

## REV. J. DUNLOP SPEAKS OF WORK OF THE CHURCH

"Central" Pastor to Take Up New Duties Next Month

PROGRESS IN FOUR YEARS TOUCHED ON

Church Work in General and His Conception of Pastor's Place

At the mid-week service in the Central Baptist church last evening Rev. James Dunlop, who has successfully carried on the duties of pastor for four years, referred to his severing of his pastoral relations with that church to take over the pastorate of the Charlotte street Baptist church, West Saint John. He will preach his final sermon at Central on next Sunday evening and will take over his new duties on the second Sunday in September.

A native of Scotland, Rev. Mr. Dunlop has spent some time on this continent. He has gained a high place as a preacher and writer and in Saint John has won a great number of friends. At the service last night, Rev. Mr. Dunlop referred to his departure by saying that since he did not intend to preach any "farewell sermon" on Sunday he wished briefly to refer to the work in which they were engaged. He was glad that the church had been able to secure a successor without a long interregnum. He was glad that the Rev. Bruce D. Knott, B.A., of Yarmouth, was able to undertake the work, for he was known in the province as a very efficient pastor. He wished for church and pastor a long, useful and happy pastorate.

**WORDS OF PRAISE.**  
A good plant was a great requisite for useful service; and the plant at Central had been repaired, redecorated

and altered. Organized life and happy fellowship were a necessity; and he was glad to be leaving the church organized, peaceful and prosperous. The prayer service had been a source of joy for four years. The public services of the church had steadily grown. Throughout the four years there had been no evangelist in the church. The church had been trained to do its own evangelism. This year, 40 had joined the fellowship. In the deacons' board and the business meetings of the church, in four years, there had been no quarrels. This, of course, was, he added, because he always had his own way. The choir had been loyal and efficient to the last; and the young people were the finest he had seen anywhere—a much better type than when he was a boy. He was grateful for every thought, word or deed that had increased his usefulness or happiness. Any work done well would no doubt remain. Words spoken unwisely and deeds that were unworthy would be no doubt forgiven and forgotten.

### CHURCH WORK IN GENERAL.

In relation to church work generally, Mr. Dunlop said: "No church need fear any danger from without. Difficulties from without are always brought prosperity to the church. The only enemy the church need fear is herself; and her dangers are all within her own fellowship; and her greatest quarrels are over trifles. There is no quarrel over a big idea. If the idea is big enough it ends the quarrel."

"The biggest thing on earth today is the church of God. When kingdoms fall, they rise no more. Empires perish in the dust and their thrones are never re-established; but Christ's Kingdom is an everlasting kingdom. It is the only institution that has the seeds of new life within itself. It can replenish its waning strength and bring back its ancient glory and usefulness at will. All the resources of the God-head are at its disposal. It is only a question of contact with Him who stands at the centre of the world, who is God's Executor of spiritual forces, and who alone is able to solve the riddle of the universe."

### CONCEPTION OF HIS WORK.

In relation to his own conception of his work, Mr. Dunlop added: "A Christian minister is a spiritual chauffeur. Any chauffeur can run a car on a straight and even road. It takes experience and resourcefulness to keep an old car out of the ditch, on a dangerous turn, when the steering gear is unreliable. "A Christian church is like a fruit truck built to transport native produce

lots of PEP for breakfast means lots of PEP all day Kellogg's PEP THE PEPPY BRAN FOOD

from the market to feed the hungry. If the car is out of date or ramshackle, the chauffeur may have to spend most of his time as a spiritual mechanic doing repairs and keeping the machine in order. His work is then unproductive. He may grow the finest fruit in the world and have neither joy nor confidence in his work, not knowing whether the fruit will reach the market; or have to be gathered, damaged, from the roadside into his truck; and towed back to the farm.

"Personally, I would rather be a spiritual chauffeur on the highway than work in the garage as a repair mechanic. I love to drive along the great highways of life; to test my brain and hand in negotiating the crossings of the busy streets. The steering gear must then be responsive to my call. Otherwise there may be a smash; and I may lose my license or my life."

