The Old Board Re-Elected With One Exception—President Gartshore's Remarks—Their Excellencies the Earl and Countess of Minto Will Be Asked to Open the Fair.

After the adoption of the annual reports published in yesterday's Advertiser, the Western Fair Association took up the election of officers. The meeting was a very harmonious one, and there was only one change made in the directorate, ex-Mayor Little's name being substituted for that of Wm. Yates, who would be unable to fill the position on account of other matters occupying his time.

Col. Gartshore, the president, occupied the chair, and Mr. Thomas A. Browne acted as secretary. The members present were: Messrs. J. S. Scarff, Woodstock; James Henderson, Belton; Charles E. LITTLE BABYS SCALY BLEEDING SORES

No Rest Day or Night. Sufferings Beyond Description. Divided to a Skeleton. All Thought would Die.

Mother Reads of Wonderful Cure by CUTICURA. Father Goes 5 Miles to Get It. Instant and Grateful Relief.

Complete Cure in Nine Weeks, and Not a Sign Left to Tell of His Awful Sufferings.

My baby had a terrible breaking out all over his face and head, extending half way down his back, while his arm became one solid, scaly, bleeding sore. A physician gave me a prescription which I used, but he kept getting worse, and suffered beyond description. The pain became so intense that he had to be put under opiates. We could get no rest, night or day. He dwindled down to a mere skeleton. Everybody who saw him said he would surely die. As a last resort a trip to the country was suggested, and as my mother saw the child she got a copy of an Atlanta paper, in which there was an account of a wonderful cure CUTICURA REMEDY. I bought a box of CUTICURA REMEDY, and started to the nearest drug store, which was five miles, and purchased CUTICURA (ointment), CUTICURA SOAP, and CUTICURA RESOLVENT. We applied as per directions putting plenty of the CUTICURA on his head, face, arm, and back. The child slept for over two hours that night, improved daily, and in nine weeks from the time he started on the CUTICURA REMEDY he was able to discontinue their use, and not a sign left to tell of his awful sufferings.

Mrs. ROBERTA DAVIS, South Atlanta, Ga., Aug. 29, 1898.
REPLY FOR SELF-TORTURED BABIES AND REST FOR THREE MOTHERS in a warm bath with CUTICURA SOAP, and a single application of CUTICURA (ointment), greatest of emollients and skin cures. This treatment will give instant relief, permit rest for parent and sleep for child, and point to a speedy, permanent, and economical cure of itching, burning, bleeding, scaly, pimply, and crusty skin and scalp humors with loss of hair, when all else fails.

Following are the officers who will look after the interests of the Western Fair in 1899:

President—Col. Gartshore.
First Vice-President—J. W. Little.
Second Vice-President—Allan Bogue, Westminster.
Secretary—Thos. A. Browne.
Treasurer—D. Mackenzie.

Directors—Messrs. Gartshore, Col. Leys, A. M. Smart, J. H. Brown, J. S. Pearce, W. J. Reid, George Taylor, W. M. Spencer, W. R. Hobbs, R. A. Carrothers, R. Shaw-Wood and J. W. Little.

Chairmen of Committees—Gates and tickets, W. M. Spencer; grounds and buildings, Jas. H. Brown; attractions, W. J. Reid; finance, A. M. Smart; printing, W. R. Hobbs.
Col. Gartshore, the president, made a few remarks in presenting the annual report. The fair since its inception, he said, had been an uninterrupted success. He attributed the success of the Western largely to care and economy on the part of the directors, though, of course, cheap fares and fine weather were important factors. The speaker went on to say that while the directors of recent years, under the presidency of Capt. Porte and Lieut. Col. Leys, were entitled to great credit, such men as John Campbell, Jas. Cousins, Wm. McBride, Sunnyside Johnston and others, who fostered the exhibition in its infancy, were also worthy of great praise. The association owed them a deep debt of gratitude. It was expected that the Earl and Countess of Minto would be in attendance at the fair of 1899, and open the proceedings. Correspondence had already passed between the board and their excellencies in the regard. He also hoped that the excursion from Conneaut would become an annual affair.

GENERAL BUSINESS.

The meeting approved of the action of the directors in setting apart \$5,000 as a reserve fund.

The Canadian Horticultural Association asked that they be allowed a representative on the board. The Canadian Horticultural Association of Western Ontario gave notice of their annual grant of \$50, and the beekeepers their grant of \$10 to the fair.

