There is nothing more productive of general ill-health than constipation of the bowels, and a regular action is absolutely essential to general health. One of the most common, painful and troublesome troubles caused by constipation is piles, and unless the bowels are kept open by the use of a good laxative such as Milburn's Laxa-Liver Pills, the whole system will be poisoned and many different complications of diseases arise, so if you would be well, keep your bowels regular.

SENATOR SLEEPS WHILE ON TRIAL

GRAND RAPIDS, Mich. Feb. 17. - Senator Newberry, on trial here with 122 of his political associates on a charge of election conspiracy, slept peacefully in the courtroom while the trial was in progress this morning. Stormbound trains and the influenza epidemic kept all the witnesses away, and the morning was taken up with the reading of documentary evidence regarding expenditures in connection with the Newberry campaign. It was so dull that the senator fell asleep.

MONTREAL, Feb. 17 .- The Montreal Herald today makes the following announcement:

"Refusal of some of the Canadian papermakers to supply the Canadian market is causing serious embarrassment to some newspapers, and unless the situation is relieved within a day or two the Herald will be forced to suspend publication. The first to suspend as a result of the paper combine were the Winnipeg papers, but the results of the suspension to them were not so serious as they will be to the Herald. Although the Herald will have a claim for damages, this will not repair the injury."

JOHN SUCKLING, General Sales Manager

Gentlemen:

The prevailing unsettled conditions of affairs will doubtless continue for some time to come; still, there is no reason why we all should not strive our utmost to overcome, as far as it lies in our power, some of the difficulties which confront us.

Primarily the chief difficulty is in procuring raw materials, and it is on these basic necessities that our future and that of every other business house in Canada depends.

Making rash promises and trusting to fate for their fulfilment is speculative besides being mighty poor business.

I have created a precedent by breaking away from the timehonored custom of sending representatives out on the road, commencing January 1st. Instead, I have devoted the whole of January in securing inventories from my Spinning Plants, Tanneries, Cotton Mills, Warehouses and factories. The exact knowledge gained places me in a position where I know just how I am situated and what I can offer you.

The tremendous demand for "Bob Long" products, the popularity they enjoy and the enviable position they occupy in the public estimation,—must perforce make me exercise great care in the quality of goods I deliver, and in the statements I make to the Retail Merchants of Canada.

All of my representatives are now on the road. Each one carries a complete range of "Bob Long" samples. One of these men will call on you in the very near future and it will be to our mutual interest if you await his arrival—he has many surprises in store for you.

Don't neglect to make use of my statistical bureau-it was inaugurated to enable you to procure authentic, world-wide market information regarding wearing apparel—this information is yours for the asking.

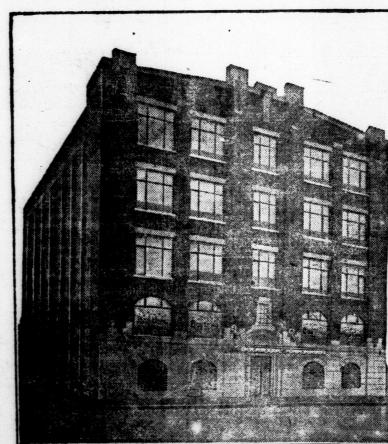

"Bob Long" brands are known everywhere—"from coast to coast." Our salesman will call anywhere—no place too large or small. If one does not call on you, write to me direct and I will have one come and see you at once.

Wishing every merchant continued success for 1920.

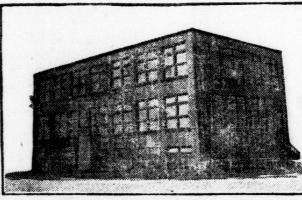

Yours very truly,

President and Gen. Manager,
