MILLENNIUM HERE

To Follow Present War Says Preacher.

In harmony with the Master's instructions Christian people for the past 2,000 years have been praying for "God's Kingdom" to come, and His will be done on earth as in Heaven. The Gospel of peace and good will toward men has been pro-

claimed during the same period, and today we are confronted with the awful spectacle of over half of the world at war. Christians are perplexed. Infidels scoff. What does it all mean? Has the Gospel been a failure? Over a quarter of a century ago Pastor Russell, of London and Brooklyn tabernacles, proclaimed to the world that according to Bible chronology the year 1914 would see the greatest war of all time, and that war would be followed by the long-expected peace and prosperity. Pastor A. H. MacMillan, of Brooklyn, N. Y., who has been associated with Pastor Russell for fifteen years will discuss these matters in two lectures at the Imperial next Sunday. At afternoon meeting he will speak on "God's Kingdom." What is it? Evidence that it is near at hand. His topic in the evening will be "Christ's Second Coming." When? Why? Mr. MacMillan says that he will show the date 1914 as the beginning of this war is found in the Bible, and that it will be the last war, following which the age of eternal joy and universal peace will be introduced.

CATARRHAL FOREHEAD PAINS GO QUICK!

SNIFFLING, CLOGGED NOSTRILS CURED

Not a Sign of Cold, Crtarrh, or Throat Trouble Will Remain!

Quick relief for that headache—just one breath through the Catarrh Inhaler and you feel better. The soothing, piney vapor of Catarrh Inhaler clears the head instantly; its healing balsamic fumes take the itching out of the nose, stop sniffing, ease the throat, cure the cough and destroy all the violence of catarrh. No other remedy treats Catarrh so directly, so quickly; every breath you draw through the inhaler carries a marvelous lot of healing virtue—carries death to the germs that cause the trouble.

You can't keep Catarrh—nor can you hang to a cold, or have any chest or throat trouble if you use Catarrh Inhaler. It is guaranteed to make you well.

"My head used to fairly split with an awful pain over the eyes. It was always worst when my catarrh was bad. I had the meanest sores and crusts inside the nose, and continually coughed, both day and night. The first day's use of Catarrh Inhaler made a grand improvement. Every hour I felt better. Catarrh Inhaler cured me perfectly."

PROVINCIAL
BRANCH OF
RED CROSS

Many subscriptions for
Duchess of Connaught's
Hospital—The base hospi-
tal for Canadian troops
to be fully equipped.

Lady Tilley, Treasurer of the New Brunswick Provincial Branch of the Red Cross Society, acknowledges with thanks the following contributions toward the fund for the Duchess of Connaught Canadian Red Cross Hospital:

Burnt Church Red Cross Society, per Miss Young, Sec., \$30.00
Red Bank Red Cross Society, per Miss Bernette M. Rins, secretary, 102.75
Red Cross Society, Sussex, per Mrs. G. N. Pearson, sec., 100.00
Chatham Red Cross Society, per Mrs. A. M. Dearin, sec., 200.00
Lord's Cove Red Cross Society, per Miss Kathleen O'Halloran, secretary, 10.00
Lord's Cove Women's Institute, per Mrs. Thos. Trecarten, secretary, 5.00
Also the following for the purchase of anesthetics:
Lord's Cove Red Cross Society, 25.00
Red Cross Society, and Enter-prise Women's Institute, Levisville, per Mrs. J. L. McComb, president, 20.00
Mrs. W. J. Davidson, Rothesay, 1.00

On the 2nd of March the Provincial Branch forwarded through Lady Tilley a cheque for two hundred and thirty-three dollars to Col. Jas. Mason, Honorary Treasurer of the Red Cross Society at Toronto, and from him she received the following reply:

Dear Madam:
I am in receipt of your favor of the 2nd inst., enclosing cheque for two hundred and thirty-three dollars (\$233.00) to be applied to the fund for the Duchess of Connaught Canadian Red Cross Hospital, the amount being contributed by Burnt Church, Red Bank and Sussex Red Cross Societies. The money will be applied as you desire.

