DOAN'S KIDNEY PILLS

have changed all that.

have changed all that. They cure diabetes—cure when all else fails. Mr. Jesse Knowles, an employee of Goldie & McCullough Co., Safe Manu-facturers, Galt, Ont., tells how Doan's Kidney Pills cured him of Diabetes: 'For one year past I have had severe pain in the small of my back, with rheumatic pains in both the arms. Sometimes my back felt as if it was be-ing torn open. I was exceedingly dizzy at times and always drowsy. The urine was orange colored with a brown endiment and prove for a start in the start of the start of

brown sediment, and very frequent in passing, and also very great in quan-tity. I am sure that I had diabetes for I

had every symptom of it. I have taken 3 boxes of Doan's Kidney Pills. Everything is changed now. The pain, the stupid, tired feelings have vanished and I must say that the Doan's Kidney Pills were the medicine that has effected this remarkable cure.

the question any serious consideration. Wiarton Harbor. Now, in reference to Wiarton Harbor, I may say that it is the nearest of all the Georgian Bay ports to the Northwest, which is a great point in its favor. Secondly, it is a perfect natural harbor, will float the whole British navy, and give it plenty of room and depth of water for all its man-oeuvres, as there is never less at the docks than 17 feet of water. Lastly, it will never cost the public one cent for diredg-ing, as the leagest vessel in the trade can safely unload at either of our wharves without the least danger of being stuck in the mud, and thereby causing damage and delays. I feet confident that if the claims of Water on be fairly considered it will be found that it is by all odds the best har-bor and terminus for the accommodation of the grain trade going to Taronto. If depth of water and size be wanted, both are to be found in perfection here, and as regards dredging. I repeat what I have at-ready said, there will never be a dollar re-quired to deepen the water sufficiently to safely float the largest grain vessel that will leaw a Lake Superior port for many a year to come.

## Old Officer Revisits Toronto.

Colonel Taylor, an old officer of the 1st Battalion of the 16th Bedfordshire Regi-Battalion of the 16th Bedfordshire Regi-ment, has been a visitor in the city during the past two weeks, and yesterday left for his home in Cheltenham, England. This was the first visit of the colonei to this coun-try since 1861, when he came over at the time of the Trent affair. He has a long military career, having been Assistant Mus-ketry Instructor in the 16th Bedfordshire in 1863. At the rifle match in Grimsby, Ontario, when Corporai John Nunn and Lieut. Lefevre made the highest scores, Col. Taylor subscribed 55 as a prize. Be-fore teaving Col. Taylor became a life mem-ber of the Army and Navy Veterans, and contributed the usual fee of \$15. Mr. A. S. Northeimer, the well-known piano manu-facturer, is a brother-in-law of Col. Taylor.

is Sick With the Disease. Niagara, Ont. Jan. 15.—No little excite-ment and anxiety was caused here Satur-day evening, when it was reported that smallpox had broken out at Fort Niagara, N. Y., just across the river from here, and where about 500 men are stationed. The patient, who is a recruit, has been sick for about two weeks, but it was not definitely known till within a few days ago he was suffering from smallpox. Post Surgeon Dr. Wakeman has isolated the patient to a rumote part of the Fort, and everything possible is being done to prevent the spread of the disease.
