WANT CITY TO PROVIDE HOSPITAL FOR INSANE

But Controllers Politely Suggest to Deputation That Government Might Help.

That the city authorities should take immediate action to influence the provincial government towards the establishment of a psychiatric hospital adjacent to the new general hospital, for the treatment of "incipient insanity," was the view impressed upon the board of control yesterday by a large deputation representing the associated charities of the city.

The deputation was introduced by Rev. Dr. Turnbull, who directed attention to the crowded condition of the Toronto jail and to the fact that there were a number of insane persons confined there contrary to law.

Dr. Clarke, superintendent of the Toronto Asylum, stated that there were 100 patients awaiting admission to the institution, over which he presides, exclusive of 42 now confined in the Toronto jail. He suggested that the city supply a site to the south of the new general hospital for the establishment of a hospital for treatment of incipient insanity for 200 patients, could be erected. The present institution had accommodation for 900. He estimated that fully 50 per cent. of the cases of insanity in the city are from among those coming here from foreign lands. The conditions now existing he declared a reproach to the city and the province.

Blamed the Controllers.
 Hamilton Cassels reproached the board of control and the city council for the conditions existing. They were elected to look after the city's interests, he declared, and it was their duty to take the matter up with the government.

Mr. A. E. Hunter also spoke briefly. Dr. Bruce Smith, provincial inspector of hospitals, was also a speaker and the mayor met him with a proposal that the city would supply a site if the government would do the rest, towards the establishment of a psychiatric hospital. Dr. Smith said he believed the government would be inclined to meet the proposal.

Controller Church said that the city was the dumping ground for the province and the provincial government was seeking to unload the responsibility of caring for the unfortunate upon the municipalities.

This was also the opinion of Controller Hocken.

Controller Spence explained that one reason the city was crowded was that the city had but recently secured the legislation empowering them to expropriate land outside the city for the jail farm it was proposed to establish.

The mayor assured the deputation that what they were seeking had been in the minds of the members of the board for the past few years, and they had interviewed the government

Turndown for Smokers.

Controlled Church moved a resolution to try and secure an order from the Ontario Railway and Municipal Board to permit smoking on open street cars.

Commissioners Hope to Relieve Downtown Congestion.

At the meeting of the police commissioners yesterday, Chief Grassett's recommendation that the police be given full control of all street traffic, pedestrian as well as street car and vehicular, was adopted, subject to the understanding that the police use their widened powers reasonably.

The object of the new scheme is to keep traffic of all kinds moving more freely and to make the streets more passable at all times.

With recent additions to its staff and the increased and increasing business of the detective department of the police, the need for additional force for this branch of the service is becoming ever more pressing than heretofore. This was the burden of a report made by Lieut. Tofts to the board of control, for relief and a letter from Dr. Sprague, police surgeon, declaring that the present quarters were a menace to the health of the men. The matter will be referred to the board of control.

P. C. Arrowsmith was granted leave of absence to go to England, and P. C. Walsh was given leave of absence to enable him to go where mineral water bubbles up out of the bowels of the earth to cure his rheumatism.

P. C. Alton and Chestnut, two probationers, didn't like the job and quit several days ago. Their resignations were formally accepted by the commissioners.

AN OLD BRUCE COUNTY PIONEER

PAISLEY, May 2.—There passed away on Saturday at his home here, a well-known resident, in the person of John Macdonald. The deceased was in his 84th year and was born in Glasgow, Scotland, and came to this country some 75 years ago, with his widow, mother and sister. He resided for a short time in the Village of Mount Pleasant, in the County of Brant; he removed from there to St. Mary's and subsequently to Paisley, where he has resided for the past 40 years or more, and where he conducted successfully a hardware business under the firm name of John Macdonald & Sons. The deceased was well-known in Paisley and surrounding country and was beloved by all for his kindly disposition. He is survived by two sons, James Macdonald, hardware merchant of Tara, and Wallace of Macdonald & Hay, hardware merchants of North Bay.