Would you kindly convey to the members of these societies, and accept for yourself the sincere thanks of the Executive Committee for this donation, which as you say may be supplemented later on, I am,

Sincerely yours,
JAMES MASON,
Honorary Treasurer.

Money since received is to be forwarded at once and the donors will be notified upon its arrival at Toronto. The Duchess of Connaught Hospital at Cliveden, is to be made the base hospital for the Canadian troops, and now that our men of the first contingent are at the front we must realize that a necessity it is. The society is anxious that it should be the best of its kind, and to enlarge it and make it so, the sum of \$12,000 is necessary. Any contributions toward this fund may be sent to Lady Tilley, Treasurer of the Provincial Branch, St. John, N. B., and they will be at once forwarded to headquarters at Toronto.

The Provincial Branch also acknowledges with thanks the receipt of the following boxes and parcels which have come to hand since Feb. 18th: Richibucto Red Cross Society—1 box.

St. Martin's Red Cross Society—3 boxes.
Milltown Red Cross Society—3 parcels.
McAdam Junction Red Cross Society—1 box.

Centreville Red Cross Society—1 box.
People of Douglasfield—1 box.
Oakville Red Cross Society—1 box.
Roylton Red Cross Society—1 parcel.

Lakeville Red Cross Society—1 parcel.
Burnt Church Red Cross Society—1 box.
Upper Jemseg Red Cross Society—1 box.

Rexton Red Cross Society—1 box.
Chatham Red Cross Society—3 boxes.
St. Stephen Red Cross Society—2 boxes.

Doaktown Red Cross Society—1 box.
Andover & Perth Red Cross Society—1 box.
Tracy Mills Red Cross Society—1 parcel.

Loggville Red Cross Society—1 box.
Lord's Cove Red Cross Society—4 boxes.
Bedell Beach Red Cross Society, Woodstock—1 box.

Newcastle Red Cross Society—1 box.
Aroostook Junction Red Cross Society—1 box.
Woodstock Red Cross Society—1 box, 1 parcel.

Upham Red Cross Society—1 box.
Levisville Red Cross Society—1 box.
Petitcodiac Red Cross Society—1 box.

Sunny Bae, Lewisville & Humphrey's Mills Red Cross Society—1 box.
Salisbury Red Cross Society—3 boxes.

Moncton Red Cross Society—1 box.
Dalhousie Women's Institute—2 boxes.
Barnesville Red Cross Society—1 box.

Since our last report two further shipments have been made to Halifax, and during the month of February, sixty-six (66) boxes in all went forward. This did not, of course, include those sent by the local branch in St. John, which had had excellent showing of its own.

We trust during this month to have as many if not more to send forward so that the New Brunswick supplies will be constantly and steadily going to do their part in this great work. Certainly the workers throughout the province are to be congratulated upon the results of their efforts, and we who see the finished garments realize what care is being taken to make them all they should be.

GOVTS' EFFORTS ON BEHALF OF
THE FARMERS APPRECIATED

Most Successful Convention in History of Farmers and Dairymen's Ass'n Closed Last Night—New Officers Elected and Resolutions Adopted.

Special to The Standard.

Fredericton, March 11.—The annual convention of the N. B. Farmers' and Dairymen's Association closed this evening after a most successful series of sessions in which the farmers discussed matters of vital importance to the great industry of supplying food to the people of the world. Enthusiasm was at a high pitch and it was the feeling of all delegates that the government, through the department of agriculture, was doing all in its power to advance the interests of agriculture in New Brunswick.

J. B. Daggett was the chief speaker this evening, and he made a strong plea for the farmers to be more careful in production. He pointed out that the farmers should give his energy to other lines. He spoke of the conditions of shipping and pointed out that practically all countries in the world had produced a great quantity of potatoes.

The sessions today were marked by the passage of resolutions connected with the life of the sheep, dogs, cattle were matters of consideration. It was expressed by many of the delegates that the county councils should make the legislation governing the keeping of bulls and other animals.

The association adopted the idea embodied in a proposed act to restrict the services of grade stallions and eventually to eliminate them. Much valuable information was secured by the farmers and the exchange of ideas, it was felt, helped to broaden their outlook and make them better fitted than ever to take up their duties on the farm.

