— A CAN OF —
DIXON'S PURE FLAKE GRAPHITE

Is many times worth its weight in gold to an engin-
eer or machinist. It is not affected by heat, cold,
steam, acids or alkalis. It is useful for hundreds of pur-
poses. It will cool bearings when everything else
fails. It prevents grooving and cutting of cylinders,
and is indispensable to stationary or locomotive engineers.

Sample and interesting pamphlet sent free of charge.

JOS. DIXON CRUCIBLE CO.,
JERSEY CITY, N. J., U. S. A.

Windsor longshoremen, who have hither-
to made no objections to Detroiters
working along the wharves, where many
are employed, now say that they will take
measures to prevent their future employ-
ment. The Bricklayers' Union has in-
duced Ald. Dixon to press a by-law in the
City Council requiring contractors on all
public works to hire only Windsor men.

Emigration from Germany through the
ports of Hamburg and Bremen shows a
further decline in 1896, the totals being
119,788, against 124,189 in 1895, and 238,
258 in 1892. Owing to the prosperous con-
dition of business in Germany at present,
the great demand for labor and the up-
ward tendency of wages, it may be pre-
dicted that the emigration from that
country during the current year will show
a further decline.

Tenders for the various properties in-
volved in the O. Bush estate were opened
and examined at Sheriff Smart's office,
Bockville. There were present besides
the inspectors, Messrs. John Chapman,
North Augusta; A. Paterson, Smith's
Falls; Geo. Baker, Wolford, and W. H.
Mundie, Kemptville; the assignee, Sheriff
Smart, his solicitor, Mr. A. A. Fisher, and
the deputy sheriff. Quite a lot of tenders
were put in but the only properties
definitely sold were Union cheese factory
to Thos. Meech; Kemptville factory to
John Saunders, Mr. Bush's interest in
North Rideau to Fred. Dool, and a trotting
stallion owned by Mr. Bush, to John Mc-
Bratney, of Elizabethtown. The North
August cheese factory was not definitely
disposed of. The Bush residence will be
sold by auction at Kemptville on the
22nd inst.
