NEWSPAPER FROM HAMILTON CITY.
THREW VITRIOL ON CHURCH'S NECK.
ALFRED MILLS NOW IN THE JAIL

Hamilton, March 12.—(Special)—Alfred H. Mills, Union Park, was arrested today, and taken to the jail by County Constable Cope on the charge of assaulting his wife. The neighbors laid the information that led to the arrest. They told the authorities that Mills had thrown vitriol on his wife's neck, and that he was accused of the police have an idea that the wife will not press the charge.

N. TORONTO CARRIES LOCAL OPTION
BUT BYLAW MAY PROVE INVALID

North Toronto, March 11.—(Special)—A local option bylaw carried in the township on Saturday by a majority of 25. The total vote polled was 511, the heaviest ever cast in the municipality. The total votes on the lists were 502, but a large percentage of these are non-residents, many living out of reach on an occasion of this kind. The majority was conceded to be the result of the non-resident vote, which was thereby canvassed by those working for the bylaw. The resident vote against the bylaw was largely uncollected, the antis confining their efforts to a strong attack.

Successing field reports increase the extent of the Russian disaster. It will require months to re-organize and re-organize the Russian armies. ESTIMATES OF CASUALTIES GIVEN BY CAPTIVES REACH 40 PER CENT. The artillery losses are especially heavy. The captured guns have not yet been counted, but the numerous captured stores and munitions are valued at millions of dollars. This loss materially adds to the crippling of the Russian armies.

During the recent operations against the Russians the left portion of the fifth army marched 40 miles in one day, greatly aiding in the achievement of the victory.

Captives taken in this last engagement make the total of prisoners now held by Japanese 75,000. Their care is becoming a very expensive problem. The government is formulating plans to remove all military prisoners to islands, probably in the inland sea, and it is possible that all the captives will be removed there.

St. Petersburg, March 12.—Gen. Kurapatkin has telegraphed to Emperor Nicholas as follows, under date of March 11, 10:40 p.m.: "Today the enemy's attack was confined to the rear-guard of three Siberian corps."

The first army, ebullient in front of the other armies, continues to retreat toward positions indicated for all the other armies.

According to a report from the commander of the third army, received today, his rear-guard occupied a position on the Manchurian river, 12 miles from the Pass. Only a small detachment of the Japanese, mainly cavalry, confronted this rear-guard.

From Feb. 18 to March 11 inclusive 719 officers and 46,891 men are missing from roll call. The wounded have been sent north.

The Japanese casualties have been estimated at 41,000. THE JAPANESE CAPTURED A REMAINING RUSSIAN COLUMN AT THE PU RIVER YESTERDAY (Saturday).

London papers this morning are occupied by the question of whether Russia can continue the campaign. Even in the light of later despatches showing that Gen. Kurapatkin has retrieved a portion of two of his armies, it is contended that his great army no longer exists as a concrete fighting force, and it is believed the Japanese, after a few days, which are required to rest and reorganize, will compel him to fight another battle in his present exhausted and demoralized condition at the Pass. In short, the general opinion is that in the face of financial and other difficulties an attempt to continue the war would be madness.

A later report says that the Russian Baltic fleet is still waiting at Madagascar.

LIFE OF GERMAN EMPIRE DEPENDS ON TERRITORIAL SPOILS OF A SUCCESSFUL WAR.

Berlin, March 12.—For the last six years it has been evident that Germany is determined upon a policy of expansion which, in the nature of things, must bode ill good for some power. Which power is to become the victim is not yet apparent, but there is no doubt that in England the prophet who has excitedly warned the British empire to beware has a large following. Figures show that gains are constantly being made by Germany in shipping, while there is a corresponding falling off in distribution in the English coast.

GERMANY READY TO STRIKE.

Germany has little excuse for distributing her naval forces. It has been truly said the German navy is always on the verge of being constructed and trained to deliver the first blow, the value of which has been made apparent by the German fleet's attack on the Dogger Bank incident and after the British admiralty's redistribution of the British fleet, the German navy was more effectively mobilized and ready to meet any sudden English coast.

WILL SEND ANOTHER ARMY TO RUSSIA ANSWERS DEFEAT

St. Petersburg, March 12.—(Special)—The immediate answer of the Russian Government to the demand at Moscow for an announcement that a new army was being raised, and the forces in the far east organized, that Vice-Admiral Bogoyavlensky will be ordered to sail to conclusions undertaken, but with the 1905 campaign seemingly already hopelessly compromised, retreat to Harbin inevitable, and Vladivostok practically lost, declares that the Russian navy has not yet come when Russia can be forced to humble herself.