The men in attendance at the meeting were of a particularly high class and intelligent, their consideration of the different questions were to the point, and they were intent on gaining information and presenting their views in a clear and concise manner. A close insight into parliamentary usage was also shown, and the knowledge of general conditions showed that the farmer was a wide reader.

Resolutions thanking those who had helped to make the convention a success, were passed and attention of the government was attracted to required reforms through other resolutions.

R. G. Murray, of St. John, explained in detail the methods followed by the New Brunswick Farmers Association, Ltd., in the purchase of fertilizers for the farmers.

The New Officers.
The officers for the ensuing year were elected as follows:

President, J. T. Prescott, Sussex; Vice-president, A. G. McKinnon, Chatham; corresponding secretary, A. R. Hann; recording secretary, C. N. Shaw; treasurer, H. H. Smith, St. John.

County vice-presidents were elected as follows:
Albert, Lewis Smith, Lower Covedale; Carleton, Dr. L. C. McIntosh, Hartland; Charlotte, M. Reed, Rolling Dam; Gloucester, C. G. Ritchie, St. John; Kings, L. F. Adams, Adamsville; Madawaska, J. A. Bernier, Edmundston; Northumberland, W. C. Gallows, Chatham; Queens, Isaac Baird, Chipman; Restigouche, Henry McIntyre, St. John; St. John, R. R. Pathe, St. John; Sunbury, Ernest Burpee, Magalloway; Westmorland, F. B. Henderson, Andover; Victoria, J. F. Riley, Melrose; York, L. T. Hoyt, Prince William.

Resolutions.
The following resolutions were passed:

Resolved that the county vice-presidents of this association take into consideration means by which destructive diseases may be eliminated as far as possible, that the different agricultural societies be asked to assist, that if it was thought advisable the agricultural societies should petition their respective municipalities to enact by-laws to the conditions of the different localities. It is further resolved that copies of this resolution be sent to each county vice-president.

Resolved that in this crisis of the world's affairs, when both provincial and federal governments are urging the farmers to increase production, which all farmers are loyally willing to endeavor to the extent of their ability, and when you are doing so you find that the expectation is of a light color, but soon becomes copious and of purulent character.

You have, no doubt, awakened up in the morning and have had to cough half a dozen times before you could raise the phlegm from your bronchial tubes, and when you do succeed in doing so you find that it is of a yellowish or greenish color, and you get some relief right away. When this happens to you, you may rest assured that you have a touch of bronchitis, and if not cured immediately it will sooner or later develop into pneumonia or some other serious trouble.

Cure the cold, and thereby prevent bronchitis and pneumonia taking a hold on your system.

This can be quickly done by the use of Dr. Wood's Norway Pine Syrup.

Mrs. Rebecca Hare, Mahone Bay, N.S., writes: "My little boy, aged six, was always troubled with bronchitis, and when he had whooping cough he was worse. Doctors advised me to use Dr. Wood's Norway Pine Syrup. It gave him instant relief, and positively cured him." Price, 25c and 50c. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

NO GRITS IN
SIGHT TO LAY
ANY CHARGES

Commissioner considers investigation which opened yesterday does not seem to appeal to Veniot-Carter clan.

Special to The Standard.

Fredericton, Mar. 11.—The Provincial Government will not stand on the plain rules of evidence in the investigation into the provincial departments which was formally opened this morning. This was plainly indicated by Attorney-General Baxter in the few remarks he made during the brief session of the court.

Commissioner Chandler, who had been appointed a commissioner to investigate the departments of the provincial administration opened his court in the newly furnished committee room in the Parliament buildings shortly after ten o'clock.

They were present at the time Attorney-General Baxter, Hon. Dr. Landry, provincial secretary, Hon. John Morrissey, chief commissioner of public works; Hon. J. A. Murray, commissioner for agriculture; Hon. John E. Wilson, president of the executive council, and H. M. Blair, secretary of the public works department. If Mr. Veniot, Mr. Carter or others who have made insinuations regarding the provincial departments were at all interested in the proceedings they did not manifest it by their presence.

