CAPTURED STOLEN CAR

London, July 11.—An air raid on the enemy fleet off Constantinople was announced in a statement of the British war office today. Bombs were dropped on the Turkish cruiser Ywus Sultan Selim, formerly the German cruiser Goeben. The extent of the damage to the vessel is not given.

The war office, which occupies a commanding position on a hill, and is visible from all directions, was also an easy target.

Among the damaged enemy ships was a converted liner which was used as the headquarters of the German staff.

Vice-Admiral's Report.

The announcement follows:

for Toronto. Acting Detective Nich-olls started out along the Lake Shore Washington. July 11.—President Wilson appealed to the country's business interests tonight to put aside every selfish consideration and to give their aid to the nation as freely as those who go out to offer their lives on the battlefield. In a statement addressed to the coal operators and manufacturers, he gave assurances that just prices will be paid by the government and the public during the war, but warned that no attempt to extort unusual profits will be tolerated. "Your patriotism," said the president's appeal, "is of the same self-denying stuff as the patrict on the field of France. Let us never speak, then, of profits and patriotism in the same sentence. road on a motorcycle, spied the man and machine, and gave chase. But Darroch eluded the detective and turned along Roncesvalles avenue, debouched upon Dundas street, sped to Spadina avenue, and back along Queen street. Nicholls, who had tak-en a short cut, chased Darroch into the arms of the policeman **ENGINEERS' REPORT OUT** Recommendations for Steam and "I shall expect every man who is not a slacker to be at my side thruout this great enterprise. In it no man can win homor who thinks of himself."

The president declared there must be but one price for the government and for the public. He expressed confidence that business generally will be found loyal to the last degree, and that the problem of the last degree, and that the problem of war-time prices, which, he declared, will be solved rightly thru patriotic co-operation. In unmeasured terms, however, Mr. Wilson condemned the shipowners of the country for maintaining a schedule of coean freight rates which has placed "almost insuperable obstacles" in the path of the government.

BIG FOOD SUPPLIES IN COLD STORAGE London Calls Attention to Ignor-

Cost of Living Commissioner Accuses Plants of Speculation.

PRICES HAVE TO DROP

Stocks Held in Vaults Greatly Exceed Those of Last Year.

Year.

Ottawa, July 11.—The increase of holdings by the cold storage companies of Carada, compared with the stocks one year ago of beef, bacon, ham, mutton and Jamb, is not justifiable and is speculative. This is the statement made tonight by W. F. O'Connor, K.C., the cost of living commissioner, as the result of returns which he has received from two-thirds of the cold storage companies of the country. "The price of these commodities should forthwith drop," he states.

On July 1 the quantity of beef on hand was \$6.16.415 pounds, as compared with 4.479.106 pounds on the same date last year, an increase of 48 per cent.

The supply of bacon on July 1 was \$413.855 pounds, an increase of 40 per cent, over the year before; ham, 1.518.238 pounds, or a ten per cent, increase.

The amount of mutton and lamb in cold storage on July 1 was \$66.832 pounds, as compared with 186.536 pounds the year before, or an increase of 24 per cent.

The cold storage companies show an increase of nearly 300,000 pounds of butter in 1917 over 1916, an increase of nearly 6,000,000 pounds of pork which is one and a half times as much as was in store in 1916, but Mr. O'Connor states that the increased holdings of butter, eggs and pork are justifiable because of an equivalent increase of sales since 1916. Upon that basis the increase of holdings of beef, bacon, ham, mutton and lamb are not justifiable.

"Excess stocks will have to be discharged by sale," he said.

He states that the stocks of cheese are running too low, and with sales of cheese greatly in excess of 1916 the cold storage stocks have been depleted over 1,000,000 pounds, or about 20 per cent.

Similar statistical data for the United States published today show an increase of 59 per cent. In boldings of pork, a decrease of 17 per cent, in holdings of port.

Similar statistical data for the United States published today show an increase of 59 per cent, in beef over 1916, a very small increase of holdings of pork, a decrease of 17 per cent, in holdings of port.

"To speculation, hig

THE DAY'S EVENTS REVIEWED

The Russians are not pausing for a rest, but are pursuing their advantage with great energy in eastern Galicia. The Germans reported last night that the Russians had already established fighting contact with them on the Lomnica River, where they had been driven. The Russians have actually broken a broad section of the enemy's front and they are steadily pushing forward on a continuous front of more than 100 miles between Tarnopol and the Carpathians. Lemberg is now open to attack from Halicz and the ability of the Germans to hold it depends on their doubtful power of swiftly bringing up reserves. The surprise attacks on Presumed to have died-139709, F. J. Wesley, 7 Afton avenue, Toronto; 201049,

In fact, my troubles have all been overcome, and

It Passed Over.

With the aid of a gang of men some progress has been made in the removal of the city's 40-ton steam shovel toward Catfish Pond. This monster has done so much damage to Quebec and Gleniake avenues over which it passed that the city has to repair the roads. Those in charge of the work hope to get the steam shovel to the pond by Saturday. Lieut. McRuer, 79 Gothic avenue, is returning home on leave of absence from the front, according to a letter received by John McRuer. The lieutenant, who was wounded on April 9, was a prominent member of the Victoria Presbyterian Church.

Corp. Harry Kee, 128 Pacific avenue.

Church.

Corp. Harry Kee, 128 Pacific avenue, in a letter to his mother, Mrs. Isabella Kee, writes that he has received a barto his military medal, awarded to him for exemplary conduct under shell fire, in the battles of last June. Since October last he has been thru all the Canadian engagements, and has once been slightly wounded. Before enlisting with the Mounted Rifles he worked for the Toronto Hydro-Electric Commission.

MANY WORKERS SPENT DAY IN THE GARDEN

Some North Fairbank and Earls court Residents Marooned By Street Car Strike.

With the exception of the women With the exception of the women employed in the munition factories in the city, all the working people of the Earls-court district were compelled to walk to and from their work yesterday.

The munition plants, according to arrangements previously made in anticipation of a scrike in connection with the Toronto Street Railway, provided transportation by motor cars, both morning and evening. In the extreme northern portion of North Earlscourt, Fairbank and Eglinton, a large number of workers, owing to the distance, made the day a holiday and busied themselves with their gardens and other work in their homes.

The picnic which was to have been held at the island yesterday in connec-tion with the Earlscourt Methodist Church Sunday School was postponed.

The St. Clair avenue civic cars were not affected by the strike, as thruout the day the regular service was maintained. Many in the Caledonia and Silverthorn districts Journeyed to Yonge street and walked the remainder of the journey to the city.
