My dear Sir Arthur,

All my best thanks to you for your letter  
and for giving me the address desired in Montreal.

While your letter was crossing the Atlantic  
the Elections have concluded with, as you will now  
know, a very amazing result.

I succeeded in my own constituency, the big  
manufacturing division of Acton, in increasing my  
majority by about 5,000, which was a very useful lead.

With all best wishes to you and  
warmest thanks,

I am,

Yours very truly
