

NEWS AND NOTES.

It seems to be pretty well understood that children must be sick at times, we would say to all anxious mothers that Nestle's Milk Food is an excellent preventative of cholera infantum, and all such complaints so common to children.

A pious gentleman was passing through a public park one Sunday, and came upon some youngsters playing marbles. "Boys," said he, "do you know what day this is?" One of the imps immediately turned to a bystander with, "Here! can you tell this gentleman what day it is—he don't know."

IRON.—The Iron in Estey's Iron and Quinine Tonic is in a form and in a chemical condition easily broken up and assimilated by the blood; and being combined with pure Sulphate of Quinine and Sherry Wine, forms an agreeable and pleasant Tonic and Invigorator to the whole system.

We may seek costly furniture for our homes, fanciful ornaments for our mantelpieces, and rich carpets for our floors; but after the absolute necessities for a home, books are at once the cheapest, and certainly the most useful and abiding embellishments.

I hate anything that occupies more space than it is worth. I hate to see a load of handboxes going along the street, and I hate to see a parcel of big words without any thing in them.—*Hazlitt.*

A GREAT WANT SUPPLIED

The consumers of Kerosene Oil, will find it to their advantage to buy **LUXOR OIL**, as it is without doubt the purest Oil to be had. By actual comparison it will be found as white as water. This is obtained by removing all impurities from the ordinary oil. It is no dearer than ordinary oil. As it will burn one-fourth longer and gives a clear brilliant flame, emitting no smoke or odor. To those using **COAL OIL STOVES** it is highly recommended, as it will give greater heat and will do more cooking for the same money. For sale in barrels and cases, two cans in a case.

Catarrh—A New Treatment.

Perhaps the most extraordinary success that has been achieved in modern science has been attained by the Dixon treatment for catarrh. Out of 200 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefitted, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination; this accomplished, the catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure catarrh in this manner, and no other treatment has ever cured catarrh. The application of the remedy is simple, and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 305 King Street West, Toronto, Canada, and enclose stamp for their treatise on Catarrh.—*Montreal Star.*

Stonewall Jackson's power of self-control was wonderful. One day a warm friend and admirer ventured to ask him which way the army would move on the following day. "Can you keep a secret, sir?" asked Jackson. "Yes, sir," said the gentleman, supposing he was about to obtain the desired information. "Then, sir," retorted Jackson, "so can I!"
