Toronto Stronger Than Ever for Public Ownership

MAYOR: HOCKEN | CONTROLLERS: SIMPSON, MCCARTHY, CHURCH, O'NEILL
ALDERMEN:
ROBBINS, WALTON, HILTZ; ROWLAND, WICKETT, RISK, MAGUIRE, F. SPENCE, McBRIDE; WANLESS
CAMERON, SINGER; DUNN, GRAHAM, MEREDITH; D. SPENCE, MAYBEE, SMITH; WHETTER, RYDING

HOCKEN HAS FIVE THOUSAND PLURALITY OVER F. G. M'BRIEN
GOOD GOVERNMENT CONTINUES

Bitter Personal Campaign Against the Mayor Ended in Defeat for His Opponents, as the Electors Refused to Be Stampeded and Progressive Government at the City Hall Will Continue.

With one subdivision to hear from, the total vote polled for mayor was as follows:

HOCKEN	21,471
McBrien	16,441
Burgess	3,725
Birks	1,511

Mayor Hocken's re-election was of course, a certainty. Altho his majority was not as large as expected, yet when it is considered that he was fighting a strong campaign against him personally, the secret of the heavy vote against him is out. However, his majority is large enough to prove that his personal enemies could not stampede the electorate, notwithstanding their extraordinary effort.

Mayor Hocken has made a bold stand for clean and progressive government. Such a policy is bound to make bitter personal enemies who would move heaven and earth to defeat him. The electors made certain, tho, that Mayor Hocken would remain in office to carry on his strong policy of good government, and they also gave him a splendid working majority in the board of control and the council.

Frederick McBrien must be surprised at the number of votes given him. So must A. E. Burgess. They both made their kick, and the electors have disposed of them.

The vote by wards was as follows:

Ward One.	Hocken	McBrien	Burgess	Birks
1	3436	2232	604	239
Ward Two.	Hocken	McBrien	Burgess	Birks
2	2780	2132	530	127

NURSEY LANDED CHIEF OF GANG

Thought to have been the organizer of a gang of criminals who early last year terrorized the east end by shopbreaking, holdups and robberies, Earl Strachan, 20, was arrested by Acting Detective Nursey of No. 3 station, at the Riverdale Roller Rink Wednesday evening.

The charge on which Strachan is held is that of assault and robbery, in connection with the attempt in May last to rob Miss Pearce, an employee of the Lever Bros., of a satchel containing over \$2000 in wages. Miss Pearce was assaulted at a lonely spot near the factory by two youths about 17 years of age. Detective Nursey afterwards got the two lads, both of whom are now doing time. Strachan skipped across the border, but he has remained across the border. Other charges of a more serious character may be laid. There are additional charges of shopbreaking, involving robberies at Burrow's stores, at 583 and 590 East Gerrard street, and Firth's grocery store on Pape avenue, will be made against Strachan, who is thought to have organized the burglaries.

Another serious offence for which the police were after Strachan was the organized robbery of pay telephone boxes in the east end a year ago.

A Great January Fur Sale.

Many have postponed buying furs till the New Year—awaiting colder weather and reduced prices. The severe weather is instantly sure—the reduced prices are immediately available at Dineen's, 140 Yonge street. This great sale of quality furs will stir the town by reason of the enormous price concessions, which are on a basis never previously approached, and the response is expected to be unparalleled. It will be unique to delay.

ROBBED.

SIMPSON THANKS THE LABOR MEN

Commercial and Industrial Interests Also Remembered by Controller Who Headed Poll.

Controller-elect Simpson, who headed the vote for controllers, has submitted strong proof that organized labor is hereafter to be accepted as one of the most important factors in the election of the civic government.

"Please thank the workmen for their magnificent support of my candidacy," he said last night, "and also thank the commercial and industrial interests of this city for showing that they have every confidence in my integrity and in my ability to serve Toronto on the board of control."

At the World office he addressed the electors from an upstairs window, thanking them for their loyal support and for placing him at the head of the polls for controller. He was glad that the laboring class appreciated his work for them during the past 14 years, and stated that he was now prepared to continue in his fight for workmen's rights. He also thanked the commercial and industrial electors, and the newspapers which have supported him, including The World, Star and Globe and The Industrial Banner, the labor paper. He spoke also in the composing room of The World.

