No Time For Wavering Purpose; No Patch-up Dishonoring Compromise

Premier Asquith Says There Must be Adequate Reparation For Past; Adequate Security For Future—The Allies Continue to Carry On

London, Oct. 11, 4.35 p.m.—"THIS IS NO TIME FOR FALTERING COUNSEL OR WAVERING PURPOSE," SAID PREMIER ASQUITH IN ADDRESSING THE HOUSE OF COMMONS TODAY.

"THIS WAR CANNOT BE ALLOWED TO END IN SOME PATCH-UP, PRECARIOUS AND DISHONORING COMPROMISE, MASQUERADING UNDER THE NAME OF PEACE.

"NO ONE DESIRES TO PROLONG, FOR A SINGLE MOMENT LONGER THAN IS NECESSARY, THE TRAGIC SPECTACLE OF BLOODSHED AND DESTRUCTION, BUT WE OWE IT TO THOSE WHO HAVE GIVEN THEIR LIVES THAT THEIR SUPREME SACRIFICES SHALL NOT HAVE BEEN UNAVAILING.

"THE ENDS OF THE ALLIES ARE WELL KNOWN. THEY HAVE BEEN FREQUENTLY STATED. THEY ARE NOT SELFISH, THEY ARE NOT VINDICTIVE, BUT THEY REQUIRE ADEQUATE REPARATION FOR THE PAST, AND ADEQUATE SECURITY FOR THE FUTURE."

The house cheered the premier loudly as he made these remarks, in concluding his address, after moving a vote of credit for £300,000,000. When the premier moved a vote of credit of £300,000,000, he brought up the total for the current financial year to £1,350,000,000.

The daily average of expenditures had risen slightly, he said, and was £5,070,000 for the last seventy-seven days of the financial year. Expenditures for the army had fallen off slightly, while those for munitions had increased somewhat.

The defeat of the Turks at the Katia Oasis, east of the Suez Canal, had gone far to remove the danger of attack on the canal, and had impaired Turkish prestige in Arabia and Syria.

The whole of the German East African coast had been occupied, the premier continued, and the complete conquest of the colony was only a matter of time.

In the west, Mr. Asquith said, the French and British had advanced a distance of seven miles on a front of nine miles, but the most important feature of the advance was that in no case had a counter-attack succeeded in driving them back.

The Germans had virtually abandoned the attack on Verdun, and their losses had been very heavy. He gave the total number of prisoners taken by the Allies on the Somme front as 60,474 in addition to which there had been captured 304 guns and 1,030 machine guns.

Premier Asquith referred to the complete co-ordination of the general staff of the four great powers, and to the sympathy and interest with which Great Britain is observing the courage, tenacity and strategic skill displayed by Italy and Russia in the more distant fields.

"I wish I could add Greece, with her imperishable record of resistance against the onrush of barbarism and tyranny," he continued.

"Even now Greece, wisely guided and wisely governed, might take a worthy part on the side to which she is committed by great and glorious traditions."

London, Oct. 12.—The official communication from British headquarters to France, issued at midnight, reports heavy shelling of the Canadian front north of Courcellette, particularly at the Hessian trench and the Staff redoubt lately captured by the heroic second division.

Rome, Oct. 11, via London, 3.08 p.m.—Italian troops, fighting in the Carro region southeast of Gorizia, have resumed their march towards Trieste, capturing several Austrian trenches and more than 5,000 prisoners, says the official statement issued by the war office today.

The Hague, Oct. 11, via London.—The Dutch government, it is learned, on the basis of facts already ascertained, will ask Germany to explain the sinking of the Dutch steamer Bloemerdijk in the Atlantic, off the New England coast, last Sunday.

Paris, Oct. 11.—The newspapers continue to discuss animatedly the situation created by the operations of German submarines in American waters.

Paris, Oct. 11.—The newspapers continue to discuss animatedly the situation created by the operations of German submarines in American waters.

Ottawa, Oct. 11.—Although New Brunswick will remain officially a part of Military District No. 6, the militia department has made the province a temporary separate district, while the war lasts.

The separation from the jurisdiction of the maritime province district headquarters, however, is not quite complete. Brigadier-General McLean, who has been given charge of the New Brunswick forces, will, with his staff, practically have autonomous administrative control, but according to official procedure there is to be a sort of suzerainty from the present headquarters at Halifax.

General McLean's headquarters staff can, however, now communicate direct with Ottawa without having to follow the old red tape route via Halifax. An arrangement reached is apparently a somewhat elastic one, based on an understanding at headquarters and not specifically put in order-in-council form.

