4, Saturday—St. Casimir, King of Poland.

BRIEFLETS

Yesterday was the 21st anniversary of the election of Leo XIII.

Mrs. Kavanagh, of Brandon, is a guest of Mrs. Devine, Donald street.

Rev. Father Audemard, O.M.I., is confined to St. Boniface Hospital with la grippe.

Tyson, an Australian, who left a fortune of five million pounds sterling, made no will.

Rev. Father Blais, O. M. I., the great colonizer, reached Winnipeg from the east last Thursday.

Brothers Mulvihill and Gauthier, O. M. I., of St. Laurent, were in town on business last week.

A decided thaw last week just came in time to wrest from this winter the record for continued severe cold.

Rev. Father Paquin, S. J., Rector of St. Boniface College, is now recruiting at Asheville, N.C. His health is slowly improving.

Mr. W. W. Ogilvie, of Montreal, has forwarded through the Mayor a cheque for one hundred dollars as his contribution towards St. Joseph's Hospital, Port Arthur. This is the only hospital between Rat Portage and Sudbury, 850 miles, and is a most deserving institution. The citizens are much pleased at Mr. Ogilvie's generosity. — Telegram to the Montreal Star. — St. Joseph's Hospital, Port Arthur, is under the management of the Sisters of St. Joseph.

Last Friday the Congregation of the Oblates of Mary Immaculate celebrated the 73rd anniversary of the approbation of their rules by Leo XII. Some twenty-five Reverend Fathers and Brothers from all parts of the archdiocese assembled last Wednesday and Thursday at St. Mary's Presbytery, Winnipeg, whereon Thursday His Grace the Archbishop of St. Boniface addressed to them a touching allocution. On Friday morning the 17th February, the anniversary of that memorable seventeenth of February, 1826, when the then reigning Sovereign Pontiff, Leo the Twelfth, solemnly approved the rules of this new religious community, the Oblate Fathers and Brothers of this vicariate renewed their Oblation of themselves to the service of God.

MR. L. O. LEMIEUX.

We regretfully chronicle the death last Tuesday evening, at St. Boniface Hospital, of Mr.

Louis Odilon Lemieux, brother of Mr. C. A. Lemieux and of Mrs. P. Gosselin of this town. Deceased was aged 49 years and 7 months, and leaves a widow and three children. He was an engineer in the C. P. R. employ and much esteemed by all that knew him. He died fortified with the rites of Holy Church. The funeral, which took place last Thursday at the cathedral, was very largely attended.

R. I. P.

THE SPIRIT OF FATHER DAMIEN.

It is said that, owing to some peculiar hidden influence in our modern life, the terrible disease of cancer is on the increase, while as yet no infallible remedy has been discovered to cure it. Moreover it is a disease of a very loathsome nature and very few have the courage to nurse a cancer patient. A strange custom, too, prevails in cancer hospitals of dismissing the patient after six months. The result is that persons often in the last stages of the disease are cared for, if cared for at all, in the bosom of the family, where surroundings are little conducive to either cure or relief. Rose Hawthorne Lathrop, with a noble devotion characteristic of her spirit of faith and deep piety, has consecrated her life to the relief of this class of sick poor. She hopes to build a commodious cancer home, where she and the devoted women associated with her will provide not simply the necessities, but some of the comforts of life for these forlorn objects of sympathy. In a cheery spirit she writes of her work in the February issue of the *Catholic World Magazine* in the following strain:

"I was informed about a French charity which takes care in a number of hospitals, both in France and England, of incurable cancer cases. I was told that in America these incurable cases, when destitute, are terribly neglected; and, if attended to at all, are dismissed from hospitals after six months, whether death steps in as a relief or years of suffering must ensue. I felt that, as I had time to give to charity, this was the charity I would take up, in the hope of assisting to repeat here the success of the charity in France. Doctors told me there was great need of the work, as a large number of cases existed among the poor and were increasing constantly. Most of my friends