FREE LIST BILL

Attacked by Republicans as Onslaught on Policy of Protection.

WASHINGTON, May 2.—Protection and free trade were the themes of today's debate in the house, over the Democratic bill to put agricultural implements and certain food products and manufactured articles on the free list. Mr. Tilson, of Connecticut, said his state, usually referred to in tariff debates as a manufacturing community, held large and important farming interests, but that the farmers of that state refused to be caught by the name "farmers' free list bill" on the Democratic measure.

Messrs. S. W. Smith, of Michigan, and Ehrke, of South Dakota, Republicans, opposed the measure because of its assault on the decline of protection. Mr. Cattlin, of Missouri, declared that it would give a firm foothold in the United States to the growing Japanese trade.

Messrs. Byrns and Sims, of Tennessee, and Lever and Byrnes, of South Carolina, all Democrats, defended the bill.

Mr. Mondell declared that putting meats and other articles on the free list would reduce wages of American laboring men, and that the Democrats were "handing the farmer a gold brick."

6 MONTHS FOR MANSLAUGHTER

Norman Henry, Whose Blow Killed Italian, Sentenced.

Norman Henry, better known upon the streets which he frequented as "Moon-Eye," pleaded guilty before Chief Justice Sir William Meredith in the criminal assizes yesterday morning to the crime of manslaughter. He was sent to the Central Prison for six months. He had killed Nicola Saracino, an Italian, by striking him in a brawl in West Queen-street. The Italian fell and was later arrested as a drunk. Later it was found that his skull was fractured, and he was taken to St. Michael's Hospital from police court, where he died.

The chief justice, in pronouncing sentence, told the young man that had it not been patent that there was no intention to inflict serious injury, he would have made the sentence much more severe. As it was, he hoped that this experience would be a lesson to him. He advised him to eliminate liquor and loose women from the future equation of his life.

DETAINED AT QUARANTINE.

MONTREAL, May 2.—The Dominion liner, "Dominion," from Liverpool, which arrived at Quebec to-night, was delayed for some time at the quarantine station at Grosse Ile, owing to there being two suspected smallpox cases aboard. Two hundred and twenty-eight of the passengers who had been travelling in the same division as the suspects were landed at the quarantine station with two weeks' supplies before the steamer could come on to Quebec.

Carpenters Return to Work.

KINGSTON, May 2.—(Special).—The carpenters were given an increase to 35 cents per hour and returned to work, but the masons' helpers are still out. The stonecutters and masons have not yet settled their disagreement and work on Queen's ne whoulding is still held up.

TRIAL STARTS TO-DAY IN FARMERS' BANK CASES

Grand Jury Returns True Bill—McLetchie is Also Committed.

Today is set for the first shot in the prosecution of the Farmers' Bank cases, before Chief Justice Meredith, in the criminal assizes. The charge of manslaughter against Herbert McLetchie, chauffeur, who is alleged to be the man who ran down the old man Jacobs in West Bloor-street, and then sped on leaving his victim lying in the roadway, will be heard in the morning should the grand jury return a true bill. The evidence had been heard by them and they will present their findings at 10 o'clock this morning.

At 2 o'clock the court will take up the charge of conspiracy to fraudulently secure the certificate of the treasury board of Canada, which allowed the Farmers' Bank to commence business. Upon this charge the grand jury yesterday indicted John Watson, John Ferguson, Alexander Fraser and A. S. Low, the provisional directors of the bank; Clark H. Smith, secretary; Dr. Beattie Nesbitt and G. J. Warren and J. R. Stratton, M.P.

Prominent Kinaston Lawyer Dead.
KINGSTON, May 2.—(Special).—Robert Vachou Rogers, K.C., LL.D., died at four o'clock this morning after an illness extending over three months. He was 88 years of age and one of the city's oldest lawyers. He was the youngest son of the late Rev. R. V. Rogers, head master of the old Kingston Grammar School, and was a lecturer in law at Queen's and a member of the firm of Kirpatrick, Rogers & Nickle. For many years he was lay secretary of the Ontario Synod.

