#### Athletes With and Without Alcohol.

An ex-president of the Cambridge Uni-yersity Athletic club, whose letter appears in the Temperance Chronicle, says: "I am not a teetotaler, but a very strong advocate of temperance. When at Cambridge, during my first year, when I did bridge, during my first year, when I did my best 'times' in long-distance racing, I was a total abstainer, and trained entirely without alcohol. During my last two years I drank alcohol occasionally and very moderately, chiefly in the form of beer, claret, and sometimes port; but the stubborn fact remains that I never beat or equaled the 'times' I accomplished in races, of very severe bodily strain, when I took no alcohol in any shape or form. If I were to go in training now for a long race I should be strongly incined to do it on water (as far as liquor is concerned) as of yore.'

## POISONED BLOOD.

Dreadful Death-Draught Comes From Diseased Kidneys.

When Uric Acid Flows in the Veins, Life Looks Out of Darkened Windows, Ex-

pecting Soon the Closs of Day.

The fashionable Italian poison of the XVI century was Agua Torfana. It was used by the medicis and all the first families of Rome, Genoa, and Naples. In five ears historians tell us, over 600 wives used it to make widows of themselves.

In these modern days a more terrible and more prevalent poison is decimating the human family, and men have asked in vain for an antidote. It is the uramic poisoning of the blood, caused by diseased kidneys. The poison which these useful organs should filter from the blood, is allowed to remain in the circulation and courses through the body, like

MR. VERNON BROMLEY, Trenton, Ont., says:—"For a number of years have suffered severely from Rheumatism and Sciatica. Was induced to procure a half dozen boxes of Dodd's Kidney Pills which I have used, and from being a cripple I am a well man."

MR. THOS. HARRISON, St. Mary's, N. B., says:—In spite of all other treatment I auffered for nearly a year with Stone of the Bladder. I was relieved by passing the same, after using one box of Dodd's Kidney Pills and completely cured by a few boxes."

MR. WM. MCEVELA. 175 Friel St., Ot-tawa, says :—" I wo boxes of Dodd's Kid-Pills have worked a wonderful cure in my case. Had been laid up with kidney trou-ble for months."

G. B. CONES, Orillia, Ont., says:—"I most cheerfully testify that four boxes of Dodd's Kidney Pills have cured me of Dia-betes from which I suffered two years."

After that date a new building is to be erected for the business of the firm.

Temperance matters have been rather lively of late in Petitcodiac. A few days ago as Officer Price attempted to arrest Edmund Simpson, proprietor of the Mansard House, the latter struck him with a bottle and inflicted a severe gash on his head. The intervention of a third party enabled Simpson to escape. Since then the citizens have held several meetings to devise means to better enforce the Canadian Temperance act, and a law and order league has been formed which comprises nearly all the leading citizens of the place. The people are thoroughly aronsed and are determined that the sale of liquor in the village must be stopped.

In the Senate on Thursday Senator Allen, of Nevada, introduced a resolution sympathizing with the Greeks in their present heroic struggle with the Turks. Are you using this Flour in your home? If not, is there any reason? It will make more bread and better bread than any other known flour. At the first trial you may not get the "knack" of producing the best results, but it will come, and then you would use no other. It has the largest sale of any flour in Canada. My sales this year more than doubled those of last year, because housekeepers want the best and find it only in OGILVIE'S HUNGARIAN.

#### Our Undertaking

is to stimulate interest in home industries. Men of faith and enterprise—works have always been the conquerors of the world. Too many of our most energetic young people have gone to the United States and assisted in no small degree in making that country prosperous. The United States progressed rapidly because the Americans were keen witted enough to see that when business is good in any town or city the whole population were benefited. And they were loyal to all home enterprises

they were loyal to all home enterprises—
always commend home efforts. Let us be
wise in following so illustrious an example?
How can you go about it? The first
step is to send for the prospectus of this
Company and see what they are doing to
develop the magnificent resources of Canada. Many of the foremost people in
several Nova Scotia towns have already
interested themselves in this enterprise by
taking shares of stock in this Company.
At present we are operating Gold Mines interested themselves in this enterprise by taking shares of stock in this Company. At present we are operating Gold Mines mostly in Rossland, B. C.,—almost every one knows of the enormous profits that have been made out there, and our mines are apparently right in the richest section; over 150 acres in extent. We are also negotiating for other properties. By operating several different mines under one management we obtain the most economical running expenses with the highest profits possible.

In order to interest as many as possible we have decided to sell a limited amount shares at 13 cents a share. Probobly in a short time they will be selling at several times that price. Send for further information?
