On the morning of the 17th., snow fell to the depth of about one inch.

We find that for August the honey imported into the United Kingdom, amounted to £1,255 while for September the amount was £2,812. The large increase has been caused by the consignment of the Ontario Bee-Keepers' Association.

INCREASE YOUR HONEY SALES.

By a judicious distribution of our leaflets, "Honey, some reasons why it should be eaten" you can sell every pound of honey you have. Customers who used them last season speak very highly of them. Prices with name and address, per 250, \$1.25; 500, \$2; 1000, \$3.25. Send for samples.

REDUCED PRICE OF SECTIONS.

We have a good many thousand sections cut and stacked up in boxes ready for shipment, and if there are any who feel like laying in a good lot of sections for the season of 1887, we will give them a specially low quotation, so that after counting the interest on the money for eight or ten months, there will still be a good margin of profit in their favor. Of course these quotations will only apply to regular stock, unless where orders are for over 10,000 in odd sizes. Regular sizes are $3\frac{1}{2} \times 4\frac{1}{2}$ and $4\frac{1}{2} \times 4\frac{1}{2}$ and in widths of either $1\frac{1}{2}$ or $1\frac{3}{4}$ inches. The prices we quote are, per 1,000, \$4.25; 10,000 or over, \$3.75. By the way, we didn't mention that these prices are for one-piece Linden (formerly Basswood) V groove

sections. Dovetailed and spruce sections, we will furnish at 10% off price-list rates.

S. P. HODGSON.

CINCINNATI.

There is a lively demand for table honey in square glass jars and the demand for nice comb honey is very good. Demand from manufacturers is slow for dark grades of extracted honey. The range of prices for extracted honey is 3 to 7 cents a pound on arrival. Nice comb honey brings 12 to 15 cents a pound in a jobbing way. There is a good home demand for beeswax. We pay 20 to 23 cents a pound on arrival.

CHAS. F. MUTH & SON.

NEW YORK.

The market for new crop comb honey is just opening. We note an improvement in sales and prices. Most of the comb honey that has arrived is badly colored, which makes it second grade, and we suppose is due to a poor season and long finishing. We quote 1886 crop as follows:— Fancy white comb, 1 lb. sections, clean and neat packages, 15 to 16c.; fancy white comb, 2 lb. sections, clean and neat packages, 12 to 13c.; fair to good, 1 and 2 lb. sections, clean and neat packages, 10 to 14c.; fancy buckwheat, 1 & 2 lb. sections, clean and neat packages, 9 to 12c.; extracted white clover, kegs or small barrels, 6½ to 7c.; extracted California honey, 60 lb. cans, 5 to 5½c.; California Comb, 10 to 11c.; beeswax, 22 to 24c.
