## DARING THIEVES MAKE EARLY MORNING BREAK

Enter Premises of Foster & Co. by Breaking Panel in the Door — Loss Not Known.

Evidently there are in the city some persons who are intent upon relieving the local liquor merchants of some of their goods. When going his rounds early yesterday morning Police Officer John Kane, on the York Point beat, discovered that a break had been made in the establishment of Foster & Co., wholesale wine and tea merchants, 58 Union street. This is the fourth time within the past two weeks that entrances have been forced into liquor saloons of the city.

That a break had been made into the Foster establishment was discovered about four o'clock yesterday morning, when Officer Kane was trying the doors on his rounds. Entrance was made by breaking a panel in the front door of the building and evidently to run less risk of being detected escape from the building was made by a rear door.

How much liquor the thieves got away with is not known, but that is evidently what they were after. In the ill there was only something over a dollar in coppers and this was not removed.

It is thought that the thieves were frightened away before completing their work.

On last Saturday evening the saloons of Cornelius McHugh, John Sheehan and Richard Caples on Brunswick street were entered and the Sheehan saloon was also entered some time before that. The police are keeping a sharp watch for the guilty parties.

## NORTH END RESIDENTS

## WILL OPPOSE COUNCIL

Main Street Property Owners to Fight Proposed Pavement Legislation—To Interview Commissioners.

At a largely attended meeting of Main street property owners and ratepayers of the North End held in Temple Hall last evening a resolution was passed to oppose the action of the city council in seeking to have passed by the legislature a bill compelling property owners in the city to pay half the cost of laying pavement on the streets abutting their property, and it was decided to name a committee of ten men from among those present to wait upon the mayor and commissioners and state their objection to the proposed law.

The meeting last evening which was attended by about two hundred residents of the North End was presided over by Alexander Rowan. After the meeting was called to order there were several strong speeches soundly condemning the stand taken by the city in the matter and urging that the residents take some concerted action against the proposed legislation affecting the property owners. All those who spoke at the meeting strongly opposed the passing of an act compelling the property holders to pay half the cost of improved pavement. Some of the prominent speakers at last evening's meeting were: John Kelly, Parker Hamm, Peter McInnes, George Kierstead, A. D. G. VanWart and Percy J. Steel.

At the conclusion of the discussion a resolution of disapproval was drawn up to be presented to the council and it was signed by every member in the hall.

It was left with Chairman Rowan to name a committee of ten to represent those interested and interview the mayor and commissioners at any time which is found most convenient for those at City Hall.

Tax Reform Tonight  
James R. Brown of New York will speak at Board of Trade this evening. All tax-payers invited.

## Verdict of Accidental

Death in Case of Robert Duncan, Killed in Fairville C.P.R. Yard.

At the inquest held last evening by Coroner F. L. Kenney at the old City Hall, Carleton, to enquire into the death of Robert Duncan which occurred in the C. P. R. yards at Fairville on the 10th inst., the following verdict was arrived at by a jury of St. John citizens:

We find that the said Robert Duncan met an accidental death in the C. P. R. yards at Fairville on the afternoon of the 10th inst. That there was no negligence on the part of the railway employees; but we do feel that there is need for further precaution in the work of shunting cars.

The first witness called was Engineer Brown, of Carleton, in charge of engine No. 3383 at the time of accident. They had been working along the same track for some time and had just come from the scales, a distance of some 800 feet, and had stopped at the end of the track. He saw blood stains. He gave the engineer the signal to stop, which was immediately obeyed. He then ran along the track and found the engine which had been switched a short distance from the last stop.

The other witnesses called, Fireman Morrow, Brakeman, Moore and Conductor Keith, had not witnessed the accident. Their opinion of the manner of the accident was as that quoted above.

## WOMEN SPEAKERS

## IN FINE LECTURES

Feature of Dedicatory Services of New Wing of Germain Street Baptist Church.

A public missionary meeting at which women were the only speakers, and where women acted as ushers, was the feature of the exercises in connection with the dedicatory exercises of the new wing to the Germain street Baptist church last evening.

The large auditorium was crowded and those present were privileged to hear one of the best programmes ever given in connection with missionary work here.

The speakers were Mrs. Grace Dean McL. Rogers, of Amherst, N. S., who has won considerable distinction in the literary field, and who received great praise for her work dealing with the Academics; Mrs. W. G. Clark, of Fredericton, president of the Women's Baptist Association of New Brunswick, and Mrs. J. E. Wilson, of Fredericton. All three speakers showed particular gifts as public orators, and their addresses last evening showed them to be among the best women platform speakers of the country.

Mrs. Rogers took for her subject, "The Women Workers of Old," and she compared the women of Bible times with those of the present day. Mrs. W. G. Clark dealt with "Our Task," and she outlined the different phases of missionary work being carried on by women throughout the world.

Mrs. Wilson had for her subject "Retention and Advance," and she held the attention of her audience with her graphic descriptions of what had been accomplished and what should be undertaken in the way of missionary work.

The meeting was considered one of the best ever held in New Brunswick in the interest of the Women's Missionary societies, and all present were deeply impressed with the needs of the home and foreign field.

Miss Frothingham, Mrs. L. M. Curran and Mrs. Griffiths added much to the pleasure of the evening with vocal numbers. The meeting was under the auspices of the Women's Missionary Society and the Young Women's Association of Germain street Baptist church and the presidents of the two organizations, Mrs. E. M. Sippell and Mrs. A. B. Fowler, jointly led the meeting.

## NECESSARY, SAYS JURY

Verdict of Accidental Death in Case of Robert Duncan, Killed in Fairville C.P.R. Yard.

## SLEIGH DRIVE

## HIGHLY SUCCESSFUL

With the jingle of bells, shouts of merriment and snapping of whips, a party numbering about forty-five left Baird & Peters on a drive that surpassed anything they ever had before. Mr. Hutchinson (of the weather bureau), certainly picked out his best; and as the sleigh smoothly glided along the Marsh Road, the merriment of the party enjoyed the cold, invigorating air to the utmost.

When they arrived at Billy Newcomb's they found an array of Newcomb's turkeys and specimens of the culinary art that almost took away their breath; but after a half-hour's vigorous chewing the tables had undergone a wonderful change.

When the inner man had been appeased, Constable had been drunk, Ned Lawlor, master of ceremonies, called on Frank McAleer, president of the St. John Brass Band, to render a vocal solo, the members of the band programme. After responding to several encores, Mr. McAleer was followed by Robert Carr, who gave an accurate selection. Then Robert Woods rendered in his usual brilliant manner, "A Quiet Noisy Courtroom."

Next Baird & Peters quartette made their appearance with the chorus of "On the Old Fall River Line." Then came a solo by Fred Reed, followed by a violin selection by "Charles Dearborn." Charles Robinson then related a few of his personal experiences, after which everybody sang "For He's a Jolly Good Fellow," and the party started out for town in the wee small hours of the morning.
