ADVICE TO MOTHERS.—MRS. WINSLOW'S SOOTH-ING SVRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as 'bright as a button." It is very pleasant to taste. It oothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhoza, whether arising from teething on other causes. Twenty-five cents a bottle.

The most serviceable Cyclopædia of the age in the interest of Wifehood and Motherhood, embracing Advice to a Wife on the Management of Her Own Health, and on the Treatment ot many Incidental Com-plaints, with an Introductory Chapter, erpecially addressed to a Young Wife. And Advice to a Mother on the Management of Her Children, and on the Treatment of some of their more Pressing Illnesses and Acci-dents. By Pye Henry Chavase, M.D., Fellow of the Royal College of Surgeons of England, Fellow of the Obstetrical Society of London, formerly President of Queen's College Medico-Chirurgical Society, Birming-ham, etc. These are the best books of the kind published, and the high standing of Dr. Chavasse as a phy-sician is a sufficient guarantee that the task he has undertaken has been adequately performed. They are not designed to supersede the regular physician, but rather to help him, and being written in the form of question and an wer, in plain untechnical language which cannot be misunderstood, convey an amount of useful information which every woman who has become a wife or mother should know for her own health and safety's sake and for the well being of her offspring. BRIEF SUMMARY OF CONTENTS.—" Advice to a Wife"—Introductory Chapter on the Health of Wives, Exercise, Ventilation, Ablution, Diet, Stimulants, Dress, Household Duties, and Copious Index. " Advice to a Wife"—Infancy, Childhood, Boyhood and Girlhood, With copions Index. " Every wife should, and every mother must, have a copy of this indispensable volume," is the opinion expressed by physicians and the press everywhere the book is known.
