

RADNOR MINERAL SPRING WATER

The Purest and Most Delicious of Natural Table Waters. Fresh and Sparkling from the Canadian Laurentian Hills, especially adapted for use in the sick room, and unequalled as an exquisite dilutant with wines and liquors.

ANALYSIS OF RADNOR SPRING WATER

By J. T. DONALD, M.A., *Professor of Chemistry, Medical Faculty, Bishop's College, Analytical and Consulting Chemist and Assayer.*

MONTREAL, June 14, 1894.

"I hereby certify that I have analyzed the sample of Radnor Water received from the Canada Iron Furnace Co., Limited, and find the following results in 10,000 parts of water:

| | | | |
|----------------------------|--------|-------------------------|--------|
| Chloride of Sodium..... | 14.354 | Bicarbonate of Sodium.. | 1.167 |
| Chloride of Potassium..... | .211 | Carbonate of Lime..... | 2.940 |
| Sulphate of Sodium..... | .210 | Carbonate of Iron..... | Traces |
| Sulphate of Magnesia..... | 1.262 | Silica..... | .145 |
| Bromide of Sodium..... | .080 | | |

In 10,000 parts of water.. 20.899

"The analysis shows that Radnor Water is of the same class as Apollinaris and German Seltzer. Like those, it contains no excess of Sodium Chloride and Carbonate of Lime; and, again, like these, it contains the valuable ingredients in such proportions that its use as a table water overcomes constipation and acidity of the stomach in a gentle and pleasant manner. And it must not be forgotten that the valuable Sodium Bromide, which is entirely wanting in the German waters named, exists in appreciable quantity in the Radnor Water, making it a most desirable tonic."

"We have had Radnor Water analyzed, and as the result is highly satisfactory, we shall be pleased to use it on our steamers. (Signed) H. & A. ALLAN."

Are asked every day what should be the basis of children's diet. Permit us to answer that question for you. The food which contains the elements necessary to build up the muscular system and strengthen the bones of a growing child is

RALSTON'S BREAKFAST FOOD

It forms a cereal diet, one bowl containing as much nutriment as four pounds of sirloin steak, costing three times the price. It is rich in phosphates and nitrates without the excess of starch, making a perfect brain and nerve food, all the nourishing elements of carefully selected glutenous hard winter wheat being retained, and the injurious parts that irritate the stomach discarded.