The village blacksmith is usually considered the type of good health. Even he sickens and dies frequently. No man, not even the most robust, can afford to neglect his health, which is his most precious endowment. The man who does so will sooner or later pay the penalty in some serious or fatal malady. When a man finds that he is losing his appetite, that he passes restless nights, that he awakens in the morning unrefreshed and without ambition or mental or bodily vigor, when he is troubled with headaches, nervousness or biliousness, it is time for him to take serious thought for his health. These symptoms are by no means trivial, and are indicative of disorders that may lead to consumption, nervous prostration, malarial troubles or some serious blood disease. Dr. Pierce's Golden Medical Discovery is the best of all medicines for men and women who suffer in this way. It restores the lost appetite; it gives sweet, refreshing sleep; makes the digestion perfect, the liver active and purifies and enriches the blood. It is the great blood-maker and flesh-builder. It cures 98 per cent. of all cases of consumption, weak lungs, bronchitis, spitting of blood, obstinate coughs and kindred ailments. It is also an unfailing cure for nervous exhaustion and prostration. At all medicine stores.

Mrs. Rebecca F. Gardner, of Grafton, York Co., Va., writes: "When I was married, I weighed 125 pounds. I was taken sick and reduced in health and broke out with a disease which my doctor said was eczema. I fell away to 50 pounds. I began using Dr. Pierce's Golden Medical Discovery, and now I weigh 140 pounds, and am well."

Constipation often causes sickness. Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. They are tiny, sugar-coated, anti-bilious granules, in little vials. Druggists have nothing else "just as good." They regulate the Stomach, Liver and Bowels.

A New Departure.

Dr. Marschand, the celebrated French physician, has at last opened his magnificently equipped laboratory in Windsor, Ont. There is a large staff of chemists and physicians at his command, and the men and women of Canada may now procure the advice of this famous specialist free of charge.

Dr. Marschand has a world-wide reputation for successfully treating all nervous diseases of men and women, and you have but to write the doctor to be convinced that your answer, when received, is from a man who is entitled to the high position he holds in the medical fraternity. Why suffer in silence when you can secure the advice of this eminent physician free of charge. All correspondence is strictly confidential and names are held as sacred. Answers to correspondents are mailed in plain envelopes. You are not asked to pay any exorbitant price for medicines, in fact it rarely happens that a patient has expended over 50 cents to one dollar before he or she becomes a firm friend and admirer of the doctor.

A special staff of lady physicians assist Dr. Marschand in his treatment of female cases. Always inclose three-cent stamp when you write and address The Dr. Marschand Chemical Co., Detroit, Mich. U. S. A. Mention the Northwest Review when you write the Doctor.

begged me not to enter into such a loathsome occupation I persisted; took a few rooms in the poorest district; immediately found myself appealed to by persons afflicted with the disease; soon had several patients living with me in my little rooms, and was joined by a few women as interested as myself in the scheme. At the end of two years and a half I find myself more strenuously encouraged by the sympathy of others than at the beginning of my work. Once in awhile I fortify my finances by appeals in the daily press for money, clothing and medicines for the poor sick I care for, and immediately there is a moderate response from charitable persons, sufficient to keep me at my post.

Mrs. Lathrop's new home is located at 668 Water street, New York, in one of the poorest sections of the city.

Cor. Portage Ave. & Fort St. Telephone 750.

"Abort 1730," says Dr. Ashe "Porter has first manufactured in the City of London" This name was given to the beverage, because the principal consumers, were the Stalwart Porters of the day, who found its invigorating properties most beneficial, under their strain of work.

The names of Porter or Stout (as used by the public) are synonymous. We wish to mention our STOUT. Made from pure Malt and Hops it is most nourishing to the Invalid, because of its peculiar, aromatic flavour.

It is grateful to the Jaded Palate because of its TONIC QUALITIES.

It creates a healthy appetite, and builds up the system.

All sized bottles from half pints.

EDWARD L. DREWRY,

20 Miles to Procure Medicine.

Winfield, Ont.

W. H. COMSTOCK, Brockville.

DEAR SIR,—Am selling your "Dr. Morse's Indian Root Pills" in this locality. I have customers who come 20 miles for the sake of getting Morse's Pills. This speaks for itself as to their value. I use them in our family with "the most satisfactory results." My wife has been cured of "sick headache" by their use. We could do no without them.

Yours, etc., A. KRAMPIEN.