"I am resolved never to work for an employer who prefers a ramshackle, broken-down, out-of-date car to a new model merely because it was the car his father used when he bought the farm. It is bad for the farmer—it keeps him poor. It is bad for the people—they are denied God's gifts of the soil."

"Up-to-date, efficient machines bring joy to the chauffeur and wealth to the farmer, and peace and plenty to the community; and they are now within the reach of all. It is a sin to be without them. "To be out-of-date and unprogressive is a sin against God, the community and ourselves. A thing cannot be economically bad and morally good; and a church cannot be, at the same time, unprogressive in the community, and loyal to God, truth and life. Things which are contradictory cannot both be true. Progress is God's unchanging law of life."

## CUBA ACTS TO AID CANADIAN SHIPPERS

Arrangements With The Trade Bodies to be Extended in Dominion

MONTREAL, Aug. 19.—Canadian exporters may now ship their goods to Cuba without having to take out an affidavit before a notary that the prices quoted by the exporters are the true prices of the goods in Canada.

While the Montreal Board of Trade and the Chambre de Commerce were the only bodies so far in Canada to whom the privilege of establishing that prices quoted by exporters were true ones was extended, Consular Agent A. J. G. Belandier, Consul General in Havana, added that a similar concession would be granted other first class Boards of Trade and Chambers of Commerce were they applied for it.

R. G. Belandier, Cuban consul here, said last night that he had received no word of the above matter as yet. He intended to do as much as he was in his power to increase New Brunswick exports to Cuba, he added.

## FIRE LAST NIGHT

Outbreak in Toledo Scale Co. Premises in Prince William Street

The sprinkler system gave the alarm for a fire in Prince William street last night when a blaze broke out about 11 o'clock in the repair room of the Toledo Scale Co., Barnes building. It is thought the fire originated from spontaneous combustion in a box of paper. Several scales were damaged and quite a stock of repair parts destroyed but the building was not damaged to any extent.

An alarm was rung in from Box 26 by Policeman McGill when he heard the sprinkler system gong sound and the fire department extinguished the fire with a stream from the chemical engine.

Some paper in the basement, belonging to Barnes and Co. was damaged by water. The loss to both the Scale Co. and Barnes and Co., is covered by insurance.

### ASTORS FETED

ISLEBORO, Me., Aug. 18.—Viscount and Lady Astor were the guests of honor tonight at the Isleboro Inn, Dark Harbor, at a dinner and ball given by Mrs. Henry Rogers Winthrop, of New York, the most brilliant social function given the guests during their stay here.

### PREACHING HERE

Gordon Ross, a theological student of Wolfville College, who is highly spoken of, is preaching very helpful sermons in the Charlotte street Baptist church, West Saint John, during the month of August.

In 1925 the port of Vancouver, British Columbia, exported goods to a value of \$410,427,868, an increase of \$48,000,000 over the volume of 1924.

## Nomination Day Is Set For August 30

HALIFAX, Aug. 18.—The writ for the by-election in Queens county, necessitated by the appointment today

of W. L. Hall, K. C., Halifax crown prosecutor, as Attorney-General of Nova Scotia, was issued this afternoon, setting August 30 as nomination day.

Mr. Hall's appointment followed the resignation of Hon. J. C. Douglas, who

resigned the portfolio and his seat in Cape Breton East to accept the Federal nomination in Antigonish-Guysboro. The new Attorney-General was a Conservative member of the Nova Scotia House of Assembly for Queens county.

## \$10 Wins the Day MARCUS' \$10 Lay Away Sale

## FOR Stomach Acid PHILLIPS' Milk of Magnesia

Instead of soda hereafter take a little "Phillips' Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

**BETTER THAN SODA**  
For fifty years genuine "Phillips' Milk of Magnesia," has been prescribed by physicians because it overcomes three times as much acid in

the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.
