THE TORONTO WORLD TUESDAY MORNING, MARCH 26 1895 SHIPS AND THE OCEAN. these of Friday is made rather hazy BALDNESS AND INDIGESTION. CARPETS, RUGS, CURTAINS DRAPER sailors as to when a voyage commences, "when she leaves the dock," "first sets IS THERE AS MUCH DISASTER ON Why are Women Who Suffer From her top-sails," or "when the pilot leaves." The majority coincide with DRAPERIES THE SEA AS EVER ! Digestive Troubles Never the last, so a vessel has chances against Bald ? her who drops the pilot on Friday. The dislike of old-time sailors for The cause of baldness is a question which has a personal interest for many Finns in a crew arose from the belief that they could control the wind, and people in these days when the "new JOHN KAY, SON & CO. as they were very ill-tempered, they man" finds it almost as difficult to keep NEW could hinder a voyage if angered, and this belief has not died out yet. his hair as the "new woman" does to find a husband. The theory of the bald-headed man generally is that his exceptionally active brain has used 'up the blood supply which should have REVENGE OF THE INDIANS. TORONTO. O nourished his scalp; but those whose sea, while a sailor can scarcely realize that in a roadway fifty miles wide two paying the Whites. the scythe of time unkindly hint that the scythe of time unkindly hint that that in a roadway inty mitty mitty in a roadway inty mitty into a roadway into a roadway inty mitty into a roadway into a roadway inty mitty into a roadway into a roadway into a roadway inty mitty into a roadway into a road this explanation is of a piece with Fal-P staff's excuse that he had lost his voice fact if illustrates the windest possibility of chance thats uch a thing should be. But there are no condition of safety to life that the selfish greed of man may not vitiate. A short voyage and think of the Indians and buffalces. I E quick dispatch means money in the ship owner's pocket, and his ship must take the shortest road and drive ahead to make this result. How well defined wurdthe defined to make this result. How well defined take the shortest road and drive aneau to make this result. How well defined are the ocean paths may be seen from the race of three English clipper ships from San Francisco in 1890. They were bound for Liverpool with cargoes of grain, all went around the Horn, and when the Speedwell took her pilot at the mouth of the Mersey the royals of the Lord Goring were seen ten miles The firm have added to their Drapery Department by giving that portion where their Liberty Department--Cretonnes, Silks, Muslins, etc. the mouth of the Mersey the Toyals of the Lord Goring were seen ten miles away, and by the time the victor reach-ed her dock the third vessel was sig-nalled. These ships had sailed 10,000 miles, tacked frequently, met head G miles, tacked frequently, met head winds, and yet, taking one common road across the stormy main, came into port within six hours of each other. Old sailors still contend that there is as much disaster on the ocean as ever. Despite the enormous increase of commerce, it is not unlikely that there were more ships traversing the ocean in 1830 than now, but they were seldom over 800 tons, and one of our tramp 5 Spring, 1895 dining rooms, offices, etc. in 1850 than now, but they were seldom over 800 tons, and one of our tramp steamers will carry more cargo than free add cargo than to cargo than to candy and sweet things, and there way to compose but efficiency. The best steamers will carry more cargo than five of the old square riggers. In 1830 'there were not less than 400 ships mak-ing ocean voyages from this port, and owned here. John Thompson & Co. owned and chartered 30; now there is not a single square-rigged ship belong. BEST VELVET. RUGS-The Rug Department is down stairs, giving more room. With the demand for Carpet Squares on JOB LINE AT \$1 NET. the increase, the season's purchases have been made larger than usual. Fine Persian, Turkish and In dian, JAPANESE RUGS ng to Philadelphia. A sthere was no tug boats in those days there would be sometimes 30 ships bying at the capes waiting for a wind, and when a southeaster set in all sets sail and backed and filled their way up, getting in stely. Even now, all though we have tugs, and the Delay ware is buoyed and lighted more than any river in the Union, scarce a day passes without ships colliding, ground ing or going ashore. But the Delaward now. Toose old ship builders must have wrought with a conscience, for some the stocks the very day that William of Orange sailed to Erstaulto dir though up looked good for another the old tub looked good for another the datuge servers. Sir Herbert asks: "How wuld the guests have enjoyed their the there or the mark to the servers the mark as truck the globe obliquely the the stocks the very day that William of Orange sailed to Erstaulto dirty: King James from the throne, 1683, and the old tub looked good for another the datub looked good for another the datub looked good for another the the collicition of the writer filliance of the ized with the fish, which is in the recollection of the writer filliance of the table bab proving brotherhood had deter-the wise man commands our respect; the wise man commands our respect; the tises and the guests have enjoyed the table bab been the stocker the hazardous nature of the stocker the hazardous nature of the the there of the table bab been the tises eves. Considering the hazardous nature of the sit if the centre of the table had been occupied by a pillar of light six feet high, that being the proportion to their stature which the burner bore to the size of the gold fish." He believes that this is one of the thoughtless uses of the size of the functional size of the gold fish." He believes that this is one of the thoughtless uses of the size of the gold fish. The commended to council. The committee were not a little surprised to find amongst the properties offered, two public buildings—Temperature which the thoughtless uses of the size of the function of the size of the function of the size of the size of the size of the function of the size of the function of the size of the function of the size of the The old East Indiamen or "Tea Wag-this is one of the thoughtless uses of the cons" were practically invulnerable to electric light, which will be abandoned thy shame upon thy face; therefore, sidered too small a site, and the offer

