boxes, the rash was entirely gone, the swelling in face and hands was gone, the pain in the back had left me, and ry was quite well again, and my complexion is clearer then it has been for years. I want to thank "Pruil-a-tives" for this great cure—as before I used this medicine I had used many kinds of salves and took quan-tities of medicines but these did me no good. But "Pruil-a-tives at once seemed to do me good—and they cnitrely took

ely took

OTTAWA, ONTARIO. 14 DION SL, Sept. 18th 1905. It gives me much pleasure to critify that "Fruit-a-tives" have entirely cured me of a disagreeable skin disease. I had a dreadful rash on my face, arms and hands, the rash was red and itchy and my face and hands were fear-fully swollen. I had a pain in my back, and I was very ill. I was advised to take "Fruit-atives" to purify the blood and I am very thankful that I took this medicine. After I had taken one box of the taken one box of the

good-and they entir away the fearful rash (Sed.) Mrs. F. Mailhiot This case of Mrs. Mailhiot proves one great truth-that you can't CURE pimples, blackheads, blotches, red rash and other skin diseases with salves and ointments.

Simply because the disease is not with the skin but WITH THE BLOOD. The skin trouble is the RESULT of blood trouble

"Fruit-a-tives" proves this because when salves and ointments are left off-and "Fruit-a-tives" taken to purify and enrich the blood, the skin diseases are cured to stay cured.

Pimples, red rash, eczema etc., come from disease of one of three organs-liver, kidneys or stomach. It may be all three-but certainly one. And this one affects the other two.

And there will be skin disease

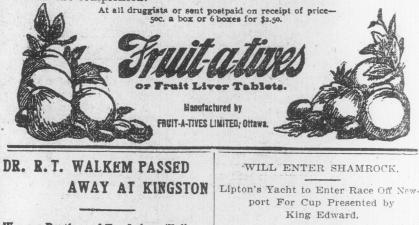

-as long as the bowels are constipated

-as long as the kidneys retain urea or tisssue waste . -as long as the stomach does not digest food properly and

the body is improperly nourished Ointments won't cure-salves won't cure-soaps won't cure. Because the trouble is the BLOOD-not the skin. But "Fruit-atives" will cure\_"Fruit-a-tives" do cure\_because "Fruit-a-tives" PURIFY THE BLOOD.

"Fruit-a-tives" act on the liver-stimulate it to excrete more bile-and thus make the bowels move regularly every day. This rids the system of one source of blood poisoning. These famous liver tablets act on the kidneys-prevent the formation of excessive uric acid\_and insure the kidneys being strong and healthy. They act on the skin-strengthen the glands and stimulate them to throw off the impurities which the blood brings to them.

With bowels, liver, kidneys, stomach and skin working properly -the blood is pure and rich-and there can be no pimples or blemishes to mar the complexion.
