## SUICIDE OF DR. FEE

Kingston's Medical Health Officer Shoots Himself.

### CRAZED BY HIS BLINDNESS

Became Melancholy Through Long Suffering From a Disease of the Eyes—Sight of One Eye Gone and Other Threatened—Details of the Sad Tragedy—Had Municipal and Educational Career.

Kingston, Sept. 1.—Early yesterday afternoon citizens were shocked to hear that the Medical Health Officer, Dr. S. H. Fee, had shot himself fatally with a revolver.  
About 12 o'clock he went to the home of his brother, and after conversing with him for a few minutes he went on a lounge in a room and shut the door. Half an hour afterwards the housekeeper heard heavy breathing and went into the room. She was horrified to find Dr. Fee lying on the floor unconscious with a gaping hole in his right temple and a revolver by his side. She had been in the back of the house and no sound of a shot reached her. Dr. Campbell and Williamson were at once summoned, but nothing could be done. The body was taken to the morgue and the return of consciousness.

Dr. Fee had been falling in health for the past two years. His optic nerves were diseased and he had already lost the sight of one eye. Since last December his work as Health Officer had been performed by Dr. Sands. It is believed that his mind gave way.  
Dr. Fee was 45 years of age and was born in Ireland. He was Health Officer since 1886. He was also a member of the School Board for three years. He was unmarried and leaves a brother, William Fee, and three sisters, Mrs. Davidson, Mrs. William Masie and Mrs. William Shannon.  
It is not likely an inquest will be held.

### Used a Rusty Revolver.

Toronto, Sept. 1.—Arthur Lionel Hay-Smith, an English employe of the J. D. Ferguson Co., who himself in the east had been a boarder, 76 William street, yesterday morning. The bullet penetrated his chest, and he was taken to the hospital. The great danger is blood poisoning, rust from the revolver having entered the wound. Despondency through ill health is given as the cause for his rash deed.

### HAILEYBURY BOILER BURSTS.

Kills Two Men Instantly and Injures Three Others.  
Haileybury, Sept. 1.—On Monday night about 10:30 Little Bros' sawmill broke out in a blaze. The boiler suddenly exploded. George DeGor was struck by a board knocked by the boiler and was raised in the air about four feet. The board passed the head of a man named Coates, stunning him and struck C. Desmarre, completely dislodging him and carrying him about 20 feet. It then overtook F. Founden, who was running away, and fell on him, killing him instantly. M. Fleddy was struck by debris and three ribs were broken. The two victims are both men. The boiler was blown over 50 yards. The loss to property is \$4,000; no insurance.

Hamilton, Sept. 1.—I. S. Zimmerman, 313 East King street, a painter, was thrown out of a window at Simcoe today. His fall was broken and he was severely shaken up. Conductor Robert Hunter of the street railway, who fell off his car yesterday, was taken to the hospital and the doctors have slight hopes for his recovery. William Dunn, a young man who lives at 546 North John street, had his foot badly crushed under a wagon wheel.

### CHILD KILLED AT WOODSTOCK.

Seven-Year-Old Carrie Brown Falls Under a Train.  
Woodstock, Sept. 1.—Little Carrie Brown, the seven-year-old daughter of E. A. Brown, secretary-treasurer of the Bain Wagon Co., met a terrible death yesterday. She was crushed to death beneath the car wheels before the eyes of her father, mother and two little brothers and sisters.

The little girl was returning with her mother from spending the summer at Bayfield, and apparently stepped off the train before it came to a stop. She fell back from the platform under the car wheels.

The body was badly mangled and the child lived only ten minutes.

Fort William, Sept. 1.—Eight special trains of harvesters from Ontario have left here for the wheat fields. While the train was passing through Trueman, east of Jackfish, one of a party of Italian navvies, for revenge, threw a large rock at the moving train, the missile striking John Mookman of Unionville on the forehead and seriously injuring the man. He was taken to McKellar Hospital. Miss Maxam of Rowland, Man., was also cut by stone, but her injury was slight, and she proceeded on her way.

Frank Manners, slipped when trying to catch on to the train at Port Arthur and had his foot crushed. He was placed in the hospital at Port Arthur.

Rev. E. E. and Mrs. Marshall arrived home last night after an eight weeks' trip abroad. They sailed from Liverpool on Tuesday, the 22nd of August, and reached New York one week later. There were over three thousand passengers on the vessel. During their absence they visited England, Ireland, Scotland and Wales. Tonight Mr. and Mrs. Marshall will be tendered a reception in the King street church by the congregation.

## MANY HAPPY RETURNS

Pleasant Event at "Homewood" Wednesday Afternoon.

