

WHAT IS CATARRH?

From the Mail (Can.) Dec. 15.

Catarrh is a mucous-purulent discharge caused by the presence and development of the vegetable parasite amoeba in the internal lining membrane of the nose. This parasite is only developed under favourable circumstances, and these are:—Morbid state of the blood, as the blighted corpuscle of uric acid, the germ poison of syphilis, mercury, toxemia, from the retention of the effeted matter of the skin, suppressed perspiration, badly ventilated sleeping apartments, and other poisons that are germinated in the blood. These poisons keep the internal lining membrane of the nose in a constant state of irritation, ever ready for the deposit of the seeds of these germs, which spread up the nostrils and down the fauces, or back of the throat, causing ulceration of the throat; up the eustachian tubes, causing deafness; burrowing in the vocal cords, causing hoarseness, usurping the proper structure of the bronchial tubes, ending in pulmonary consumption and death.

Many attempts have been made to discover a cure for this distressing disease by the use of inhalants and other ingenious devices, but none of these treatments can do a particle of good until the parasites are either destroyed or removed from the mucous tissue. Some time since a well-known physician of forty years' standing, after much experimenting, succeeded in discovering the necessary combination of ingredients which never fail in absolutely and permanently eradicating this horrible disease, whether standing for one year or forty years. Those who may be suffering from the above disease, should, without delay, communicate with the business managers.

TESTIMONIALS.

MONTREAL, QUE., Nov. 15th, 1883.
I hereby certify that I have analyzed and tested the material called "White Bronze," manufactured for monumental purposes by the St. Thomas White Bronze Monument Company, and I find it composed, as represented, of *Refined Metallic Zinc*, of a very superior quality to sheet zinc, and almost *absolutely pure*. Its great durability under all exposure to weather and storm is therefore fully assured by its high quality. And it will resist decay and further oxidation when its surface is once coated. It is then more durable than stone, and will not lose its handsome appearance from generation to generation. I know of no other material which is equally capable of combining elegance of form, beauty of surface and *indefinite durability*.

Magazine of American History.

"This periodical is without a rival in its domain, and is becoming indispensable to all intelligent readers. It is an unfailing source of historical and documentary evidence of the growth and expansion of our vast country."—*Christian Advocate*

"It is more than a periodical: it gathers into permanent and accessible form material that would otherwise be lost, or only found with great effort. Its articles are uniformly well written, and the illustrations and print complete the attractiveness of the magazine."—*New York Commercial Advertiser*

"Mrs. Lamb is making of this magazine one of the best periodicals in America."—*New York Tribune*

"It is always a pleasure to welcome the *Magazine of American History*, with its antiquarian interest, its historical and biographical value, its fine type and paper, and its antique illustrations."—*Brooklyn Eagle*

"Each number always presents an admirable collection of papers, and maintains the high character of the gifted editor, who, in her history of New York City, displayed the highest qualities of an author. The magazine is as instructive as it is entertaining."—*Scientific American*

"Its contents are excellent, and every family in the world should be on its subscription list."—*Detroit Every Saturday*

"This publication has steadily increased in interest. It fills a niche of its own, and fills it so admirably as to ward off any attempt at competition."—*Baltimore American*

"It is exceedingly valuable for the best portraits of historic characters which can be obtained. Last year the presidents from Washington to Arthur were given from the most authentic sources, and alone they were worth the subscription to the Magazine."—*Newburyport Herald*

"The editor is giving great dignity to our country in recording the lives of families that are noble in the highest sense. The illustrations are very fine and interesting."—*Boston Globe*

"This periodical richly deserves the high rank accorded to it by leading historical scholars in the two hemispheres."—*Boston Transcript*

IT LEADS ALL.

No other blood-purifying medicine is made, or has ever been prepared, which so completely meets the wants of physicians and the general public as

Ayer's Sarsaparilla.

It leads the list as a truly scientific preparation for all blood diseases. If there is a lurking taint of Scrofula about you, AYER'S SARSAPARILLA will dislodge it and expel it from your system. For constitutional or scrofulous Catarrh, AYER'S SARSAPARILLA is the true remedy. It has cured numberless cases. It will stop the nauseous catarrhal discharges, and remove the sickening odor of the breath, which are indications of scrofulous origin.

"Hutto, Tex., Sept. 28, 1882.
ULCEROUS SORES "At the age of two years one of my children was terribly afflicted with ulcerous running sores on its face and neck. At the same time its eyes were swollen, much inflamed, and very sore. Physicians told us that a powerful alterative medicine must be employed. They united in recommending AYER'S SARSAPARILLA. A few doses produced a perceptible improvement, which, by an adherence to your directions, was continued to a complete and permanent cure. No evidence has since appeared of the existence of any scrofulous tendencies; and no treatment of any disorder was ever attended by more prompt or effectual results."
Yours truly,
B. F. JOHNSON."