The New Spring Goods are here. Compared with former seasons, and no stronger comparison could be made, the house has certainly surpassed itself, and more than held its acknowledged position of leadership in Housefurnishings. This may be explained, perhaps, in the great change in colorings, from the light, insipid shades to the darker, richer and more durable colorings. The fact remains, and the new goods will win favor with all.

Rugs were kept, thus increasing the light, and enabling them to make a worthy exhibit of

In Carpets let attention be directed to the largest assortment of Wiltons and Axminsters the firm have ever imported in one season. Many prices, but only goods that can be recommended. The assortment is attractive in small, Indian and geometrical designs, suitable for halls and rooms. Also some noble designs in larger figures in the new Empire greens and rose tints. A line at \$1.50 net, regular price much higher.

MECCA BRUSSELS ... This make has been manufactured expressly for the firm, and is the heaviest Brussels that has ever come into the country. It weighs 2 lbs. 6 ounces to the yard and is woven twelve wires to the inch. The yarn is of the finest quality, and will make an endless wear for places that have hard usage, such as halls,

WARNING !

MATTER OF VITAL IMPORTANCE. IMPORTANCE.

Life, health, strength and bodily vigor are the jewels that the sick, suffering and diseased are now looking for. The thousands who are most deeply interested in health-seeking are wisely using nature's great restorer. Paine's Celery Compound, the only medicine that can give true and honest results. A warning at this time is necessary, as many unscrupulous dealers are maki-ing use of the words "Celery" and "Compound." The proprietors of Paine's Celery Com-pound for the benefit of the sick and public the name "Celery" outside of Paine's Celery Compound. The only pills that accompany Paine's The no on a helpless girl, unable to defend the diverse of the works great rest celery Com-pound. The only pills that accompany Paine's

Compound. The only pills that accompany Paine's Celery Compound are Wills' English Pills, some of vice hare to be found with each bottle if Paine's Celery Com-

Pills, some of which are to be found with each bottle of Paine's Celery Com-pound purchased from druggists and dealers. These Wills' Pills are a valu-able auxiliary to nature's great medi-cine, and are far superior to any others advertised. Too severe a punishment cannot be meted out to this inhuman scoundrel, and hanging is too good for him. In conclusion, let me say that: I hope the judge and jury will not listen to such random pleas as that of insanity. PHYSICIAN. Dealers are simply trading on the mar-valous reputching and specess of Paine's

beaters are simply trading on the mar-velous reputation and success of Paine's Celery Compound for their own selfish ends when they use the name "Celery."

aged by this result, I persevered, until in a month or so the sore began to heal, and, after using the Sarsaparilla for six months, the last trace of the cancer disappeared."-JALES E.
