COMMUNICATION

To the Editor of the Standard. SIR,—I did not think you would have inserted my first communication to you.— American Breadstuffs for 1854.—The l'am glad I wronged your independence In disappearance of the drought causes and the cause of the drought causes are caused to the drought causes and the cause of the drought causes are caused to the drought causes and the cause of the drought causes are caused to the drought causes and the cause of the drought causes and the cause of the drought causes are caused to the drought causes and the cause of the drought causes and the cause of the drought causes are caused to the drought causes and the cause of the drought causes are caused to the drought causes and the drought causes are caused to the drought causes are caused to the drought causes are caused to the drought causes and the cause of the drought causes are caused to the drought cause are caused to the drought causes are caused to the drought causes are caused to the drought cause by the influence either of the Directors or the Contractors, who would of course have been opposed to the publication of my letter, I am still more glad at discovering from the constill more glad at discovering from the constitution in the created, that there is some with the crops for the three years

ly to assist in rectifying the sad results which at \$2 per must ensue should the Railroad be allowed Express. to stand still; and therefore I venture again

transferred to the Colonial Officers.

The more important duties now remaining be performed by the Imperial Officers on the discharge of the men. If such is the case on the part of the Company, we shall no doubt heer of its soon enough, for I am not inclined to believe we shall find so much of the milk of human kindness or compassion in the bosons of the Messrs. Sykes & Co.

The services are obviously rendered for the colonial officers of the Colonial customs of the Messrs. Sykes & Co.

The superial Officers of the Colonial Customs of the Messrs. Sykes & Co.

The superial Customs of the School Festival" at Chamcook, came too Intermited by the Chamcook of the School Hessiante. Not many years to the contemplated change was since when this contemplated change was talked of, we well remember the sneers and disgust of the Imperial Custom Officers at talked of, we well remember the sneers and disgust of the Imperial Custom Officers at talked of, we well remember the sneers and disgust of the Imperial Custom Officers at talked of, we well remember the sneers and disgust of the Imperial Custom Officers at talked of, we well remember the sneers and disgust of the Imperia

k, Sir, several of gentlemen as with the

gripe of death, to the power the money of other folk, white iney them hands, and 10,000 parts or collect mits for the selves (with perhaps one exception) are all defaulters on their own Class B stock; upon the whole of which so paltry and insignificant a sum has been paid, that I should have been ordered to be made for the use of the French army in the Baltic.

I should have liked to have said a few I should have liked to have said a few words on the me sures which it appears to much the me sures which it appears to ought to be adopted; but my occupation by his specches in Parliament at allow me to devote so much time to subject this week, and I am moreover tanks; and has more than once been appointed to the spassing too much on your ted to the post of honor, and shown himself worthy of it. His trained intellect, great energy, and command of language, make him pleasure to send you a few more of my ideas there are few other and the other seventeen! making ounces! and the other seventeen! The seventeen in a description which average from 9 to 10 oz. each potatoe, all sound and perfectly ripe.

I am, Sir, Your obde Serv't, CIVIS. 2301 TO HTT

hat thought, and therefore I beg to offer my pearance of the drought causes a disup-that thought, and therefore I beg to offer my pearance of much of the panic in regard to apologies. But if I am glad at finding myself in error in suspecting you would be biassed by the influence either of the Directors or the

As the Editor of the only paper in this past, and yet wheat is greatly deager in our As the Editor of the only paper in this past, and yet wheat is greatly dealer in our town, it is necessarily within your power to market than for any time within the last ten another, is quietly, but surely taking place do market than for any time within the last ten in the British Provinces, with respect to Implace. As the sincere advocate for its advancement and prosperity, which I heartily believe you are, it is not only a happy privile of exportation. But to show that flour must lege, but it is your duty, by giving facilities fall speedily, we are enabled to record sales for the free discussion of its affairs, meterial in our own market within a few days past, and yet wheat is greatly dealer in our another, is quietly, but surely taking place in the British Provinces, with respect to Imperial government. The long talked of and much desired amalgamation of Imperial Customs and Treasury Departments, as may be seen from a circular despatch from the great another, is quietly, but surely taking place in the British Provinces, with respect to Imperial government. The long talked of and much desired amalgamation of Imperial Customs and Treasury Departments, as may be seen from a circular despatch from the great place. The colonies published the fail road by a surely surely and the colonies place.

