nide=Advocate.

WATFORD, OCT. 19, 1906.

EDITORIAL NOTES.

is claimed that the souvenir card fad is causing a great falling off in letter writing. Persont traveling simply drop a pictorial card to their frienes instead of the customary descriptive letter. The postal returns in the U.S. show an enormous increase in this class of matter and a considerable decrease in letters. If the fad retains its popularity, letter writing, outside of business correspondence will soon be one of the lost arts.

The appointment of W. R. Riddell, K C., to the bench reduces the already small number of high court lawyers of the first rank to less than a corporal's dozen. The bench has recently claimed so many barristers of provincial reputation that Osgoode Hall is deteriorating as the great legal forum of Ontario. Few of the second crop of Toronto lawyers give evidence of high class ability, and clients will have to depend more largely on the provincial barristers, who are fully the equal of the present Toronto contingent in legal knowledge and skill as pleaders.

There was a time when Canadians could with considerable pride and satisfaction contrast their commercial methods and morals with our neighbors to the disadvantage of the latter. Any undue conceit developed by this comparison has been effectively eliminated by recent disclosures. In graft, peculation, political trickery, and frenzied finance we have nothing to learn, in fact some of our experts are qualified to give a post graduate course in their specialties. There will be an outcry for cleaner methods, a demand for radical reforms followed by the usual apathy, and back to the old games again.

Our legislators and cabinet ministers display wonderful energy and enthusias u in any matter that pertains to an increase in their incomes, but when it comes to remedying a long standing grievance of outsiders that is another matter. The scale of fees paid court officials, witnesses, etc., in the preparation and service of legal papers and giving testimony is absurdly inadequate to the present conditions. Probably they may have, been reasonable, when first adopted half a century ago, but there have been many changes in that time, and it is now up to the government to adjust matters on modern lines. The Attorney-General is said to have a law reform measure under consideration, and this is a matter he might well take prompt measures to

Mrs. M. Duulop, Sarnia, visited her sister Mrs. Chas. Richardson, 15 S. R. last week.

attending physician, called in Dr, Moore, a London specialist, on Monday afternoon, and it was decided that an operation for appendicitis was necessary. Dr. Moore,

a London specialist, on Monday afternoon, and it was decided that an operation for appendicitis was necessary. Dr. Moore, was assisted in the operation by Dr. Wiley, of Dresdeft, Dr. Wiley of Brantford, Dr. Crummer, of Bay City, and Dr. Mor-gan. The operation was successfully per-formed, and the patient appeared to be doing well, until early in the morning signs of collapse were shown and he pass-ed away at 6 a. m. Everything that medical skill and attention could do was done, but without avail. Deceased, who was 49 years of age, was the eldest son of Mr. and Mrs. John Wiley, now of Wat-ford, and was one of the best known and most prominent farmers in Warwick, hav-ing given special attention for some years to the breeding of thorough bred stock. He is survived by his widow, formerly Miss Crummer, of Adelaide, four brothers ond one sister. Mr. Wiley was a staunch Liberal in politics, and a member of the West Adelaide Presbyterian Church. The funeral takes place on Thursday at 11 a. m. to the West Adelaide Cemetery, and will be conducted by the Rev. A. E. H. nnah-sohn a former pastor. The sympathy of the community is extended to the bereav-ed relatives in the affliction they have been called upon to sustain. ed relatives in the affliction they have been called upon to sustain.

BROOKE.

Ir mpt attention will be given to logs left at McLeay's sawmill at Watford. Mr. John Odell, of Warwick Village, is in ch H. Greenfield, 10th con., expects to

leave next week for his new home in the Edunonton district. Mr. Greenfield was a good neighbor and well liked in the community. Many friends wish the family prosperity in their western home. While a party of Metcalfe and Brooke While a party of Metcalfe and Brooke experts were recently holding a con-terence on the Hardy Creek drain ques-tion their deliberations received a jar that completely upset their calculations, and the drain question was dropped with a thud. A keg of a popular beverage, manufactured in Strathroy, had been provided for the delegates, and during the session some malicious individuals made away with the same, greatly to the disappointment and wrath of the share-nolders. A handsome reward is offered

nolders. A handsome reward is offered tor the detection of the guilty parties and the return of the keg.

FALL ASSIZES.

Before His Lordship Chancellor Sir John Boyd

The Lambton Fall Assizes opened at Sarnia Tuesday forenoon. McGregor vs. Village of Watford---a non-jury case was taken up before enter-ing upon the jury cases on the docket. The village, in this case, passed a by-law declaring closed a street that had never been opened, though shown on the regis-tered plan of the village, but which had originally been included in the McGregor property. The village corporation then sold the street reservation, so declared closed, to a third party. McGregor then brought suit against the village in an brought suit against the village in an action for damages. The hearing of the case occupied the morning sitting, and was not concluded when the court at 1,300 p.m. adjourned to 2,30. The case was concluded in the afternoon, the Chancel-lo reserving decision. T. G. Mere-dith and J. R. Logan for plaintiff; J. Cowan for Corporation; and Hon. W. J. Hanna for Dr, Kelly.

The news of the death of Mr. Nelson Wiley, of Wisbeach, which occurred at an early hour on Tuesday morning, was a great shock to his many friends through-out the township, few having heard that he was seriously ill. Mr. Wiley had not been feeling well for the past ten days, and later his condition caused his family and friends alarm. Dr. Morgan, the

"The common cold is, no doubt, a so-called bacterial disease," says the eminent Euglish Surgeon, Dr. Frederick Trevers in an address printed in the Grand Maga-zine. "It can be caught; it can be con-veyed from person to person. The germ would seem to linger in the haunts of men, and to find pleasure in the madding crowd. When I was concerned in start-hospital shins in the North see I found hospital ships in the North sea I found that fishermen, returning to port after a few months' voyage, were very prone to catch cold. Many told me that they de-veloped a cold whenever they went ashore. It is often claimed that the common cold is due to cold. The chilly blatte of the is due to cold. The chilly blasts of the North sea in the winter were unpleasant enough, but they were not laden with the cold-in-the-head bacillus, while the air

One of the grave abuses revealed by the insurance investigations is the pre sence on corporation boards of directors who do not direct. The names of ministers and judges and others of social standing are added to the lists of directors and are regarded by the public as a certificate of good character for the company. The men who thus allow their names to be used with out keeping themselves informed as to the details of the business transactions of the company are really acting-it may be quite without intention—as decoy ducks. The man who allows his name to be used as the director of a company cannot shield himself from the blame that attaches to any crooked work by pleading innocence or ignor-ance. If he does not know he ought
