BEST Mechanical Principles
ever embodied in a Self-
Binding Harvester.

BEST Materials, and none
but the best, enter into its
construction.

BEST in Workmanship, there
being none to approach it
for care and attention to
Bearings and all details.

BEST in Finish, the "Mas-
sey-Harris" being noted
for its uniform high-class
finish.

BEST Field Work in every
particular: Best Cutting,
Best Delivery, Best Sheaves,
Best Tying.

BEST in point of Adjustment,
for there is nothing to ap-
proach it for adaptability
to all kinds of crops.

BEST for the Operator, as it
is the easiest Self-Binder
to manage that has ever
been made.

BEST for the Horses, since
it is Lightest in Draft and
has a Minimum of Neck
Weight.

BEST
ON
EARTH

The International Field Trials held in all Parts
of the World, have adjudged the Massey-Harris to be
"THE BEST."
