

The stars forming the Sickel will always have the same relative positions to each other ; but at different times of the year the sickle as a whole will be tilted at different angles.

The following show the results of some recent examinations. The first ten are given in order of merit.

MR. HOLLOWAY'S CLASS.

Scripture History	Whitemarsh, C	Chancey, H
Simpson, W	Hatcher, R	Hill, C
Collins, W	Rodger, H	McNelly, J