The new board will deal with requests from Chas. Fahnen, Crediton; J. P. Mulock, Crediton; Dugald Campbell, Colingwood, for the placing of Victoria swine in the prize list; from H. E. Moore, North Morningside, Mich., asking for a class for Merino sheep; R. J. Hine, Dutton, asking for some changes in the rules governing the exhibition of sheep.

Mr. C. M. Simmons informed the association that the Shorthorn Breeders' Association had decided to give \$50 to Toronto or London fair—which ever would offer the best inducements to bring the shorthorn breeders to their exhibition. The grant was to be given in prizes for shorthorn cattle only, and it was anticipated that exhibitors would come from all parts of Canada and many parts of the United States.

P. W. Hodson, secretary of the Live Stock Breeders' Association, wrote that the next winter fat stock show would be held either in Toronto or London, and he asked if London would be prepared to stand by the offer made recently. Mr. Browne will inform him that the offer is still good.

COLD WEATHER IN THE YEAR '81

Temperature 83 Degrees Below Zero in This City During That Winter.

A correspondent writes calling attention to an extract from The Advertiser's columns of Feb. 2, 1881, in connection with the statement that the recent cold snap—25° below zero—was the coldest weather in 25 years. The extract follows:

"The intense cold of the past two nights has penetrated dwellings and buildings generally, making them in many cases uncomfortably cold. Water and gas pipes are reported to have been frozen up in all directions. The thermometers in the city and suburbs at an early hour this morning registered as low as 25° below zero. Mr. W. Y. Brunton's showing that, on Talbot street, near John Kent's thermometer, located on the north side of his residence in London South, marked 24° below zero at 6:30 o'clock a.m. Mr. G. S. Birrell, whose house is situated on Craig street, has a self-registering thermometer, which showed the greatest degree of cold during the night to have been 24° below zero; several others gave the same figure. Mr. John Pennington, of Pall Mall street, gives it as below 30°, and a gentleman who owns a market garden

JAMES WRIGHT AT REST

Well-Known and Public Spirited Citizen Passed to the Great Beyond—After an Illness of Several Months—Sketch of His Life.

After ailing for some seven months, Mr. James Wright, of the hardware firm of James Wright & Co., passed quietly away at his residence, 586 Wellington street, at an early hour last night. Since July last he had been in somewhat poor health, and in November had to take to his bed, with Bright's disease. He has since that time been gradually sinking, and his death was hourly expected for some days before the end came.

Mr. Wright was one of the ablest and most highly esteemed businessmen of London, and was well known throughout Ontario. He was born in Scotland in 1832, and was reared in his native country, receiving a liberal education in the normal school of Glasgow, and afterwards engaging in teaching for several years. In 1858 he came to Canada, purchased 200 acres of land, and engaged in agricultural pursuits. This, however, he continued for a short time only returning to teaching, and occupying a position on the London public school staff for three months, and for five or six years on the staff of the old grammar school. In 1864, he engaged in the retail hardware business with Mr. Jas. Cowan, and on the dissolution of that partnership, went into the wholesale trade, subsequently taking the late John Bland into partnership with him. No firm attained a more enviable reputation. From his first settlement in London, Mr. Wright took an active part in everything tending to the substantial growth of the city, and while firm in his convictions and of decided opinions, his career has been such as to meet the approval of all good thinking men. In educational matters he always took a deep interest, and for twenty years served on the school board. The deceased was at one time a member of the Established Church of Scotland, but when the congregation of that denomination in this city disbanded, he joined the Church of England, remaining a constant and consistent member of the Memorial Church ever since. His wife, who was a daughter of Joseph Hayes, an early settler of the county, died three and a half years ago, and Mr. John Bland, his business partner for many years, passed away about a year since. Mr. Wright leaves a family of four daughters and two sons.

The funeral will take place on Friday afternoon from his late residence. William, the eldest son of deceased, will carry on the business.

MR. HOUSE, OF BERLIN.

Cured of Lumbago by Dodd's Kidney Pills.

Berlin, Feb. 15.—Everyone in Berlin knows Andrew House. He is a respected and prosperous resident, who numbers his friends by hundreds.

For over a year past Mr. House was tormented by severe pains in his back, which increased in severity in spite of doctors and their medicines. He was advised to try Dodd's Kidney Pills. He did so. That night he felt less pain. Daily the pains abated, and in less than two weeks, Dodd's Kidney Pills had cured him thoroughly.

There is only one sure and unfailing cure for Backache. That cure is Dodd's Kidney Pills. Experience has proved this thousands of times.
