Few realize that the general attitude of a mother's mind birthmarks her child for either good or ill. If parents realize that coarse, brutal, selfish words, acts and thoughts would be impressed upon their unborn child, surely they would strive to avoid these; and if they short and their opportunities lew for serving the Lord and His Cause. Hence if marriage would interfere with this highest privilege, they would gladly fore-ge a measure of earthly happiness to be more efficient servants of the Lord. This same thought is expressed by Jesus, saying, "Some have made them-selves eunuchs for the Kingdom of Hea-ven's sake" (Matthew 19:12)-have de-nied themselves their privileges and rights as human beings, in order to ren-der better service to the Lord. But this is a sacrifice, a privilege, and not a com-mand, not an obligation, Whoever chooses may sacrifice, and should not be criticized therefor. Whoever prefers not to sacrifice should not be criticized on that account.--Romans 14.4. Business Ideals. We must remember that the Bible has no communication whatever for those who are not Christians. The Christian business man may to some extent be and satin, with a hat to match with flow-ers, and carried a bouquet of pink roses. The bride's table was decorated with white sweet peas and chiffon. It includes his advertising, and the ideals which he sets before his clerks. senting to us fruits and flowers that are senting to us fruits and flowers that are marvelous. Our newspapers are giving us beautiful photogravures. Art is be-coming cheap. Every home should be well supplied, when the cost need be no more than the time to clip from the paper and to arrange tastefully upon the wall. Ideal homes are everywhere being ar-ranged, and even the poorest today have ranged, and even the poorest today have

Christian Ideals the Best.

Before the Christian our Lord sets the very highest ideals: "Be like unto your Father in Heaven." The Heavenly

neighbor before he can do you. But whether following the Golden Rule shall bring little or much success, the businees man who has become a son of God can do no leas, tho he may do as much more as he chooses. A business man's ideals shouid have some bearing upon his manner of doing business, as well as upon the character of the stock he offers for sale. The Christian business man's store should be known as a place where trash and in-jurious things would not be found. Social and Neighboriy ideals. The true Christian is to remember that mothing leas than the Golden Rule may he follow under any circumstances. He must see to it that his children, his chickens, his dogs, etc., do not disturb his neighbors in their proper rights. The Golden Rule requires that he shall do for any one in distress even as ho would have a neighbor do for bim if he were in trevble. "Do good and lend, hoping for nothing again," is to be exemplified in the Christian; but he is not to im-pair his own credit or neglect his obli-gations to his own family. Moreover, proper lending would be merely in case of necessity. He is not to be neighborly because he bopes the neighbor will re-turn the compliment, but because he wishes to live up to the Divine require-ment.
