THE BASEBALL SQUABBLE. The League is Split Up—Picked Team Will Play The Portlands. The baseball league is a thing of the past and from this on till the end of the season it looks as if there would be lots of fun for the cranks, as the league has split into two factions, each determined to bring outside teams here. The split was caused by the arrangement for all the postponed games to be played on the Victoria grounds. The Portlands kicked, played an opposition game to the scheduled games last Saturday; the Clippers then returned to play the Portlands and the End boys then came out with...

NO HOSPITAL FOR HIM. Deputy Jenkins Has Hard Time Taking Boy to the Hospital.

Deputy Chief Jenkins had a lively ride yesterday afternoon. Mrs. Hall the secretary of the hospital, and her twelve year old boy named Howard should enter the General Public Hospital to have an operation performed. On several occasions the lad was induced to start for the institution, but when he got nearly there would run away. Yesterday afternoon the deputy chief took the lad in a hack and safely landed him at the hospital, but not till he had had quite a lively time with the youngster. While going along Charlotte street Howard put up such a racket that a window in the hack was broken.

ONE MORE GLASS WOULD NOT BE MISSED. (From the Cleveland Leader). One day a fussy fellow met Father Healy, of Dublin by the seashore and thus accosted him: "Father Healy, I am undergoing a cure, and I take a tumbler of sea water three times a day. Now, I've had my full allowance today, but do you think I might have one, just one, tumbler more?" "Father Healy put his head on one side and looked at the ocean, lost in thought. "Well," he said, at last, with a gravely judicial air, "I don't think it would be missed."

CHILDREN'S WARD DEDICATED.

New Department of General Public Hospital Formally Opened This Morning With Ceremony.

The new children's ward in the General Public Hospital was formally dedicated this morning. This ward is the gift of Lewis J. Almon, of Robbsey, in memory of his wife, who was a daughter of the late Hon. John Robertson, the first president of the hospital's commission. On one of the walls is a memorial plate bearing the inscription: "Memorial ward, a gift in loving memory of Mary Almon."

The dedication service took place this morning at 10 o'clock. Vice President Dr. Thomas Walker had made all the necessary arrangements. The commissioners present in addition to Dr. Walker were W. C. R. Allan, Ald. McGoldrick, Dr. H. G. Addy, Dr. Daniel, M. P., Mayor White, Henry Hilyard, Dr. Jas. Christie and a number of ladies.

Rev. Dr. Raymond read a selection from the Scriptures which was followed by prayer, after which he delivered a short address and read Mr. Almon's letter of gift.

Dr. Walker, on behalf of the commissioners accepted the gift. Dr. Daniel, M. P., the visiting commissioner for the month, made a short speech, as did also Mayor White. His remarks in the course of his remarks referred to the many gifts and expressions of good will toward the hospital made by the family and connections of the late Hon. John Robertson, the first president of the institution.

The new ward is situated on the top floor of the western wing. The floor is all birch, finished with Butcher's wax, and two coats of Butcher's wax. The ward contains ten iron beds, of the smaller size, supplied by John Hannah, a bath room, closet, linen and clothes rooms, and a well furnished kitchen. In the latter it is to be found everything that is in any way necessary to the practical convenience of such a room. The ward is lighted throughout with electricity and all the rooms are fitted with the most modern plumbing. The walls and ceilings are all white enamel and present a very clean and neat appearance.

Several neat tables of enameled iron, with glass tops, and made by Daniel McLaughlin, the hospital engineer, and the furniture of the apartments, all reflect much credit on the workman. Suitable pictures have been placed on the walls.

POLICE COURT.

Sailor Prefers Jail to Sea-Faring— Alleged Thief on Trial—Some Drunks Etc.

In the police court this morning John Janhson, a Swedish sailor, who refused to work on a German steamer now in port, was sentenced to three weeks in jail with hard labor. When the steamer arrived in port some two weeks ago Janhson and another man were given the charge of Janhson's companion went back to work and the captain says he is doing well. Janhson refused to go back, saying he preferred to go to jail, and to jail he went. This morning he seemed indifferent as to what happened. The captain said he did not want him and when his honor sentenced him to three weeks with hard labor the prisoner thanked him. The magistrate said he gave him the minimum penalty, as he had been in jail some time and the captain descent, hurried by the ferry Algonia, the U. S. immigration officers refused him permission to land, as he could not furnish proof of former residence in the United States. He was returned to the Canadian side, where the Canadian officials refused to allow him to land. He spent the day travelling between the two countries, and slept on board last night and today was committed to the care of the police. He is anxious to return to the States, but will have some difficulty in obtaining permission.

HARD TO TELL THEM APART. How State Legislators and Gamblers Were Distinguished in Alabama. (From the Washington Post). "In the old days, when the capital of Alabama was located at Tuscaloosa, there was a good deal of open gambling at that seat of legislation," said D. M. Lowery, of New Orleans. "It was the custom in those times for men of all grades of society to risk their money at games of chance, and the lawmakers who gathered at Tuscaloosa were among the best patrons of the gaming tables."

BETTER THAN THE SKOWHEGANS. Jack Phelan Says the Oldtowners are a Good Team.

The Oldtown baseball team arrived on the Boston express last night and are playing the Portlands on the Shamrock grounds this afternoon. Jack Phelan, who was with the Alerts last year and won the 230 yard dash against Kenne and the other crack sprinters, is a member of the team. He knows the ability of the local boys to play ball and does not under-rate them. Phelan has not done any sprinting this season, but expected to take part in some sports to be held in Bar Harbor in a few weeks.

WHEAT JUMPS AGAIN. Price of Flour Will Probably Be Further Advanced Soon.

At Chicago yesterday wheat jumped four to five cents, and as a result the price of flour in some sections has advanced. Advice from Montreal says that the Ogive concern increased the price 20 cents. So far this increase has not reached St. John, but the dealers would not be surprised in the least if they received word at any time to jump an increase, the price of flour here will take a jump by Monday at the latest.

NO CHANCE FOR THE WOMAN. Lone Singer in Wagnerian Opera is at a Serious Disadvantage.

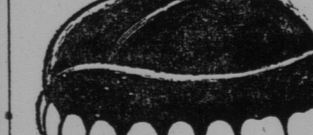

(From the London M. A. P.). Listening to Wagner, my sense of fair policy is outraged. A lone, lone woman stands upon the stage trying to make herself heard. She has to do this sort of thing for her living; maybe an invalid mother, younger brothers and sisters are dependent upon her. One hundred and forty men, all armed with powerful instruments, well organized, and most of them looking well, combine to make it impossible for a single note of that poor woman's voice to be heard above their din. I see her standing there, opening and shutting her mouth, getting redder and redder in the face. She is singing, supreme effort; above the banging of the drums, the blare of the trumpets, the shrieking of the strings, that last despatching note is distinctly heard.

She has won, but the victory has cost her dear. She sinks down fainting on the stage and is carried off by superstitious attendants. My instinct was to leap the barrier, hurl the bald-headed chair and lay about me with the iron-bone or the clarinet—whichever might have come the easier to my snatch.

Last night between eight and nine o'clock Officer Hamm was called into Wm. Nolan's house on Sheriff street to quell a disturbance Mr. Nolan's brother Fred was creating. John Shields, of Murray street, has been reported for harboring a ferocious dog. It is claimed that the dog bit the little son of Thomas McGowan, of Harrison street.

The police were called this morning to the residence of Mrs. E. T. W. Puddington, No. 3 Pine street, to look after Mrs. Puddington's son, who was taking charge of the neighborhood. The man referred to was but recently discharged from the asylum.
