How Acadia Will Line Up

ACADIA READY FOR BIG GAME TOMORROW

Kaiser Unable to Play and Robinson Has Injured Ankle but Will Enter Contest—The Probable Lineup.

Wolfville, Nov. 14.—Much excitement prevails throughout the Maritime Provinces over the Mount Allison-Acadia football match here on Wednesday.

Both teams are strong, and are capable of putting up an exceedingly stubborn battle. At the commencement of the football season, Acadia defeated the Halifax Wanderers in Wolfville, to the tune of 8 to 0. Shortly after this the Wanderers trimmed Mount Allison by the score of 6 to 0. In the first game of the intercollegiate late series, Mount Allison made the U. N. B. players look like so many school boys by administering an overwhelming defeat of 56 to 0. Last Monday Acadia tied the Wanderers with the U. N. B. fifteen in Fredericton, and blanked the New Brunswickers 11 to 0.

The sporting enthusiasts were surprised; they had expected Acadia to repeat Mount Allison's feat. Some newspaper correspondents proclaimed Acadia "weak." Perhaps the garnet and blue are weak? This question will be answered very forcibly on Wednesday afternoon. It is true, Acadia's half backs did not play in their usual form against U. N. B.; they could hardly be expected to, they're a very fast bunch, and it is almost impossible for fast half backs to play up to their standard on a wet field.

It must be remembered that Mount Allison defeated U. N. B. in Sackville whereas Acadia did the trick in Fredericton. Those who witnessed both games claim that the Frederictoners were much stronger when they lined up against the garnet and blue than when they played the Allison's. Since returning from Fredericton, the Acadia squad have been hard at work. They are now in the pink of condition, prepared for the game of their lives.

Play Five Halves.

The garnet and blue are playing five half backs this year. Eric McDonald, of Fredericton, being the flying half. With this formation, Acadia plays a very effective combination game.

Immediately after returning home from the U. N. B. game, Kaiser, Acadia's scoring half, was taken ill with a gripe, and has been confined to his bed ever since. The attending physician has forbidden him to participate in Wednesday's struggle. Kaiser's absence from the game will be a great loss to the team, and he could not be ill at a more unpropitious time. His place will be filled by a substitute.

Captain Robinson had his left ankle badly wrecked in the U. N. B. game, and it is doubtful if he will be in a condition to play on Wednesday. "Bruin" is not saying much about his troubles, but his countenance wears a determined expression, which means: "If I have to be carried to the campus, I'll play; I'll do my very best, too!" With Kaiser, the scoring half back, and Robinson, the star forward, out of the game, Acadia would be dreadfully crippled. Although it has been emphatically announced that Kaiser will not be allowed to play, it is believed that Robinson will line up with the garnet and blue. Acadia's cripples are not fakes; they're reality.

Wednesday's game is expected to be a battle royal from start to finish. The garnet and blue are determined to win, and Mount Allison will have to go an awful lot to remove the intercollegiate championship from Wolfville.

The Acadians will have a short preliminary practice this afternoon, and will not don their football togs until Wednesday afternoon.

Acadia's line up will probably be:—
Full back:—Reid; quarters, Webber and Black; half backs, Richmond, MacDonald, Andrews, Porter and Morrison; forwards, Fitch, Brooks, Spurr, Spencer, Eaton, Pines and perhaps Robinson; spares, Pattillo and Logan.
Norman Ralston, of Dalhousie University, will referee.

No Meeting Again.

There was no meeting of the Carleton Curling Club last evening. It being impossible to get a quorum.

J. J. Sullivan, Boston, went to Philadelphia to bet \$15,000 on the Cubs, but after watching the Athletics play the first game he took the other end, asserting the Cubs has gone to seed.

Reason discovered for presence of baseball players in press box at world's series—to catch snuff touts which might otherwise kill off a few regular scribes.

FORD OWNS UP AS FLETCHER MAN

RUSSELL FORD. This youngster, who stood the American league batters upon their beams during the 1910 season and then fell a victim to the batting of the Giants in the postseason games for the championship of Greater New York, is the first major league star to admit he has signed a contract with D. A. Fletcher's hot air league.

RED MEN ARE PROMINENT

Indian Has Produced More Gallant Athletes in Proportion to Population Than Any Other Nation.

No nation since the gaseous nebula became a planet called earth has produced, in proportion to his percentage of people, more famed and gallant athletes than the American Indian and he is not confined to any one realm of sport.

Chief Albert Bender, of the Athletics, a Carlisle graduate, is one of the best pitchers who ever trampled a hurrying heap, and for the Athletics he has won his share of games in three pennant races, 1902, 1905 and 1910, and he won a game in the world's series this season. He is according to Ira Thomas, the great speed pitcher in the country, and the cutest curve finger in either league. Thomas has faced the Cubs several times in world's series. He has caught for Detroit and the Athletics, and should know the bypaths of the American League.

Bender is one of the best shots in the land, and he is to work for one of the big gun factories this winter. Bender started to shoot as a youngster, but until he competed against the crack shots he had no idea that he was one of the best marksmen in the land. It is seldom that a big shot is held in print near the top of the list.

Chief Myers of the New Yorks is rated as a catcher who will in a few seasons amply fill the shoes of Roger Bresnahan, late Giant, now manager of the Cardinals. Myers has been a big help to Manager McGraw, and in addition to being a backstop who, with Indian wife, baffles the best batsmen, he is a stickler of no mean rank. He greatly aided in beating the Highlanders in the New York State championship.

Remember Sockalexis.

Sockalexis, the Indian outfielder, of Cleveland, was one of the best baseball players who retired, went back to the mines before he reached his prime. He was as good a thrower as ever shot a ball from the outer garden to the plate, and a corking hitter and a splendid man on the bases. He was ordered to report one season when he was ill. A telegram was flashed him saying that unless he came at once he would go back to the small league. This started him

MANTELL MAY WEAR CROWN

Frank Mantell.

Frankie Mantell, the hard-hitting eastern middleweight, may be the boy to take a successful crack at the crown worn by Billy Papke, who for the time being appears to be safe-touring the Antipodes.

Mantell is looked upon with favor by followers of the game in and around New York, and many believe he will eventually wear the title the great Dempsey honored, with a little more experience.

DRIVER HURT IN PRACTICE SUCCUMBS

Savannah, Ga., Nov. 14.—W. H. Sharpe, of Trenton, automobile driver, and owner, who was to have driven car No. 1 in the grand prize race, died today of injuries received during practice on Thursday.

Sharpe was injured internally, and although it was at first thought he would recover, complications arose, which caused his death.

QUARTERBACK FOR ALL-AMERICA XI

JOHNNY MCGOVERN.

The choice of western football men for the All American quarterback is Johnny McGovern, the wonderful midget field-general of the Minnesota eleven.

McGovern is but five feet four inches in height and weighs about one hundred and fifty pounds, but he is the

hardest bit of humanity to stop that ever donned moleskins, while his ability under the present pink tea rules is little short of marvellous.

In every game McGovern has shown to splendid advantage, and critics who have seen him play are unanimous in putting him forward for consideration when Camp picks his paper team.

FAST MEET AT SEASON'S CLOSE

Four Features at Last Week's Races at Phoenix, Arizona—Another Two-Minute Pacer Develops.

The harness horses performed brilliantly in the closing hours of the campaign, the meeting at Phoenix, Ariz., last week furnishing a new 2-minute pacer, a 2:20 scowling trotting stallion, the fastest mile in the open by a racing mare and a new 2:10 trotter, Zombrom.

Copa de Oro, Lady Maud C and Wilbur Lou were the speed sensations of the meeting in the south-west. The first-named is the fifth stallion to gain a place in the 2-minute ranks, which he did with a mile in 1:59, placing him third in the list. Minor Heir and Dan Patch alone having faster marks. Lady Maud C paced in 2:09 1/2, within a quarter of a second of the record for mares at her age. The lady did not follow pace as did Daniel, which makes the performance of Hedgewood Boy's sister much the better.

Wilbur Lou trotted in 2:25 Monday and on Friday covered the distance in 2:19 1/2, earning the title of king of yearlings. Miss Stokes holds the record for 1-year-old trotters, the former mark for stallions of the age being 2:23, made by Adbell 16 years ago.

Coholan, .80 78 79 237-79

Tonight the game will be between the A. O. H. and the I. L. and B. team.

Fredericton, N. B., Nov. 14.—Young Gotch, who is to meet Dan McDonald, the Cape Breton wrestler, at Marysville tomorrow night, arrived on Saturday from Boston.

He is a resident of Cleveland, Ohio, but a native of Philadelphia. McDonald has agreed to throw Young Gotch twice in an hour.

PLAZA CUP GOES TO U.S. AT HORSE SHOW

7th Cavalry Charger Topped Crack Horses of Europe in International Competition—London Entry Received

New York, Nov. 14.—John Harper, a brown gelding, ridden by Lieut. Gordon Johnston of the 7th cavalry, U. S. A., took the Plaza Cup at the national horse show this afternoon, bringing to the United States army an initial victory in the only horse show competition it has entered in a quarter of a century. Deliberation, a bay gelding, ridden by P. A. McKenna of London was second, and Black Paddy, a black gelding by Lieut. Coblyn of the Royal Dutch Hussars, was third.

The event was of international scope and called for the judging of 18 officers' chargers ridden by officers in uniform.

PRO HOCKEY LEAGUE WILL BE FORMED

Moncton, N. B., Nov. 14.—With indications pointing favorably it is at this date practically assured that the Maritime Provinces will witness a banner season in hockey circles. A movement has been on foot for the past month or so having to do with the formation of an interprovincial professional hockey league.

Rollie Norman, Moncton, has been one of the prime movers. It is proposed that the league be a five team one, with Halifax, Moncton, Amherst, New Glasgow and North Sydney contributing teams. Plans have matured to a stage where it is assured that four of the named towns and cities are hand and glove with the movement. Amherst seems to be the only town at this date that declines. It appears that as the Ramblers own the rink and are more or less favorable to the amateur game they have been somewhat backward in accepting the proposal.

AT TOP OF N. E. LEAGUE

The New England league averages are out and our old friend Jesse Burkett, of Worcester, 28 games, leads the league in batting with .332, followed by Wallace, of Lynn, 88 games for .312. Others of the first 10 in order are Pruiett, of New Bedford; Norbert, of Haverhill and Worcester; Culler, of Lynn; Finlayson, of Lawrence; Russell, of Worcester; Rising, of New Bedford; Pond, of Brockton, and Magee, of Lowell.

An interesting thing about the first ten is that there are three ex-Red Sox players and three pitchers in it.

New Bedford, the champion, was the leading team in batting, with 250 runs, and the second team in fielding with 549. Van Dyke, of Worcester ranks as the best winning pitcher, with 20 won and 5 lost. Finlayson, of Lawrence, pitched the most games, winning 21 and losing 18.