MAYOR GRAHAM IS RE-ELECTED IN LONDON

Richter, Opponent of Public Ownership, Defeated by Seven Hundred in Heavy Vote—Citizens Declare Strongly in Favor of Sunday Car Service.

LONDON, Ont., Jan. 1.—(Can. Press.)—Charles M. R. Graham is again mayor of this city after defeating by a majority of 704 Ald J. G. Richter. Mayor Graham now enters upon his third term.

The campaign was fought on the principle of public ownership. Mayor Graham being a strong advocate of the policies of Adam Beck.

The elections today were featured by a number of important measures. The voting was large and the ratepayers displayed more than the usual amount of interest. London's first board of control, consisting of four members, was selected from a field of nine candidates. The aldermanic campaign was less interesting, twelve being selected from fourteen candidates. There were several bylaws.

New Controllers.

The members of the board of control returned at the polls are: J. P. Moore 3098, W. G. Coles 2969, H. Ashplant 2696, G. E. Rose 2724. Unsuccessful candidates were: Johnston 2568, Bennett 2451, Saunders 2993, Cooper 945, Copp 948.

Lehoo, trustees are as follows: E. R. Dennis, A. M. Hunt, A. E. Silverwood, Thom. J. McQuinn, W. G. Coles, W. G. Young and L. H. Martin.

The aldermen are Messrs. White, Mitchell, Stein, Hanes, Hancock, Danahy, Merryfield, Gwathmal, Wilson, Leah, Winder and McDonald, elected in the foregoing order.

Bylaw to Give the City Council Power to Authorize Sunday Streets.

This was one of the biggest issues of the campaign, having been fought strenuously in the pulpits throughout the city. The vote was 4294 for, 2207 against, majority 2087.

A bylaw to grant permission to a natural gas company to pipe their product through the main streets was passed by a majority of 1742, a result traceable in some measure to the strong objections made by towns where the gas is not at present used against the offensive odor of the gas to be piped.

The vote for 2322, against 474.

The Grease Swift Co. is now authorized by the passing of another bylaw, to take steamships for heating the streets in the downtown section. The vote for 4110, against 2506, majority 1604.

The only industrial bylaw was that to grant a loan of \$25,000 to the Manufacturing Co. The majority in favor of the measure was 2087, but the vote lacked five of the necessary two-thirds.

The city waterworks goes back under the control of the water commissioners as the result of a bylaw which passed by a majority of 2249.

ONLY ONE BYLAW DEFEATED IN HAMILTON

Ratepayers Endorsed Expenditure of Nearly Three-Quarters of a Million—Turned Down Public Library Bylaw by Small Majority—Elections Were Dull.

(Special to The Toronto World.)

HAMILTON, Friday, Jan. 2.—Few surprises were sprung at yesterday's elections, which were among the quietest yet held here. The vote was small, despite the fact that this was the first time elections were held on New Year's Day in this city. In previous years they were held on the first Monday in January. The lack of interest shown is explained by the fact that there was no majority contest and no very important bylaws before the people. The following is the final result of the polling:

Controllers.

T. W. JUTTEN	4885

BURGESS IS SATISFIED WITH ELECTION RESULTS

Showing Made at the Polls Contended Unbacked Candidate for Mayoralty.

Ex-Ald. A. E. Burgess, when asked by The World whether he had any statement to make, replied that he was perfectly content with the opinion voiced at the polls. He had absolutely no complaints to make, and was satisfied with the showing which he had made.

ON THE PEOPLE'S CAR-LINE

Jeff: No, John, tell me what's got it.
 Malster: Billy's in-juns got to him with their Tomahawks!
 Jeff: He's had no hax'. It was Tom Church's long locks I was skeered on. But in-jun fightin' is more plizen'us than black hax'.

ANTI-PURCHASE FREDDY COULD NOT BE LOCATED

Boy Candidate Made Remarkable Run and His Friends Are Satisfied.