On Wednesday afternoon a few friends gathered at "Homewood," to celebrate the anniversary of Mrs. E. Lynn Wixson's birth. The day was an ideal one, and "Homewood," always beautiful, never showed to better advantage. The well-kept lawns, beautifully trimmed hedges and evergreen trees made a most striking scene. A little luncheon under the stately old hemlocks on the private lawn made it an afternoon to be remembered. During luncheon and in the evening Wm. Lillywhite, Jr., furnished a fine selection of music. When too cool to remain on the lawn, all adjourned to the house, where they enjoyed the moral display of dahlias, cactus and exhibition varieties. Rubrum, Aurantium and Melchior lilies, gladioli in gorgeous colors, wisteria, roses in abundance, all grown in the gardens of "Homewood," in the open air.

Mrs. James Algeo of Simcoe, who has been visiting Mrs. Wixson for the past week, assisted very much to the pleasant one it was. During the evening Miss Myrie Crone of Toronto, a daughter of the present with choice readings, at an early hour the gathering dispersed, each and all wishing Mrs. Wixson many happy returns.

## SAMPLES OF WATER.

Samples of town water will be forwarded to Toronto today for analysis. Citizens who desire to have samples taken from their well water are requested to notify the Medical Health Officer, the chairman of the Board of Health.

## THE PEARL OF SAVOY.

The Stock Co. at Fairmount Park will present its last play, beginning this evening, "The Pearl of Savoy." It is a costume piece and will compare favorably with any presented this season. A very pretty story with lots of comedy. Labor Day night will close the park for this season. As it has never been open on Labor Day, a big crowd will no doubt be in attendance.

## GIRL TIRES OF LIFE AND KILLS HERSELF

St Thomas Young Woman Swallows Poison and is Found Dead by Brother.

St. Thomas, Aug. 31.—Melancholia was the apparent cause of the death of Miss Louise McKenzie, daughter of Angus McKenzie, grocer of this city, this morning.

She was only in her twenty-second year, pretty, accomplished and industrious; beloved by her family, with no outward care and to all appearances as cheerful and happy as any young maiden could be.

She left a note directed to her friends, saying she thought she was of no use in the world and was tired of life.

Then she swallowed a dose of strychnine, purchased by herself, and died.

She visited Port Stanley yesterday and this morning there were no signs that she thought of self-destruction. When her brother returned at noon he found his sister stretched out on the floor as if she were sleeping, but on further examination discovered she was dead.

Mrs. Wilson and Kains were called and said she must have died between ten o'clock and midday. To make it still more sad, the partner of the young woman are on a holiday visit to Michigan and have been advised of the unhappy ending of their only daughter.

They are expected here tonight.

## MORE EXHIBITS IN THE PALACE

Will Likely Be Made By Merchants at Ingersoll Fair—Movement Now on Foot

More exhibits in the palace would do much to increase the interest in the Ingersoll Fair, especially from the standpoint of the women and children. Any fault that has been pointed out with the fair has been principally because of the lack of exhibits in the palace. It is the palace with its splendid displays and constant flow of music—that is one of the most attractive features of the up-to-date fair. That there is room for improvement in this respect in connection with the Ingersoll Fair is fully recognized by many who are desirous of making it a glowing success this year. A movement is now on foot to have the leading merchants make exhibits, and there is every reason to believe that they will do so. No difficulty should be experienced in filling all the available space at the palace—in fact if the merchants unite to do what they can to make the fair a success it is just a question if there would be sufficient space. The matter, however, has reached the stage where a number of merchants have expressed their willingness to make exhibits providing they are given suitable and proper protection. With the merchants taking an active interest in the success of the fair, it will no doubt be very materially improved, and they should receive all possible encouragement from the directors. There is a wide feeling that Ingersoll should have one of the best fairs in the county and co-operation is a very important factor.

Secretary Boyce of the Agricultural Society, when seen by a Chronicle representative said every effort would be made to meet the wishes of merchants and others making exhibits in the palace.

## THE LAST HALF HOLIDAY

YESTERDAY.

The weekly half-holiday season was brought to a close yesterday. With the half-holiday there evidently came a realization that the summer was about over, and a great many went to various points in quest of pleasure. The weather was ideal. Fairmount Park attracted many, while the attendance at the baseball game was below expectations. Fairmount Park was the scene of several very enjoyable picnics.

## The Millers Meet.

Toronto, Sept. 1.—At their annual meeting yesterday afternoon in the Board of Trade building, the Dominion Millers' Association spent the major part of the afternoon in a discussion of the freight charges. The executive reported great success in their efforts to have the freight rates lowered and to secure a reduction on local rates between Ontario and the Maritime Provinces. The application for milling transit to maritime points from Ontario met with a favorable reception at the hands of the Railway Commission. The latter will now require railroads to make a similar basis of grouping and per-mile charges as at present exists in the States of Wisconsin and Michigan. This gives Ontario the benefit of their geographical position. George Godelle, Ayr, was elected president, and C. B. Watts, Toronto, secretary-treasurer.

## Rescues Man and Woman.