Sir, it may be said that these are matters, to attend to which, the Directors are specially appointed, and that we should silently leave the arrangement of them entirely in their hands. To a certain extent this is true, and I willingly subscribe to the doctrine, that under ordinary circumstances it is inconvernient and injudicious for people, who, like ment conceive that the Colonial Officers of New Brunswick is ment conceive that the Colonial Officers of the protection of the Fisheries. However, and the United States ment conceive that the Colonial Officers of the protection of the Fisheries. Somether the protection of the Fisheries of the protection of the Fisheries. However, and the United States ment conceive that the Colonial Officers of the protection of the Fisheries. However, the protection of the Fisheries of the protection of the Fisheries. However, and the United States ment conceive that the Colonial Officers of the protection of the Fisheries. However, the protection of the Fisheries of the protection of the Fisheries. However, and the United States ment conceive that the Colonial Officers of Customs in the West Indies, the Colonial Officers of Customs prepare the Accounts of Trade and Navigation required for Parliament, and Navigation required for Parl guide them to pass their opinion on subjects are fully competent, and will be equally rea-

Downing Street, 16th Aug. 1854.

Downing Street, 16th Aug. 1854.

Sin.—Her Majesty's Government have recently directed their attention to the Impering out such measures as, may appear most rial Castoms Establishments maintained in likely to restore a healthy action to its fast the North American and West India Colomics of the Treasury. A separate officer we learn will be appointed distinct. climing existence.

Twas sorry to find some days ago, that all vernment consider that it is no longer necesfrom the Treasury, at St. John for the measthe men had, or were knocked off, and that the the men had, or were knocked off, and that the sary to keep up a separate Establishment for sary to keep up a separate Establishment for individual employed on the works; it is the performance of the limited duties devolving the performance of the limited duties devolving the performance of the limited duties and Navigation Laws in the British Colonies, and or do not intend to continue their operations.

The development and registering of vessels, and we are happy to learn that an old and respected in the performance of the limited duties devolving the performance of the limited duties devolving the performance of the limited duties devolving the limited du urement and registering of vessels, and we ly 7s. 6d per annum. Subscribers names Sept. 27, 1854. are happy to learn that an old and respected will be received and forwarded from this of-This involves several very weighty con- of those duties might with advantage be siderations—and the first and most import transferred to the Colonial Officers. Treasury Department- Not many years for insertion this week. Communications in on the powers of the Mesers Sykes & Continuity shall be since out of accounted and the powers of their complexers, to take on the powers of their complexers, to take on the powers of the Contractors, how comes it that the Board has not at once been called regether, and proper measures taken to prevent, as far as possible, the Company suffering.

Sir, it may be said that these are matters, and for the same reading the contractors will be required to furnish the usual periodical returns for the purpose of affording statistical information to Parlia ment upon subjects of far greater value to the Colonies than to this country.

In the Australian Colonies, the Cape of Good Hope, New Zealand, and even in numerous Out Ports in British North America, as well as in some Out Stations in the West contractors are specially as well as in some Out Stations in the West contractors are specially as the Colonies of Customs preventions. tive and civil they are as Colonial officers and how desirous to fill the offices of emol- grains ground;

have been withdrawn, and the United States guide them—to pass their opinion on subjects upon which they may be misinformed; but in this instance the case is different, and it becomes a matter of self defence to proclaim the incompetency of the Board, and to urge their regignation, and the appointment of better and fitter men.

Sir, there is one subject connected with and yet it is one which, unless enforced, the drawn at the earliest possible period, and that it will be requisite for the future, that the advancing the lecentures between the Class A is blackgarded, a ceceptances—which, by the apposs anys, they neve, did—the Rolly of the Ro coasting trade, without asking; as the keen. tries Present, there are many thousands of sighted Acceptants will not fail to extend the and no less than 15,000 English excursionprovisions of the Treaty when they find, it to their advantage to do so.

we presume that as there are few other a-chievements he has not accomplished we shall one day see him holding the Castle we would be biassed by the influence of the we would be biassed by the influence of the shall one day tee him holding the Castle Dangerous of office. — London Quarterly ReDirectors or the Contractors." He is now The Ram and Breadstuffs.—The heavy rains will give the mills a plentiful supply of water in all pairs of the country. The deaches, and Weak and Derranged Stomes of breadstuffs have no doubt been kept up have no doubt have convinced however, that he "wronged us in no disposition to throw obstacles in the way of free discussion through the medium of our which is to carry them to their destination of free discussion through the medium of our shall be telegraphed to Fredericton.