Commissioner Chandler read the warrant of his appointment and announced that he was ready to hear any charges against the administration of the provincial departments or against officials of any of those departments. If any person could bring such charges he would receive them and then adjourn the court to a time when hearing could be had. The hearing would be public. In addition to the hearing of charges he intended to conduct an investigation into his own into all departments of the administration, for it was the desire of the government to facilitate the investigation in every way possible. "We do not intend to stand on the strict rules of evidence, but if any person has reason to believe that there is anything wrong in any of the departments, although he may have no knowledge himself which will bear out his belief he will be welcome to communicate his belief or what he has heard to the commissioner and every facility will be given for the complete probe of any such reports. Even if there is but a suspicion of wrong the government will be glad to have that suspicion communicated, so that persons who may have knowledge may be summoned to appear. We will not be bound by the strict rules of evidence, but the commissioner has authority to use any methods he may deem to be in the public interests. If there are any charges or beliefs or suspicions now is the time to make them known."

As nothing appeared to be forthcoming, Commissioner Chandler announced that he would adjourn the hearing until ten o'clock tomorrow morning when, if it would be possible to hold a session one would be held and if he had anything to work on the public investigation would be proceeded with. The departmental enquiry will be commenced later.

Resolved that the New Brunswick Farmers' and Dairymen's Association recommend to the Provincial Department of Agriculture the necessity and desirability of the effecting of an organization in each county in the province that will bind together more closely the various societies representing the agricultural interests of the respective counties.

Further resolved that this association appoint a committee to act with the representatives of the department in the arrangement of the details connected with such a system of organization.

Resolved that the county vice-presidents of this association take into consideration means by which destructive diseases may be eliminated as far as possible, that the different agricultural societies be asked to assist, that if it was thought advisable the agricultural societies should petition their respective municipalities to enact by-laws to the conditions of the different localities. It is further resolved that copies of this resolution be sent to each county vice-president.

Resolved that in this crisis of the world's affairs, when both provincial and federal governments are urging the farmers to increase production, which all farmers are loyally willing to endeavor to the extent of their ability, and when you are doing so you find that the expectation is of a light color, but soon becomes copious and of purulent character.

You have, no doubt, awakened up in the morning and have had to cough half a dozen times before you could raise the phlegm from your bronchial tubes, and when you do succeed in doing so you find that it is of a yellowish or greenish color, and you get some relief right away. When this happens to you, you may rest assured that you have a touch of bronchitis, and if not cured immediately it will sooner or later develop into pneumonia or some other serious trouble.

Cure the cold, and thereby prevent bronchitis and pneumonia taking a hold on your system.

This can be quickly done by the use of Dr. Wood's Norway Pine Syrup.

Mrs. Rebecca Hare, Mahone Bay, N.S., writes: "My little boy, aged six, was always troubled with bronchitis, and when he had whooping cough he was worse. Doctors advised me to use Dr. Wood's Norway Pine Syrup. It gave him instant relief, and positively cured him." Price, 25c and 50c. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

ITCHING BURNING
OF ECZEMA INTENSE

Began on Child's Face. Spread all Over Head. Pimples Would Fester and Break Like Boils. Cuticura Soap and Ointment Healed.

Elmer, Sask.—"My little boy had eczema when he was about a week old. It began on his face and spread all over his head. It was in pimples and they would fester and break like little boils all over his head, but were like rash on his face. The eczema was very itching and the burning was intense; it made him so restless he could scarcely sleep.

"I tried several ointments and salves and they seemed to do very little good so I tried Cuticura Soap and Ointment after he had been sick about a month. When I used Cuticura Soap and a few applications of the Cuticura Ointment I noticed such a difference. He was able to sleep and his face began to get a new skin on it. I kept on using them for three months, and two cases of Cuticura Soap and three boxes of Cuticura Ointment cured him." (Signed) Mrs. A. F. Thayer, July 13, 1914.

Samples Free by Mail
Cuticura Soap and Ointment do so much for pimples, blackheads, red, rough and itchy skin, itching, scaly scalp, dry, thin and falling hair, chapped hands and chapped faces, that it is almost criminal not to use them. They do even more for skin-tormented infants and children. Although sold by dealers throughout the world, a liberal sample of each will be mailed free, with 33-p. Skin Book. Address post-card "Cuticura, Dept. D, Boston, U. S. A."
