected upon the Sproul lot, the building being considerably larger than the one now situated there. The lower floor of the new building will be used as a store, which will have three entrances on the Subway. The upper portion of the building will be fitted up as tenements, entrance there to being had from Roseberry street.

BROTHERHOOD OF R. R. TRAINMEN

Tuberculosis Sanitarium is Proposed Now Before Organization.

Toronto, June 4.—A scheme for a tuberculosis sanitarium to care for members of the organization, now being formed by the members of Brotherhood of Railway Trainmen, in session at Massey Hall.

The sanitarium scheme could be approved of until the next convention but in the meantime a tuberculosis fund will be created, by which members suffering from that disease may receive funds to provide themselves with the treatment they require.

The fund is to be created and maintained by a monthly assessment of 25 cents, commencing September 1, and continuing until such time as \$100,000 has been accumulated above the estimated requirements for one year, by which time plans will be selected for the building.

Every member of the organization afflicted or threatened with tuberculosis will be entitled to the protection of the fund from January 1, 1923.

SORRID TRAGEDY AT GROSSE ISLE

Four Boys' Under Twelve Years Perish in St. Lawrence—Bodies Washed Ashore.

Four little bodies, inert and lifeless, strewn along the muddy beach about a mile and a half from the Canadian Quarantine Station at Grosse Isle, is the key to the tragic tale of a Polish family that was on its way towards Canadian citizenship. The bodies belonged to four little Polish lads, ranging in age from eight to twelve years, and they met their untimely death in the waters of the St. Lawrence because they were too incontinent to submit to the delays involved in the immigration act and were apparently trying to evade them by making for the promised land in a row boat.

While definite particulars of how the little party escaped from the station are lacking it seems clear that they must have scaled the walls and made for the beach where they found the row boat. Perhaps they were open having a good time, rather than imbued with the grand idea of outwitting the immigration authorities. At all events they got out into the current where their little craft was caught in a strong wind. In a few minutes the boat was upset and the youngsters were sprawling helplessly in the water. The rest is easy to understand.

Immediately the lads were missed from the station a search was instituted. This search lasted practically all day long and resulted, late in the afternoon, in the sad discovery of the four dead bodies on the muddy beach to the east of the station.

NEW FORD ASPIRATIONS. Detroit, June 6.—Henry Ford has intimated privately that he would run for president "if the people of the country desire him to do so," but he would refuse to spend any money to bring about his nomination or election, according to Wm. T. Kronberg, editor of a Dearborn newspaper and one of the leaders in the Dearborn-Henry Ford President Club.

ANGLING. The angling on the Restigouche is so far a failure, very few fish having been taken.

DR. JERYLL AND MR. HYDE.

Probation officers are wrestling with the redemption of an 11-year-old boy and trying to decide whether he is a "plain bad" or whether he presents a perfect prototype of the immortal Dr. Jekyll and Mr. Hyde.

CAMP SUSSEX TO OPEN ON JUNE 28

Extensive Training in Different Branches—650 Men Expected to Attend.

The militia camp at Sussex will commence June 28th and last till July 6th. Arrangements are now in progress for getting the camp ready and it is expected about 650 men will be present, and extensive courses in the different branches of training will be given. The camp will be in charge of a Camp Commandant, who will be assisted by a G. S. O., a Senior Engineer Officer, a Signal Instructor, a Supply Officer, a Medical Officer, a Paymaster, a Cavalry Instructor, and two infantry instructors. The names of the officers and instructors will be announced at a later date.

The following units will comprise the camp: 8th Princess Louise Hussars, New Brunswick Dragoons, 1st Brighton Field Co., and the 10th Infantry Brigade, composed of the Carleton Light Infantry, the Cork Regiment, the North Shore Regiment and the New Brunswick Rangers.

Owing to the limited funds available for training purposes this year the plan is to keep the officers and non commissioned officers together as much as possible, with the view that the organization will have competent instructors for training and will be ready to carry on when more funds are available.

UNEMPLOYED VETERANS.

Ottawa, June 5.—The unemployed veterans army led by "General" Frank Riley, arrived in Ottawa Sunday morning and after a parade through the city reached Landsdowne Park shortly before noon. They are now quartered at Howick Hall, and will remain there till the interview with the Government is arranged.

The army on entering the exhibition grounds numbered 278. According to "General" Riley they will not be allowed to leave the grounds till the interview with the government is arranged. Major Frank Plant who addressed the men in Howick Hall on their arrival offered his services in arranging an interview with the Government. "General" Riley also addressed the men.

Who Knows Why Girls Leave Home? Can you tell Why Girls Leave Home?

GRAND JURY RETURNS TRUE BILL

True Bill Returned in Case Of Father Delorme.

Montreal.—The grand jury in the case of the bench here Friday returned a true bill charging Rev. Adelard Delorme with the murder of his half-brother, Raoul Delorme, 24 year old Ottawa College student whose dead body was found in the snow in a suburb of this city January 6 last. Trial was set for Friday next here.

When asked to plead to the charge Father Delorme maintained silence. His lawyer announced that he would raise a plea of insanity when the case came to trial. Mr. Justice Monet refused the request for delay in arraigning the accused, stating that he was to be considered as a layman and not as a priest. He was therefore not entitled to more consideration than any other prisoner.

During the arraignment proceedings Father Delorme made an attempt to seat himself in the dock but was removed by the judge who told him sternly to "stand up straight." The accused was impassive throughout the proceedings.

HARDING TO VISIT CANADIAN CITIES

President Harding Accepts Invitation of Sir Auckland Geddes.

Washington, June 2.—President Harding tentatively accepted yesterday an invitation tendered him by Sir Auckland Geddes, the British Ambassador, to visit the cities of Vancouver, British Columbia this summer during his proposed Alaskan trip.

The President was said to have told the ambassador that his plans for a trip to Alaska still were dependent on early adjournment of Congress but that in event the trip was made possible he will be pleased to stop at the two British Columbia cities during the voyage to Alaska.
