ROCK ISLAND LOWER

Largely in Evidence Again Yesterday.

NEW YORK, Oct. 19.—Various industrial and special stocks rose to higher levels today under the lead of United States Steel, which made a moximum gain of 11-2 at 87 I-4, or within 75-8 of its record price made in 1909. Steel's advance occurred in the face of persistent opposition from the professional element, which sold the stock on the theory that its rise.

CHICAGO, Oct. 19.—Bearish effects of the immense receipts of wheat in the northwest were nearly offset here today by the absence of great accumulation of stocks there or elsewhere. The market closed nervous, a shade to 4c lower, with December at \$1.06% and May at \$1.07 3-8. Corn finished 4c to 5-8c down, oats off 3-8c to 4c, and provisions showing losses of 10c to 55c.

large amount of British gold via until the Halifax. Rates on Italy were a ly wide. trifle higher, but Austrian bremit-tances were at last week's low quo-tations!

Increased foreign offerings of American bonds made but slight impression on prices. Total sales, par value, \$5.390.000.

Toronto Market Places Another in the List of Immediate Speculative Favorites.

With some irregularity, due to profit-taking, the Toronto stock market con-tinued in its buoyant attitude yesterday, General Electric and Smelters were the centre of attraction, but Nova Scotia Steel came forward as a contestant yes-terday. Local traders are watching the domestic steels carefully, and any dis-tinct signs of demand inside or otherwise will bring an onrush of speculative or-ders. Barcelone was about the only weak stock in the list, with a few sales below 4. Loans are difficult to procure, and block in the list, with a two same and this is against immediate speculation, but it is likely that this will be shortly remedied. The market is entirely one of specific that the same and cialties, and the more staid issues are not at present being considered for profit-

JOINS STANDARD EXCHANGE P. W. Cashman of the J. P. Bickell

Firm Elected Member of Mining Exchange.

Mr. P. W. Cashman was elected a member of the Standard Stock and Mining Exchange yesterday. Mr. Cashman has been connected with the large brokerage firm of J. P. Bickell & Co., Standard Bank Building, since 1911 as general manager, and will still retain that position. Prior to this he had considerable mining experience in Cobalt and Porcumining experience in Cobalt and Porcu-pine, having been one of the pioneers of each camp. Mr. Cashman's mining know-ledge, as well as his general financial ability, eminently fits him for the posi-tions he possibility. he now hold's.

HIGH SILVER VALUES STRUCK AT OLD ROCHESTER MINE

Col. Hay. president of the Trethewey Mining Company, returned from Cobalt yesterday, somewhat elated with a strike just made on the Rochester. The frethejust made on the Rochester. The frethewey obtained control of the Roster Company some time ago, and by ar agement started work thru the Lamsden shaft, the property adjoining the Rochester. Drifting took place at the 300-foot level, and a vein of silver and smallite was struck on Saturday last. Samples were brought down by Col. Hay, and Morgan Cartwright of the Adanac mine also brought a sample. As the Trethewey Company will receive 90 per cent. of the values from the Rochester, the find is important to Trethewey shareholders. The strike on the Rochester has again emphasized the richness of the Timiskaming-Beaver end of the camp, and an early strike on the Shamrock, which has early strike on the Shamrock, which has been reopened, will necessarily stimulate the whole district.

MONTREIAL, Oct. 19.—More high records for the year were established in another broad market for stocks here to day, with activity on a greater scale than on any day since the reopening of the exchange Transactions in listed shares totalled 18,991, or about 1000 shares more than the record total for the year. Heavy buying of Montreal Power was to of 10½ points to 238½. All but ½ point of the advance was retained in the final dealings. Concurrently with this advance Cedars Rapids broke into new high ground at 75½ and closed at the best, while Shawinigan touched a new high for the year at 138, and Laurentide improved fractionally to 194½. Shawinigan sold off two later and closed ½ lower on the day at 136½, and Laurentide vielded aft its advance and ½ moren as the falling to 102½. From that level there was a rally that carried the price up to 183½ in the afternoon and the close was steady at 197, or one point up from a trong in the morning when it rose 2½ to 90, its highest level in the early summer. Later it receded to 88¾ and finished there with a net gain of 1½ for the day. Quebec Railway opened ½ up to 20½, a new high for the year, fell to 17½ and rabilled to 18¾, the net change on transactione in 3300 shares being 1%.

Vipond and McIntyre Absorb Most of the Speculative Interest in Mining Market.

While the local mining market showed no great resiliency yesterday, and trading was, if anything, less active, the same dogged firmness in undertone marked the whole of the dealings. Speculative interest was largely absorbed by McIntyre and Vipond, and each made further advances and held them. Both of these companies are believed to be making steady and substantial development, which will mean dividends at a later date, and much higher prices are thought to be warranted for them. Dealings in most other stocks were them. Dealings in most other stocks were not impressive, and prices were steady. The offerings in the market are considered insignificant, and any demand of moment has an immediate effect upon

YESTERDAY'S SILVER PRICES. In London yesterday bar silver closed unchanged at 23 15-16d per ounce. The New York price was 49%c.

FEW PLUMS ON MARKET

Peaches had a "come back" yesterday, when large quantities arrived on the wholesale market, one firm having over 500 baskets, and another over 1000 baskets. The bulk of them were not of very good quality, but a few were choice and of good color. The six-quarts sold at 15c to 30c, and the bulk of the 11's at from 20c to 35c, the few choice ones bringing 50c to 60c.

There were a few plums shipped in again yesterday, some 11-quart damsons elling at 75c per basket, and 11-quart green gages at 65c.

Keefer pears sell at from 20c to 35c per 11-quart basket, while the better varieties bring from 40c to 60c, according to brand

WINNIPEG GRAIN MARKET. WINNIPEG, Oct. 19.-Wheat closed WINNIPEG, Oct. 19.—Wheat closed 1%c to 2½c higher today, oats ¾c to 2%c higher, and flax 1½c to 2c above. The market started out comparatively steady, but in the first two hours quite a change had taken place. October was bid at \$1.02¼, other months 1¾c to 2½c over yesterday's close.

A feature of the market was the keen export demand for oats at prices which at one time showed an advance of 2¾c on October and 1¼c to 1¾c on the other on October and 1%c to 1%c on the other months. Flax also shared in the general advance. The bullish influence was at-tributed to the unsettled weather and

MONTREAL GRAIN MARKET. MONTREAL, Oct. 19.-There was a advance. The bullish influence was attributed to the unsettled weather and strong export demand. Cash demand for all grades of wheat was good. Oats and barley in demand. Flax was unchanged.

CLEARANCES.

Wheat, 768,000 bushels: corn, 20,000 bushels; oats, 2000 bushels; flour, 30,000 bushels: wheat and flour, equal to 903,000 bushels.

MONTREAL, Oct. 19.—There was a fair enquiry from export buyers for Manitoba spring wheat, but the prices bid were very irregular, some being higher, others lower and a few unchanged. consequently only 2 few odd loads were worked. The demand for oats was good, but owing to the sharp advance at Winnipeg no business was reported for export account. The local market is firm. Flour fairly active. Milifeed is unchanged. Demand for butter is fair at firm prices. The trade in cheese is quiet. Eggs active and firm.
