Exquisite Fabrics Treated
"Differently"

The value of a lovely Frock or Gown lies not alone in its charm—though that should be inappreciable. Its fabric should exhibit that finished perfection; its style should be suitably adapted to the individuality of the wearer; its form and draping should hang just correctly—accentuating here, subduing there.

The new Dresses, Frocks and Gowns, exhibited in Our Women's "Apparel Shop" assure one of a happy selection, no matter how careful or varied one's tastes may be.