Ex-Ald. Fred G. McBrien could not be located at a late hour last night. During the early stages of the evening, when the returns were being received, his friends entertained high hopes that his candidature would make a grand spurt, and might land on top.

Surprise was expressed in all sides at his remarkably good fight which he put up, and neither ex-Ald. McBrien nor his friends had any reason to be disappointed at the result.

EIGHTEEN MEMBERS PLEDGED TO SUBMIT RAILWAY PURCHASE

"The Telegram or the People" Cry Was Answered by the People, and Telegram Influence is Gone From the City Hall Forever.

A large minority of the city council of 1913, supporting the policy of The Telegram, deliberately tried to prevent the agreement of purchase going to the people.

The election yesterday sent to the city council 18 members who are pledged to submit the agreement of purchase to the people. There is a minority of seven who are pledged to support the Telegram and the people. The people most emphatically voted against the policy of The Telegram, and have thus declared that The Telegram tools itself in taking the role of a dictator of civic government. The influence of The Telegram in civic affairs is effectively smothered.

There is probably not one member of the civic government this year that will say one word against submitting to the voters the bylaw providing for the clean-up of the franchises. Eighteen of the members are pledged to support Mayor Hocken in sending the agreement to the people, and the other seven will likely fall into line.

Mayor Hocken can depend upon Controllers Simpson and McCarthy, and Ald. Robbins, Walton, Hiltz, Risk, Wickett, Maguire, F. S. Spence, McBride, Wanless, Cameron, Singer, Dunn, Smith, Ryding and Whetter to support him steadfastly in sending to the people a solution of Toronto's transportation problem. The Telegram can holler all this year, but it cannot down Mayor Hocken.

VOTE HAS ABOLISHED THUGGERY FROM TORONTO'S ADMINISTRATION

"No Newspaper Prejudice Will Dictate the Civic Policy During My Second Year," Declares Mayor Hocken—"Decent Press" is Thanked for Support.

Jubilant was written in every line of Mayor Hocken's face when he was interviewed by a World reporter last evening after the final results had become known, and the mayor considered that he had ample reason to feel elated in view of the opinion which the electors of the City of Toronto had expressed at the polls. He felt that the result was no uncertain indication of the acquiescence and approval of all fair-minded citizens of the faithful and conscientious work which he had done for Toronto during the past twelve months, and, indeed, through his whole public career.

"It is exceedingly gratifying to me," Mayor Hocken told The World, "that I won out in the contest by such a handsome majority, in consideration of the efforts put forth to destroy public confidence in myself and my colleagues. After three hundred days of malicious misrepresentation of every act of mine during the year, I still retain the confidence of my fellow-citizens by a substantial majority."

The Dirty Work.

"The means adopted in an endeavor to defeat me are known best to the proprietor of The Telegram and to the Rapid Transit Association. That organization was started to defeat me, and it was the agency employed to do things which would not bear the light of day."

"I will not be deterred by newspaper thuggery from doing my duty as chief magistrate to the citizens of Toronto. The policy of the board of control for the year 1914 will be dictated by a careful consideration of the interests of the city."

Simpson Heads Polls in Every Ward

McCarthy Next, Church and O'Neill

EX-Controller Foster a Poor Sixth

Keenest Fight for Seats on the Board of Control Ever Known in Toronto Resulted in a Record Number of Votes Being Polled.

Keenest Fight for Seats on the Board of Control Ever Known in Toronto Resulted in a Record Number of Votes Being Polled.

The board of control can run along this year without the troubles of last year from mutiny and boiling. Board of control form of government for Toronto has received the necessary strengthening to prevent its destruction by the Telegram organization.

Controller-elect, Simpson, at the head of the poll, is a strong supporter of the Hocken administration. Controller McCarthy, next on the list, made the fight of his life last year for the Hocken administration. The electors answered The Telegram's scream against Mayor Hocken by putting at the head of the poll two steadfast supporters of Mayor Hocken. Controller Church and Controller O'Neill were given third and fourth place respectively. The World saw to it that Thomas Foster, who headed the list last year, went down and out forever. He deserved his fate. The electors have taught the mutineers of last year a sharp lesson.

The vote by wards follows:
