

the Baptist Denomination. Our ministers and heads of families are not fully aware of the benefit of having such a paper in every household. We cannot be too zealous for the spread of truth. When it is rightly presented to the mind, it must have weight, must convince the candid, and hush to silence the errorist. Hence the necessity of seeing that our denominational organ is extensively circulated.

Your committee are glad to learn of the addition of Rev. J. E. Hopper, A.M., to the editorial staff of the VISITOR, and believe that his energies will add much to its life and character. Your committee also learn with pleasure that the printing establishment from which the VISITOR issues is the property of the editors, and that they have in active operation a Book Room, from which can be obtained, at the shortest notice, all kinds of Baptist Literature. This enterprising establishment should have the liberal patronage of Baptists.

Respectfully submitted on behalf of the Committee.

GEORGE SEELY, *Chairman.*

Report of Committee on New Churches.

(APPENDIX 8.)

Your committee on New Churches would report, that having carefully examined the letter from the Rosedale Branch of the Jacksontown Church, find that the brethren at Rosedale are not an independent body, but a branch of the Jacksontown Church. We would, therefore, recommend that the letter be read as a supplement to that of the Jacksontown Church, and also that the name of the Rosedale Branch be entered on the Register of the Jacksontown Church.

G. M. W. CAREY.

Report of Committee on Arrangements

(APPENDIX 9.)

Your Committee beg to report as follows:—"That the Association meet next year at Rockland, Carleton Co.; that Rev. Joshua Eaton preach the Associational Sermon, and that Rev. E. Hickson be his alternate; that Rev. H. J. Coy prepare the Circular Letter.

A. J. STEVENS, *Chairman.*

Report of Committee on Temperance.

(APPENDIX 11.)

Your committee on Temperance beg leave to report, that considering the evils of intemperance, what it has done, and is still doing by its baneful influence in destroying the happiness of families as well as the bodies and souls of our young men, rejoice in what has been done in the Temperance cause, notwithstanding we think there is still much more to be done. Indeed the time for determined work has just arrived, and we most heartily recommend that we as a denomination avail ourselves of every opportunity to do Temperance work—such as pastors preaching an occasional Temperance sermon, Sabbath School teachers instructing and pledging their scholars, etc.
