· · There is an idea among housekeep ers that if the tableware is carefully washed, the other dishes will do with out-much attention. This is a false idea, every dish in which food is place ed should receive the most careful at LACE CURTAINS! LACE CURTAINS! tention. Smooth clean dishes are always pre-requisite to good cooking nd in sauce making they are absol utely essential. As a sauce is used to give richness and flavor to a dish without these elements, if the dish i rough and the sauce burns or sticks the burnt flavor is carried by the sauce and is imparted to the food it e have a very large assortment of these goods and we defy Competition. All we ask is a thorough look through these matter which may be added will cover up the taste which was burned int the foundation of the sauce. LAUGHTER AS MEDICINE.

> There are some persons in whom the sense of humor seems to be extinct or non-existent. For the good of their souls-and bodies-they should be force ed to laugh, even against their will, and that frequently. A recent corres-Phone 28 pondent says: "Don't you think that

ther work relieves the feeling of faigue and prevents tired muscles and an aching head?" I certainly do and her prescription should be followed by every woman. The compulsio to laughter need not be a heavy trial. If one feels depressed, it is usually possible to take up a really funny book, and read, aloud if possible. or the "blues" vanish in the hearty laugh ter that accompanies the reading. Of ten, too, simply thinking over and dwelling upon funny happenings and clever speeches of the past will put one in good humor with one's self and the world at large. So, to return to Milton, "quips and
