

members must retire, being eligible, however, for re-appointment or re-election.

The function of the Senate is the general administration of the University. Section 39 of the Federation Act gives it power to make statutes in reference to various particular matters, and "in general for promoting the purposes of the University, and touching all other matters whatsoever regarding the same or the business thereof; or for any purpose for which provision may be required for carrying out this Act according to its intent and spirit, in any case not herein provided for."

With regard to the Chancellor and Vice-Chancellor, although in function the latter is merely the deputy of the former, their election proceeds from totally different bodies. The Chancellor is the representative of the whole body of graduates, while the Vice-Chancellor is the Chairman of the Senate elected from actual members of the Senate on occasion of its inaugural meeting after a triennial election, and ceasing to hold office when the Senate by whom he was elected is dissolved.

#### IV. CONVOCATION.

Convocation consists of the whole body of graduates of the University, in all faculties. Except indirectly, no part of the management of the University can be exercised by it as a whole. It elects the Chancellor, and, in divisions according to faculty, it elects members of Senate as its representatives in Arts, Medicine and Law. Any question relating to University affairs, may be discussed by it and a vote taken, but the result of such discussion is only communicated to the Senate for action to be taken thereon.
