

June. The executive has been led to this step for the reason that the American Medical Association holds its annual meeting in Milwaukee on the 6th, 7th, 8th, and 9th of June. Another large gathering of physicians will take place in Omaha during the week previous, in connection with the National Association of Railroad Surgeons. Neither of these meetings would interfere with the annual meeting of the Ontario Medical Association under ordinary circumstances, but this year a special effort is being made to organize a large excursion for the medical profession to the Chicago exhibition in connection with one or both of the above gatherings, and the railroad authorities are offering persuasive inducements in the way of reduced fares. The executive in consequence, deemed that it would best conserve the interests of the association by postponing the annual meeting two weeks beyond its regular date. The attention of the members is drawn to the change in order that they may make their plans for the summer in such a way as to allow them to attend this meeting. D. J. GIBB WISHART, general secretary.

THE PAN-AMERICAN MEDICAL CONGRESS.—The section on Laryngology and Rhinology of the Pan-American Medical Congress is now thoroughly organized, with secretaries in all the countries of South America, as well as in the United States and Canada. The president, Dr. E. Fletcher Ingals, of Chicago, is making a thorough canvass to secure a large number of good papers for the section, and aided as he will be by the secretaries, Drs. Murray and Alonso, and the corps of honorary presidents, he feels assured of the success of this department of the congress. All physicians interested in this section are requested to correspond with the secretary (English) for the United States, DR. T. MORRIS MURRAY, Washington, D.C.

AT a meeting of the Windsor Physicians and Surgeons' Association, held February 13th, 1893, the following resolution was unanimously adopted: "Whereas a number of medical practitioners are endeavoring to secure legislation in a manner subversive to the usefulness of the Ontario Medical Council; we who daily contrast the medical legislation of Michigan with the efficient legislation of Ontario beg to express our entire confidence in our Medical Council. And we beg to urge that any change in legislation that we may desire should be brought about only through the Council by the representatives whom we elect. D. E. BROOK, M.D., secretary."
