The advantages of being connected with Savings, Loan and Building Associations are only becoming known. The business is getting on firmer ground and former objectors have been converted to admit the superior advantages of the system, properly worked out, over every other form of mutual investment. The uniformly high class of men who are now identifying themselves with Building and Loan Associations gives added assurance of good results. The system is commanding general attention, and appreciation is evidenced by the rapidity with which such institutions are being organized. Responsible agents wanted throughout the country. Liberal terms given to good men.

**Off for the Labrador.**

Acadian Recorder, Halifax, N. S.

Prof. W. M. Reid, J. D. Scomberger, Lyle Vincent and W. D. Vincent, arrived by the Halifax last night. They are some of the party who go to Labrador in the schooner *Evelina*, in the interests of the World's Fair, to secure an Esquimaux village with some fifty inhabitants, and all appurtenances thereto belonging. The schooner left Cunningham & Curren's wharf to-day on her mission.

A Recorder reporter was talking to-day to Capt. Wm. McConnell, of Port Hilford, Guysboro', who is in charge of the vessel. An interesting incident was mentioned (and although it sounds like a "puff" of a patent medicine, it is worth noting) "Do you see that man over there?" said a friend, "that is Capt. McConnell who is going after Esquimaux. I have known him for years, and he was that bad with asthma, that he had sometimes to be held up on board his vessel. You see him?" (he was piling wood in a cord measure to take on board)—"he is a well man; and he attributes it to some of Dr. Williams' Pink Pills that he took, two after each meal."

Out of curiosity, the reporter secured an introduction to the captain, and after some talk about the expedition, remarked: "Is that correct, Captain, about your recovery from asthma, and that you attribute it to those pills?"

"Well, I don't know anything else. I recovered after taking them."

"And haven't been troubled since?"

"No. Of course we will see what this winter may bring forth; I haven't said anything about it."

"But last winter?"

"I began taking them in December, and found the change brought about in my condition, which Dr. Parker, of Halifax, said was about as bad as it could be."

It isn't often that a patent medicine gets such a big boom in the incidence of news-gathering, as is furnished in the above; but it is all set down just as it transpired, incidentally.

The whole Labrador party consists of Messrs. Tabor and Vincent, Prof. Reid, of Harvard College; Mr. Lyle Vincent, St. Louis; Dr. Baur, Philadelphia, a distinguished naturalist; Prof. Gillette, New Haven, Conn., and Hon. W. F. Ryder, Quebec. They expect to return with about 50 Esquimaux, with dogs, komatiks, kayacks, and a general collection of curiosities from Esquimaux land. The schooner is a handsome model, 95 tons, and is a fast sailer. John Silver & Co. furnished the supplies.

The following good story has just been told to us, and as it is by no means a "chestnut," is well worth reproducing in the *News*. An acquaintance living in Racine, ordered, with other books, from Chicago, a copy of Canon Farrar's book, "Seekers After God," just then out. In a short time the other volumes came to hand, but, being out of the Canon's book, the publishers wrote at the bottom of the invoice, "No Seekers after God in Chicago."—*East End News*.
