Feder's
Pompadour
Skirt
Protector

THE avalanche of orders now arriving for Feder's POMPADOUR SKIRT PROTECTOR again demonstrates the popularity of this, the best and only perfect skirt edge. With scores of braids, bindings, velveteens, etc., already on the market when Feder's POMPADOUR Skirt Protector first appeared, it caught up and distanced them all. Both a skirt protector and a trimming, it has such manifest advantages that when once a woman tries it she has no use for any substitute. Feder's POMPADOUR Skirt Protector is made in every fashionable shade for Fall, and as a protection every yard is stamped "FEDER'S." Don't delay your order for Fall colourings.