182 YEARS AGO TODAY

Jacques Cartier, the famous discoverer, used the crude essences of roots and herbs to cure a skin disease which broke out amongst his crew.

his descendant, Mr. J. Cartier of 2912 Clarke St., Montreal, has been cured of eczema by essences of roots and herbs. These, however, instead of being crude as used by his ancestor, were prepared exclusively of vegetable extracts and herbal essences, with none of the animal fats or poisonous mineral drugs found in ordinary ointments.

Following is his letter: "Allow me to express to you my gratitude for the benefit I have derived from the use of Zam-Buk. It is the best remedy obtainable for eczema. I always keep it in the house as our family doctor; its healing and curative power is immense. I have no objection to your publishing my letter, as I wish everyone to know the high quality of Zam-Buk."

The reason for Zam-Buk's superiority is easily explainable. Zam-Buk is composed exclusively of vegetable extracts and herbal essences, with none of the animal fats or poisonous mineral drugs found in ordinary ointments. Zam-Buk is thus so refined that

its power of penetration is extraordinary. This power of penetration, together with its germ-killing properties, makes it possible for Zam-Buk to reach and destroy all the germs in the underlying tissues, which is where skin diseases have their roots.

Having destroyed the germs and thoroughly cleansed the diseased parts, the healing essences of Zam-Buk promote new growth. This new tissue gradually builds itself up to the surface skin, and a complete and permanent cure is the result.

Zam-Buk is best, not only for eczema, but also for ringworm, ulcers, abscesses, running sores, old wounds, blood-poisoning, boils, piles, burns, scalds, cuts and all skin injuries. All suggestions of Zam-Buk Co., Toronto, 59c. box, 3 for \$1.25.

FORMER ST. JOHN MAN DIES IN WAR

H. E. Davidson Killed in Action on Sept 26

Fourteen Additional New Brunswick Men in Last Night's Casualty List; T.D. Popham Returns From Front; Two Recruits Yesterday

J. H. Davidson received a telegram last night from Mrs. H. Edgar Davidson, of Winnipeg stating that her husband had been killed in action in France on September 26. H. Edgar Davidson was a son of the late Gilbert Davidson and spent many years in and about St. John in his profession. He was a young man of engaging personality and numbered hosts of friends in St. John and other parts of the province who will learn of his untimely death with sincere regret.

Private T. D. Popham, a member of barracks orderly corporal is Corporal Timothy Deveau.

That Lieut. C. F. Leonard of the "Fighting 20th" has been appointed captain is contained in a recent cable from London.

The names of fourteen New Brunswick men appear in the midnight casualty list: Wounded, John J. Doucet, Bathurst; previously reported missing, now killed in action, Gordon Frost, Campbellton; died of wounds, John McDonald, Bathurst; wounded, Duncan Robertson, St. John; Corporal John H. O'Brien, St. Stephen; Gordon D. Barbour, Harvey; died of wounds, Edgar Little, Ridgerton; James A. Wilson, Berry's Mills; R. Wilson, Moncton; William James Smith, Dalhousie; Howard Steves, Campbellton; Ray A. Stewart, Pomeroy Ridge; Arthur Kenneth Robertson, Dalhousie; and Warren H. Colpitts, Mapleton.

Sergeant W. Percy Crawford of Hampden has been admitted to a hospital in France as the result of wounds received. He went over with a draft from the 26th battalion, October 10.

SGT-MAJOR J. WALLACE COREY of the 26th Battalion, wounded in the battle of Courcellette.

Mr. Davidson enlisted with a Winnipeg battalion, early this year, and had been at the front but a short time. While in the west he was in the employ of the Canadian Northern railway, as operator and, during the fifteen years he had spent in that part of Canada he had seen service for the company at many western points. Early this year he threw up his position and joined the fighting forces. His brother, G. D. Davidson, received a card from him a few days ago dated September 22, just three days before he was killed. The card was one of the regulation army cards and had been written from somewhere in France.

Two brothers and three sisters survive. The brothers are J. H. Davidson and G. D. Davidson, of this city. The sisters are Mrs. W. F. Lewis, of St. John; Mrs. D. C. Brown, of Le Pas (Man.); and Mrs. Charles Russ, of Montreal.

Alive and Well. London, Oct. 11.—(Montreal Gazette Cable)—Miss MacDonald, chief matron of the Canadian Medical Services, has received intimation, that her brother, Captain D. P. MacDonald, who was reported killed at the end of September, is alive and well. Captain MacDonald came over with a Nova Scotia artillery unit last With the 165th.

Two promotions appear in battalion orders, acting Corporal M. H. Leveson, of "C" company, is appointed provisional corporal, and Private Thomas Hamard is appointed provisional lance corporal. In this connection it may be noted that all military appointments which are made in Canada are provisional and it is not until a man actually lands in France that his appointment is actual.

The orderly office of the battalion today is Lieutenant L. H. LeBlanc, the next for duty, Lieutenant L. A. Legere, while the barracks orderly sergeant today is Sergeant Albion Doucet and the
