Drooping Feathers

That were once the pride of an African ostrich now litter the shelves and old corners of the Millinery and Dry Goods stores. They are there for the simple reason that their color is not in the fashion and the graceful curl has left them. That's no reason, however, why they should be lying around.

RE-CURLED PLUMES

that look like new may be evolved from the shapeless mass. We take a particular pride in this artistic work—like to the metamorphosis from limp unshapelessness to gracefully softened curls.

If you have any stock of Tips or Plumets that are useless as they are, send them to us. We'll get the color right—color is a hobby with us—then we curl them and ship them back, good as new.

Prices are Right — Very Low for Large Quantities.