HOSPITALS FOR GRAIN

Amendment to Grain Bill Moved in the Senate.

OTTAWA, May 2.—The senate spent the whole of today's sitting in committee on the grain bill. Sir Richard Cartwright proposed several amendments, the principal one providing that the grain commission should license as hospitals for the treatment of damaged or rejected grain, such a number of elevators at terminal points as they chose. They shall require a bond from every elevator and anyone having grain so treated, shall have the right to have such grain re-inspected.

Sensors Loughheed and Thompson wanted to know why grain after treatment should not be graded on its merits.

WANT CONFESSION MODIFIED

Hamilton Presbytery Say it is Driving Men From Ministry.

ST. CATHARINES, May 2.—(Special).—This afternoon Hamilton Presbytery gave an attentive ear to the motion by Rev. John Young, to recommend to the general assembly the entire removal or radical moderation of the question, "Do you believe in the Westminster Confession of Faith?" now put to applicants for ordination. It was argued that the demand for an affirmative answer is driving men from the ministry. The question was forwarded to the general assembly without local discussion.

The calls of Rev. R. Young of Parkham, and Rev. R. M. Pee of Dunnville, to Pettapiece, Man, were sustained, but that of St. Andrew's Church, Toronto, to Rev. Dr. Gray of Dundas, was deferred until a special meeting in Hamilton on the 16th. The presbytery recommended that in future the minimum stipend be \$1200.

WHAT YOU WANT IS A CURE

COME TO ME AND YOU WILL GET IT YOU NEED HELP? Do Not Let False Pride or Modesty Prevent You From Obtaining Relief at Once.

To be strong and manly is the aim of every man, and yet how many we find who are wasting the vitality and strength which nature gives them. Instead of developing into the strong, vigorous, manly young fellows that nature intended them to be, they find themselves broken down and dependent—no ambition to do anything. They struggle aimlessly along, sooner or later to become victims of dreaded diseases, their inner sensibilities blunted and their nerves shattered.

You can talk with the men and women who have been cured by my treatment, and that's worth considering. I might preach for years in my efforts to attract attention to my arguments. But when I tell you I have cured your neighbor, Mr. Walker, or your old friend, Mr. Williams, and that you can go and ask them, then I have given you proof, and you know that I can do all that I claim.

And I want you to give me credit for what I prove. There's nothing surer than the word of an honest man, and when such men as these admit that I cured them, you know that I can cure you.

HERE IS PROOF OF MY ARGUMENTS:
 Dear Sir,—Your Belt has been a boon to me. The enjuncions have ceased. My Rheumatism in the shoulder has gone. I must say that I feel that life is now worth living. The most noticeable thing is the blood; it seems to have increased very much in circulation. Before using the Belt, I took a swim in the lake and don't feel the cold at all. I think your Belt will do all you claim it will, and then some more.

A. G. ROFFEY, Wainwright, Ont.
 Box 128, Guelph, Ont.

Dear Sir,—Your Belt has helped me wonderfully for I am feeling now as present. I have gained nine pounds in weight and I give you the credit for it. I am stronger than I ever was in my life. I sleep well, eat well and feel fine, and I am sure your Belt did it. Yours truly,
 T. MALKIN.

Dr. McLaughlin's Electric Belt Cures

Rheumatism, Kidney Troubles, Lame Back, Sciatica, Stomach Troubles, Nervous Debility, Lost Vitality and every indication that you are breaking down physically.

Then here's a remedy that is a remedy! It's Nature's medicine! If you haven't confidence in Electricity, let me treat you at my risk. I will give you the Belt on trial, without one cent of risk to yourself. Give me reasonable security, and I will take your case, and you can
